### Ottawa-Prescott Section Is First

FIRST TENDERS TO BE CALLED IN TWO WEEKS.

Toronto, Jan. 22.—Contracts to be called for in the near future by Hon. Finlay MacDonell, minister of public works and highways, it is understood, cover a construction program for the session of about 100 miles of highway of a substantial type.

The first contracts will be advertised within the next two weeks and will provide for the construction of the Ottawa-Prescott highway, over a distance of about 50 miles. The other contracts to be awarded later will provide for the construction of short sections at various points along the main province highways from east to west.  
"The highways department, however, will have men out over practically the whole highway this summer," stated W.A. McLean, deputy minister of highways.  
Preparatory Work  
Much of the work to be done, resistance outside the smaller cities apart from that covered by they contracts, will be of a preparatory character and in the main the construction will be for actual construction of culverts, etc., being done by Government men.  
The type of construction over the big highway will vary according to local requirements and the proximity of road building material. One either side of the big municipal highway will be for concrete where suburban traffic is exceptionally heavy and for macadam or some other type of construction where the smaller cities

The body of an American military policeman has been found in Paris suburbs with wounds indicating that he had been murdered.  
The taking over of the highway makes it necessary for the highway department to make arrangements for exercising supervision over traffic. It is expected that provincial officers will be stationed on the highway to see that the speeding is kept within bounds. This service will not mean added expense since the experience on the Toronto Hamilton highway is that fines collected from motorists exceeding the speed limit easily cover the cost of policing dealers.

### THE PEARL.

The Sunbeam said to Moonbeam: Meet me at dawn on the sea. And over the waves of the water I shall tell you and you tell me, What on earth we encountered, I in the daylight bright, You in the slumbering hours, In the darkness of the night.

And then they passed: The sunbeam said, the moonbeam west, The one to work, the other to rest. And they met again in the early light, When together came the dawn and the night. And told each other where they had been, And told each other what they had seen.

The sunbeam said: I saw the joy, as the mother awoke

CATARRH OF THE STOMACH IS DANGEROUS

"Thousands Have It and Don't Know It!" Says Physician. Frequently Mistaken for Indigestion—How To Recognize and Treat

"Thousands of people suffer more or less constantly from furred, coated tongue, bad breath, sour burning stomach, frequent vomiting, rumbling in stomach, bitter eructations, gas, wind and stomach ache, bitter eructations, gas, wind and stomach acidity and call it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

Catarrh of the stomach is dangerous because the mucous membrane lining of the stomach is thickened and a coating of phlegm covers the surface so that the digestive fluids cannot mix with the food and digest them. This condition soon breeds deadly disease in the fermented unassimilated food. The blood is polluted and carries the infection throughout the body. Gastric ulcers are apt to form and frequently an ulcer is the first sign of a deadly cancer.

In catarrh of the stomach a good safe treatment is to take before meals a teaspoonful of pure Bismarck Magnesia in half a glass of hot water as hot as you can comfortably drink it. The hot water washes the mucous from the stomach walls and draws the blood to the stomach while the bismarck magnesia is an excellent solvent for mucus and increases the efficiency of the hot water treatment. Moreover the Bismarck Magnesia will serve as a powerful but harmless antacid which will neutralize any excess hydrochloric acid that may be in your stomach and sweeten its food contents. Easy, natural digestion without distress of any kind should soon follow. Bismarck Magnesia is not a laxative is harmless, pleasant and easy to take and can be obtained from any local druggist. Don't confuse Bismarck Magnesia with other forms of magnesia, mild, citrate, etc., but get it in the pure bismarck form (powder or tablets), especially prepared for this purpose.

## PEPS

with a kiss her boy. And I saw the love in the maiden's eyes. And it made me tingle, way up, in the skies, And I saw success in the face of man. As strong and happy, his work he began. Wherever I went, wherever I came, The singing and laughter were the same.

And then the Moon: You saw the light; But mine came from the darkness of night. The silent prayer, the hopeless sigh, The look in the dark, out of tearless eyes. From aching breast, the trembling fears, From breaking hearts, the endless tears. And he showed the sunbeam a crystal clear, Which he had found,—a human tear.

And they mixed together, the tear of the night, And mine came from the darkness of night. With the sunbeams story of joy and light, And wondered what the mixture may be: But it slipped their hands and dropped in the sea, And in the waters churning and swirl, Was thus created the wonderful pearl.
