Federal Grant Will Be \$24,500

To be Spent in Addition to the Provincial Appropriation

Government Indicates How it is to be Expended—Cabinet Ministers Planning to Leave Ottawa for Business and Pleasure.

Ottawa, June 8.—The minister of agriculture, acting on the advice of C. C. James, ex-deputy minister of agriculture for Ontario, who has been engaged by the government to administer the annual grant for aid to agriculture under the vote of \$10,000,000 passed this session, has announced the details as to the spending of the money this year.

The total appropriation to be distributed among the provinces during the current fiscal year is \$20,000,000. Ontario's share on the per capita basis is \$175,781; Quebec, \$189,452; Nova Scotia, \$84,288; New Brunswick, \$24,500; British Columbia, \$27,284; Manitoba, \$81,780; Saskatchewan, \$24,396; Alberta, \$26,694.

Half of the appropriation for each province is to be paid over at once as soon as the agreements are signed by the respective provincial ministers of agriculture. The balance will be paid as the provinces need it, on the basis of the amount of the money for the purposes specified.

It is provided that the aid given to the provinces shall be supplementary to the agricultural votes now made by each province and shall not in any way curtail present grants by the provinces.

The major portion of New Brunswick's grant this year is to be devoted to the following purposes: Horticulture, \$4,500; dairying, \$4,500; agricultural instructions in rural schools, \$2,000; demonstrations in seed selection and cultivation, \$8,000; agricultural meetings, stock and seed judging, \$8,000.

Cabinet Ministers' Plans.

The cabinet ministers are arranging, in most instances, for a prompt exit from the capital and will combine business with pleasure in various trips throughout the Dominion.

Hon. Robert Borden will leave for Winnipeg in a day or so and, after some time there, will go through to the Pacific coast looking after public works requirements, including arrangements for constructing the proposed new government grain transfer and terminal elevators at Moose Jaw, Saskatoon, Calgary and Vancouver.

Hon. W. T. White will also shortly leave for a trip through the west.

Hon. Col. Hughes will spend the next month accompanying Gen. Ian Hamilton on an inspection trip of militia training camps. The minister of militia will visit the camps in eastern Canada during the next two weeks and will then proceed to western Canada, going as far as the coast.

Hon. Frank Cochrane will leave in a few days for an inspection trip over the Intercolonial.

Premier Borden will remain in Ottawa until the end of the month. It is altogether probable that he, in company with Hon. J. D. Hagen, will go to London this summer to resume negotiations with the admiralty.

IMPRESSIVE SCENE AT GENERAL ASSEMBLY—Church Union Debate Begins.

Toronto, June 8.—Possibly the scene presented Saturday at the meeting of the Presbyterian General Assembly, was one of the most unique in the history of the church. There was a phalanx of young men admitted to the ranks of the church from the Presbytery of Winnipeg, nineteen in number, who were all Ruthenians.

The occasion was one of the most impressive witnessed since the remarkable series of meetings in connection with the congress and assembly began.

The subject of church union was introduced by Rev. Dr. Duval, of Winnipeg, who made a stirring speech in favor of it, but the discussion was adjourned. There was no session of the assembly today.

\$90,000 OYSTER COMPANY GETS OTTAWA CHARTER

Ottawa, June 8.—In view of the provincial legislation, New Brunswick will be interested in the incorporation of the Shenogue Oyster Company, with a capital of \$90,000 and head office at Great Shenogue (N. B.). The company has authority to raise and handle oysters. There will be particular interest in the fact that the incorporators are Richard O'Leary, of Richibucto; M. G. Siddell, Port Elgin; Matthew Lodge, Moncton; W. F. Humphrey, M. P. P., and P. G. Mahoney, M. P. P.

PROVINCE NEEDS MORE PROTECTION AGAINST FIRES

Former New York Commissioner Sees Danger in New Brunswick

TOP-LOPPING LAW

Forestry Expert Thinks Lumber Areas Have Already Suffered from Destructive Fires—Patrol System Needed.

Monday, June 9.

James S. Whipple, of Salamanca (N. Y.), and formerly commissioner of Forest and Game of New York State, is in the city and is at the Royal Hotel. Mr. Whipple has just returned from a trip to Plaster Rock and in conversation with a Telegraph reporter last evening said that from his observations while passing along the line of the Transcontinental Railway he thought that fire protection would be one of the greatest needs of the province at present.

Along this line, he said, was a great deal of inflammable timber, and there was grave danger indeed if this was not properly guarded. The problem of the lumber supply of the world was becoming serious, and fire was the greatest enemy of the lumberman. The cost of a proper system of fire protection was only one cent an acre, and in every well wooded land should be established observation towers and watchers, who would patrol certain areas carefully during the dangerous seasons.

The gravity of this danger is not fully realized by the people, Mr. Whipple said, as would be if they knew that in the mountainous country if the woods were depleted, rich fertile land would be practically be transformed into desert, many cases of such having happened in the past.

New Brunswick because of its soil and timber supply was better adapted to a natural growth than New York State, Mr. Whipple continued, but it could be readily seen that the province had suffered several times from fire by the quantity of white birch and poplar trees, which because of their peculiar seed and its carrying qualities, followed every fire.

One other great necessity is a lopping top law, by which the lumbermen are compelled to lop the tops, so that in cutting trees, the tops will lie flat on the ground, and decay quickly without the present haphazard system they will lie on the ground for perhaps a quarter of a century forming a constant source of danger if not removed.

"Always behind the lumberman comes fire," Mr. Whipple concluded.

SALISBURY

Salisbury, N. B., June 6.—Misses Louise Trites, Helen Barnes and Lloyd Taylor, students at Mount Allison University (N. B.), are home for the holidays.

Mrs. J. B. Champion is in Sackville this week attending the meeting in that town of the Prince Edward Island and New Brunswick Methodist women.

Salisbury friends received invitations this week to the wedding of Miss Dora Cochran and Ernest Lewis, which will take place on Wednesday, June 26, at the home of the bride's mother, Mrs. Elizabeth Cochran, at Lewis Mountain (N. B.).

Rev. P. G. Fraser, who is called to Chertsey, Albert county, on Thursday afternoon to conduct the funeral service of the young child of Mr. and Mrs. Fredrickson, who died of pneumonia while on duty there. His little family came out from England a few months ago and purchased the farm lately occupied by Anson Miller.

One of the young English farmers who recently settled here had a rather expensive runaway yesterday. He was driving a young horse in a carriage near the railway station when the animal became frightened of an automobile and ran away. The animal was caught about a mile out the line and was considerably scratched up but not seriously injured. The carriage and harness were pretty badly wrecked.

GAGETOWN

Gagetown, June 6.—Martin Fox, of the teaching staff of Mount Allison Academy, and J. H. Palmer, student Mount Allison College, are at home for the summer vacation.

The Misses McLennan and Cameron, of St. John West, who were guests of Miss Greta Rubin, have returned home. Allan and Adrian Gilbert, students at the U. N. B., are also at home.

Rain has been so frequent in this locality that it is no doubt that the crops are greatly interrupted and there is yet very little done.

Mr. and Mrs. Thos. Corbett are removing from here to Welsford.

HARVEY STATION

Harvey Station, June 4.—Farming operations are being much retarded by the cold wet weather and on some farms very little seed has been got into the ground and the cattle pastures are reported to be in a very backward condition.

On Monday forenoon a violent wind storm accompanied by a deluge of rain swept over this section. Fences were leveled in many places and some trees uprooted. A large barn at Smithfield belonging to James Basena was unroofed and completely wrecked by the wind.

Thos. O. Harvey, who with his wife and family have resided here for about four years, are removing to Westfield, where he has been appointed C. F. B. section foreman. During their stay here Mr. and Mrs. Harvey have made many friends and will be much missed.

Mr. H. B. Macdonald, of Kentville (N. S.), with his child, is visiting her mother, Mrs. T. Robinson, at Robinson's Hotel.

HOPEWELL HILL

Hopewell Hill, June 6.—The steamer Maia, the second of the deal fleet, left today for Great Britain with deals shipped by J. Nelson Smith. Nelson's steamer is due at Grindstone Island on the 20th inst.

Avery Newcomb, who has been visiting his home at the Cape, has returned to St. John.

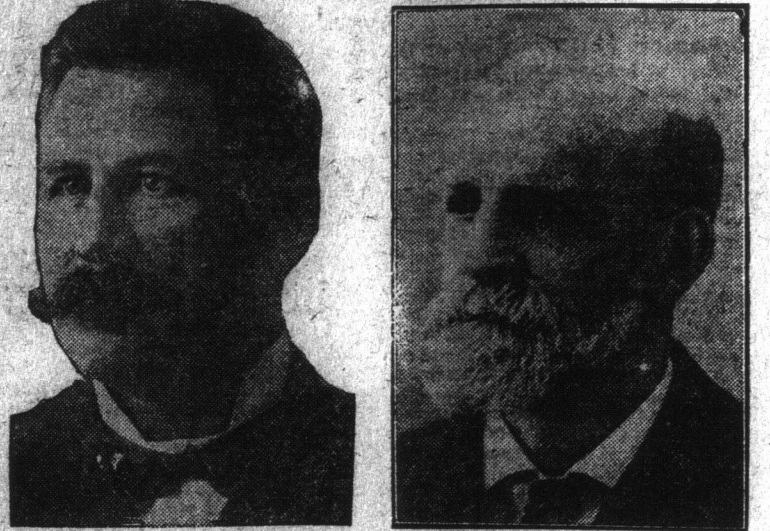

Wm. F. Beaumont will run the Hopewell Cape-Dorchester ferry by special permit pending the appointment of a permanent at the next session of the county council. The body of Captain Donville, who was drowned two weeks ago, has not been found.

The Crooked Creek drives are now within a short distance of the booms. Schooner Friendship is carrying hardwood deals to St. John.

Miss Reta Fowles, who recently received a diploma in voice training at Acadia, is at her home at Hopewell Cape.

Five cents' worth of tartar emetic, mixed with an equal amount of sugar, moistened and placed where the ants are, will drive them away.

PROMINENT FIGURES AT PRESBYTERIAN CONGRESS

Hon. J. K. Fleming, Premier of New Brunswick, who evaded a subpoena in order to attend the Congress. A Bench warrant was asked but was refused.

Hon. James D. MacGregor, Lieutenant Governor of Nova Scotia, one of the Lay Leaders of Presbyterianism in the Maritime Provinces.

for foxes decrease?" Mr. Taylor was asked.

"In my opinion," he said, "it will be at least 25 years. All the markets of Canada are to be supplied, those in the United States, and there is Russia, in all of which places ranches are starting up. With these conditions in mind it will not seem unreasonable that we place 25 years as an estimate for some decrease in price."

"The effect on the island has been that some of the capital which was formerly employed in agriculture has been diverted to fox breeding. There has been a great amount of wealth added to Prince Edward Island since this industry started, and the Garden of the Gulf has been benefited."

During the last week or two several black fox companies have been incorporated with headquarters in this province.

If a coat of thin white paint is put on the ordinary wire screen, those outside may look out, but outsiders cannot see in to the room.

SPECIAL ADVICE FOR MEN

Vitality Restored By New Method

The little book described below (which I gladly send free, sealed by mail, to any young or elderly man, say, everywhere, where) contains in its 88 beautifully illustrated pages everything a man needs to know with regard to certain strictly personal subjects, and as a guide through his entire life, from the delicate period of youth, when whole-some advice is most needed, on through early manhood to a ripe, vigorous old age. Over a million of these books have been distributed below.

Manly Men Are the World's Power Today

me all over the world. Therefore, please use coupons below and get YOUR free copy by return mail. SANDEN CO. DISTRIBUTORS.

Do you know, my friends, that there is a wonderful new way to apply a certain great natural FORCE to your body, and by which you may, without effort, trouble or inconvenience, treat your own self in the privacy of your home for debility and lost vitality, without using a single drug or medicine? This great FORCE, as a restorer of vitality and as a means to overcome those weaknesses which result from indolence and unnatural practices, is today being used all over the civilized world, and I give it as my honest opinion, based upon a vast observation and study, that many a man, who leads a decent, manly life and who applies this marvelous FORCE in a scientific and rational way, can without employing a single drug, be restored again to a state of perfect, rugged health and vigor, without a remaining ache, pain or weakness.

As we all know, these various weaknesses handicap a man in every condition of life, while on the other hand, a perfect specimen of vigorous, lusty manhood is ever admired by both women and men alike, while, of course, it is certainly only such a man who can attain the really great successes of life. Therefore, I say to you, no matter what your age, whether you are small or large, no matter what your occupation, no matter whether you are a college graduate or working on a farm or in the factory, no matter whether you are young or elderly, it is all a question of your vigor and your vitality, and if I can give you a good, abundant supply of this same great power or VITAL FORCE, then it is easy to believe that I can completely restore your vigorous health, can overcome the evil effect of past indolence so you will be exactly the same in your influence over people, exactly the same in your many bearings as other manly, strong-nerved, warm-blooded fellows of your acquaintance.

With an idea of attaining all this for you, I recommend you to investigate a simple little VITALIZING APPEALANCE of my invention, which I am now sending out in great numbers for use by men everywhere, who need new manly strength. This little VITALIZER is very light, weighing only several ounces, and can be worn without any one suspecting that you are wearing it. You buckle it on your body upon going to bed and take it off in the morning. Thus while you sleep it sends its wonderful power, which I call VITALITY or VITAL FORCE, into your blood, nerves and organs. Use it as it takes pain and weakness out of the back from one application, and further say 60 to 90 days' time is sufficient to restore a state of health, strength and vigor. I am not offering this VITALIZER here for sale, but want you to first send for my book that you may learn all about the whole wonderful subject, and why I get such quantities of testimonials from users everywhere telling of results after drugs completely and utterly fail.

NOTE—With special attachments my VITALIZER is used by women as well as men for rheumatism, kidney, liver, stomach, bladder disorders, nervousness and general ill health. Please write for book today, or, if near by, I should like you to call. Hours—9 to 6, Sundays excepted.

Use Coupon; Get Free Book

Remember, the little illustrated book which I send free, sealed by mail, as per coupon below, not only fully describes my VITALIZER, telling of a special offer by which you may get one on special terms for use in your own case, but contains a great fund of private advice for men, some good whole-some counsel, and a lot of general information that might be of value to you to the end of your days. Therefore, please write or call.
