No. 1678

No. 1678. Your telegram of September 30th, No. 1527, offer of firemen. United Kingdom Government have asked me to say that they warmly welcome generous suggestion of Canadian Government and are most anxious to take advantage of this. It is not thought immediate action is necessary, as authorities here are now receiving re-enforcements from trained firemen in military forces. It is suggested that detailed arrangements should be discussed between this office and Home Office, and these discussions are being entered into at once and cover points mentioned in last sentence of your telegram under reference.
