WEDDINGS

A pretty wedding was celebrated yesterday morning at St. John's Baptist church, when Rev. Dr. A. W. Meahan united in marriage Miss May Fournier, daughter of Joseph Fournier, of 289 Britain street, to Tullis Petrie, a former member of the 26th Battalion. The bride was given away by her brother, August Fournier, and was attended by her sister, Miss Georgina Fournier, while the bridegroom was attended by Edward Fournier. A wedding breakfast was served at the home of the bride's parents. Mr. and Mrs. Petrie will reside at 289 Britain street.

Curry-Bettinson.

The marriage of Miss Florence May Bettinson, daughter of the late Mr. and Mrs. W. Bettinson, formerly of this city, to James P. Curry, took place recently in Gardiner, Mass. Rev. Mr. Kincaid, of Gardiner, officiated in the presence of friends. Mr. and Mrs. Curry left for Boston on their wedding trip. They will reside in Gardiner.

Steeves-Warren.

The home of Mr. and Mrs. Alvin McCoy Hamilton, Ont., was the scene of a quiet wedding, when Rev. S. Edwards of the Barton street Methodist church, united in marriage Miss L. Pearl Warren of Hamilton, and William Steeves of Misspec, St. John County. The happy couple left immediately after the wedding for St. John, where they will spend the winter, later making their home in Hamilton.

POSSESS GOOD HEALTH

By Looking After THE BOWELS

A free motion of the bowels, once or twice a day, should be the rule of every one, as half the ills of life are caused by allowing the bowels to get into a constipated condition. When the bowels are allowed to become constipated, the stomach gets out of order, and the liver does not do its work properly on account of holding back the bile so that it does not pass through the bowels, but is allowed to get into the blood, thus causing a poisoning of the whole system.

If you would escape constipation, sick and bilious headaches, heartburn, floating specks before the eyes, coated tongue, foul breath; the nasty irritating, bleeding itching and protruding piles, you should keep your liver stirred up by the use of Milburn's Laxative Liver Pills.

These pills, being purely vegetable, keep your liver working actively, helping it to resume its proper functions, and thereby removing the bile that is circulating in the blood and poisoning the whole system.

Mrs. H. Barrow, Enfield, N. S. writes:—"I was troubled with sick headaches and constipation. One day a friend told me of Milburn's Laxative Liver Pills. I got two vials, and found they did me a world of good. I therefore have great faith in them." Milburn's Laxative Liver Pills are 25c. a vial, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PRESENTATION TO BAPTIST MINISTER

Hoyt Station, Nov. 10.—An interesting and enjoyable social evening was held at the home of Mr. and Mrs. W. H. Kirkpatrick, Mansfield, N. B., on Saturday evening, when more than a hundred invited friends and associates met at a surprise party in honor of Rev. W. J. Richardson. A noted feature of the evening was when Mr. W. H. Kirkpatrick, on behalf of the guests, presented Mr. Richardson with a purse of gold, also referring to the happy relations existing between minister and the people of all denominations in the community, and the great esteem in which Mr. and Mrs. Richardson are held. Although taken by surprise, Mr. Richardson made a fitting reply. Mr. Kirkpatrick was then tendered a vote of thanks for his splendid entertainment. Mr. Kirkpatrick, in a few chosen words, thanked them and made mention of the fact that it was the first party ever held at his home. "For He's a Jolly Good Fellow" was sung, then the guests departed.

HATS OFF!

To King Edward School, South End. They are raising funds among the teachers, pupils and parents for a new piano. Give them 12p.

To Corona Candy Co., Union Street. Have spent over \$2,000 in a motion picture of their modern plant in operation. Showing it everywhere. Did not forget sister industries here either.

To the Knights of Pythias who have subscribed enough to make over the Congregational Church into a community centre and fraternal headquarters. Pythiasism is just humming now.

To His Worship, Mayor Schofield, who stuck to his idea of observing Armistice Day. St. John is apt to be half-hearted over these inspirational things. Our new Mayor is a whole Winghamhouse plant, let alone a mere dynamo.

To those patriotic nurses whose lamping party sale the other day started a fund for a memorial to heroic Nursing Sister Anna Stawara of St. John who was sacrificed in the "Llandovery Castle" submarine crime.

To that steady-blooding, efficient and gentlemanly young man who carries out the instructions of H. E. Gould, botanical and tree expert for the city. No single person in town is doing more with his hands and common sense to make St. John a better place in which to live—as far as looks go anyway.

To those occupiers of large buildings on principal streets who have the good sense and housekeeping trait to have the window cleaners make their glassy fronts clean and bright before the first cold snap freezes the grime and rain-slag. Once Jack Frost butts in good night. Clean glass boosts a town.

To Manager Leonard Young of the "Dumbells" soldier entertainers—he was played the Duchess in the concluding skill. He refused to take a \$57 check for admitting convalescents from the Military Hospital, Lancaster. The Imperial manager tipped him off but had no authority to "deadhead" the boys since it was percentage proposition. "The Duchess" left a perfectly good leg over in France "herself."

Council Authorized Large Bond Issue

City Will Place \$633,219.53 of Bonds on the Market—To be Sold Over Counter.

The City Council yesterday authorized bonds to the amount of \$633,219.53 for various city works which have been undertaken during the past year and equipment for some of the departments. During the passing of the issues, Commissioner Bullock took exception to any but himself moving for a bond issue for anything connected with his department, and the mayor said in future he would see that a copy of the proposed bond issue was furnished to each commissioner before it was brought to the council. The mayor, chamberlain and comptroller were authorized to arrange for the sale of the bonds over the counter. Commissioner Frink was able to announce a reduction in the estimate for City Road and Prince William street paving. In the City Road matter he was able to ask for \$9,502.30 less than was estimated for the cost, and in Prince William street for \$12,269.95 less than expected.

Commissioner Bullock Objects.

The item which aroused the ire of Commissioner Bullock was one of \$2,000 for piling for the ferry approach. He wanted to know by what right any but himself brought a matter pertaining to the harbor department to the council and asked for a bond issue. He was informed that he himself introduced the legislation calling for the expenditure, which had been met out of general revenue, and now the bonds were to be issued to get it back.

The mayor assured the commissioner that in future each commissioner would be furnished with a list of bonds to be issued and he could check them up before the matter came before the council. Commissioner Thornton was given authority to pool the unexpended balances in the police department.
