OSAP Appeal Clinic

The York Student Federation will be sponsoring an appeal clinic for students in need of advice regarding their OSAP assessment.

Several students who are well-informed about OSAP applications and the decision appeal process will be providing counselling services for students with questions about financial aid.

The main focus of the clinic will be to assist students whose needs may not be considered under the regular OSAP assessment formula.

Those students may have the basis for an appeal of their initial assessment. Clinic counsellors will aid students by providing information regarding what type of documentation students should accumulate prior to meeting with a financial aid officer.

The counsellors will also be available to answer any questions regarding the application process.

The clinic will be held on Mondays, Wednesdays and Fridays between September 29 and October 10, excluding Oct. 1.

Annita Antoniani

Speaking about the Student Centre

Attending York can be an exciting experience for new students although after only few weeks several things become increasingly apparent.

The first, and most annoying, is the lack of space. Crowded classrooms and crowded cafeterias, crowded libraries and crowded hallways all make our experiences more frustrating and difficult than should be the case.

Trying to find a place to sit down and have a cup of coffee and chat with friends or study is not a simple process at York.

Central Square is a joke. We are not allowed to stay in the cafeteria after eating and there are not nearly enough places to sit in the square itself.

This situation is one which the York Student Federation hopes to change. Throughout this past summer Robert Castle, our summer researcher, and I have been hard at work investigating student centres in Ontario to find out what York is missing. It's amazing to see universities less than half our size with facilities doubling the ones we are forced to endure.

It's time for a change at York. I'm asking for your input to find out just what the students at York want and need in a student building.

Please drop off any suggestions to my office in 105 Central Square. Your participation is crucial.

The choice is ours -- the choice is clear.

Support the
YORK STUDENT CENTRE

Yours truly,

Gerard Blink
President,
Council of the York Student Federation

REEL AND SCREEN
