MORNING.

Sleep not only rests, but builds up the body. Cut down the hours of sleep, and you cut down health in the same proportion. Rebuilding then ceases nerves go to smash, you grow tired, weak and wretched.

To restore sleep you must get more bodily strength, more nutritious blood, healthier nerves. Ferrozone solves the whole problem, makes you sleep soundly, gives endurance, vim, ambition. No more morning weakness—instead the fire of youth will run in your veins, supplying abundance of energy and vigor. Witchery expresses the instant effect of Terrozone; try it,

WHY DO WOMEN SUFFER! Such pain and endure the torture of nervous headache when 25c. buys a sure cure like Nerviline. A few drops in sweetened water brings unfailing relief. You feel better at once, you're braced up, invigorated, headache goes away after one dose. The occasional use of Nerviline prevents indigestion and stomach disorders—keeps up health and strength. Every woman needs Nerviline and should use it, too. In 25c. bottles everywhere.

SELL YOUR COLD FOR \$11

You surely, won't stop at a dollar bill to cure that horrid, sniffeling cold? Go to any druggist and get "Catarrhozone" and your cold will be a thing of the past. There is almost witchery in the swift way Catarrhozone kills colds. But when you consider the penetrating, healing and antiseptic qualities of Catarrhozone perhaps it's not so wonderful. Certainly there is no remedy half so prompt for colds and catarrh as Catarrhozone. Refuse a substitute and insist on having only "Catarrhozone."

The day predicted by Lord Kelvin when Niagara will run dry is brought nearer by the installation of two turbines of 10,000 horse-power each, by the Canadian Power Co., which is in friendly agreement with the chief American company, says the New York World. The additional power thus drawn is equivalent to a close-corder procession of two-horse wagons, 40 miles long. In California electric power has been carried nearly 140 miles. At that rate Niagara may soon turn wheels in Syracuse, Rochester, Erie and Toronto, and possibly Cleveland, as well as in Buffalo. Ten companies are now equipped to divert about 10 per cent. of Niagara's power. When 20 per cent, is taken the American side of the fall will run dry. The Lockport power "grab" bill, defeated last year by the efforts of The World and other papers, is about to be again introduced in the Legislature. The State has spent over \$2,000,000 in buying the falls from their owners and in beautifying the surroundings, only to surrender them piecemeal, with value greatly enhanced by time, to corporations. Sixteen million people have visited the falls since the State park there was established. Even if the good of humanity demands that men should walk dry-shod where now Niagaxa runs, there is no reason why the millions which its power is worth should go as a gift to the capitalists that wait in legislative hobbies for legislative "plums."

Of the adult male population a chird are officials or soldiers. Miliarism is rampant everywhere, with the result that the white settler woolds German colonies as he would a plague.
