## Breathing Disease.

Infectious diseases are breathed into the system from those affected with disease or from bad smells; yet how many women breathe daily the offensive steam from common soaps made from rancid fats, and keep their hands for hours in such solutions, and the clothing from such soaps ends is worn next the tender skin. No wonder disease and eczema are prevalent! Users of Sunlight Soap—Octagon Bar—know the difference between that and the pure, healthful smell from the vegetable oils and pure edible fats in Sunlight Soap.

## Proof Against Lightning

Tested by the big devastation of the Westover, which was exposed to the full force of electric storms.

### EASTLAKE SHINGLES

GALVANIZED OR PAINTED

give absolute satisfaction and perfect protection from lightning.

If you use them on all farm buildings, you will have the same security.

They are moderate in price, easy to apply, and very long-lasting.
