FOR PURIFYING THE BLOOD, nothing has ever been offered which can compare with this Extract of Sarsaparilla. It is found a great promoter of health, when taken in the spring, to expel the humors that rankle in the system at this season of the year. Many complaints have their origin in the spring, and in the causes above mentioned, for which no better remedy has ever been devised. By its use multitudes can spare themselves from the endurance of foul cruptions and ulcerous scresthrough which the system strives to rid fixelf of corruptions, if not assisted to do, this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimplee, cruptions, or sores; cleanse it when you find it is obstructed and alugish in the veins; cleanse it when you find it is obstructed and alugish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people en joy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Prepared by DR. J. C. AYER & CO.
