## PEAK AND CHASM

In whatever direction the Colorado tourist may choose by rail, if he go to the mountains his journey is a succession of glorious scenery, varying in the characteristics of placid beauty, grotesque ruggedness, and awe-inspiring grandeur.

Up the canons are stupendous walls rising perpendicularly, or gradually sloping back toward greater hills, or yet again, leaning forward above the chasm, as if threatening to come tumbling down—projecting great rocks that hang suspended over the train as it glides smoothly by—a panorama of wonders and grandeur such as belong only to the Rocky Mountains.

To enable people to reach Colorado without unnecessary expenditure of time or money, the UNION PACIFIC has put in effect very low rates and splendid train service from Missouri River to Denver. Accommodations provided for all classes of passengers. Full information cheerfully furnished on application to H. F. Carter, T. P. A., 14 James Building, Toronto, Canada, or to F. B. Choate, G. A., 126 Woodward Avenue, Detroit, Mich.

Refrigerators, screen doors, ice cream freezers, lawn mowers, hose, hammocks and bicycles. Full and fresh assortment at low prices. Geo. Stephens & Co.

## OPEN VERDICT RETURNED.

## RESULT OF THE ISLINGTON SHOOTING INQUEST.

James Sinclair Was Using Shotgun on June 15—Father Owns a Winchester—Contradictory Evidence.

Toronto Junction, June 25.—Nearly the whole male population of Islington and surrounding country crowded into Tier's Hall yesterday to hear the conclusion of the inquest conducted by Coroner Clendenen and a jury concerning the death of Alex. Chambers who was so mysteriously shot while at work with his employer, Wm. Hawkins, another laborer, Alex. Morton, on June 15. In the neighborhood suspicion had gained ground that Jas. Sinclair, who was shooting that morning, had fired the fatal shot. H. W. Maw, accompanied by High Constable Macnaman and County Constable Burns, were present, looking after the interests of the Crown. Jas. Sinclair, a young man 18 years of age, with his father, Christopher Sinclair, the village blacksmith, were attentive listeners to all the evidence.

Constable Burns produced the bullet which killed Chambers, and told about the tests made by a Toronto expert, Mr. Cashmore. The tests indicated that the bullet was of calibre, and that it was fired from a Winchester repeating rifle at a distance of 100 yards. Chris. Sinclair said his father owned a Winchester rifle, including a 44-calibre Winchester. James Sinclair admitted that he was out shooting that morning, but claimed that he had never fired a Winchester.

The inquest was conducted by Ralph Vichurst, who swore that on June 3 he saw James Sinclair with a Winchester rifle, and Sinclair had allowed him to shoot as well. On another occasion Vichurst was nearly shot while driving up over.

Albert Sinclair, the six-year-old nephew of James Sinclair, who said he saw his uncle start out to shoot on June 15. He had a gun like the Winchester produced in court. Christopher Sinclair claimed to have had his Winchester rifle examined by an expert. His report was that the rifle had been cleaned or fired off for several months.

The jury returned the open verdict that Chambers was shot by someone unknown to the jury.

The watch stolen from Frank Watts of the Peacock Hotel last Thursday has been recovered. Annie Moore, the young woman telephoned to a friend in London, and the watch was sent back to Chief Royce last night.

## PETER IS NOW KING.

Servia's New Ruler Crowned Amid Hearty Cheers.

Belgrade, June 25.—King Peter arrived here at 10 a.m. yesterday. He was received with great enthusiasm. The Ministers, Government officials, Judges, municipal and military authorities and leading citizens were assembled on the platform of the railroad station, which was profusely decorated.

The only foreign representatives who participated in the reception of the King were the Russian Minister, M. Tcharykoff, and the Austrian Minister, Herrar Dumba, with the members of their respective legations.

A procession was then formed, and the King proceeded to the cathedral. The streets were lined with troops and crowded with people who had been pouring into Belgrade from the provinces during the last day or two.

After the celebration of a Mass, which was attended with all the splendor of the Eastern Church, King Peter drove in state to the new palace. From the station the King was driven to the cathedral, which was crowded.

At the sound of cheering, signalling the approach of King Peter, the doors of the high altar were opened, and a solemn procession of gorgeously-robed priests and members of the choir emerged, preceded by incense bearers and followed by the venerable Metropolitan in brilliant apparel.

The procession halted at the main entrance of the cathedral, while the soldiers, drawn up in front of the building, at a word of command, greeted the King with loud cheers.

After the Mass the Metropolitan made a short address, eulogizing the new monarch, and praying for the King's power to rule wisely and well. The King kissed the Metropolitan's hand as a tribute of the temporal to the spiritual power, and the congregation burst into hearty cries of "Long live the King." It was evident that the new monarch was deeply affected by the ceremony.

## RIOTING AT RICHMOND.

Troops With Gatling Guns Are On Duty.

Richmond, Va., June 25.—While troops, who are under arms here in connection with a strike of street railway employees, were guarding the first cars from the east-end barns, a mob assembled and tormented the train. Captain Skipwith of Co. 71st Regiment, was shot in the leg. There was no real riot, but the troops were kept on duty.

Six men were wounded, two by gunshot, by Street Railway Company guards, who fired into a crowd of strike sympathizers outside the city limits. Two of them are seriously hurt, being peppered in the back with buckshot.

## TELEGRAPHIC BREVITIES.

## Frenchmen Fittingly Celebrate St. Jean Baptiste Day at Amherstburg—Picnic well attended.

Amherstburg, Ont., June 24.—The forty-ninth annual picnic and celebration of the societies of St. Jean Baptiste, in the county of Essex, was held here today, and in every way proved a great success.

In spite of the threatening weather, large crowds turned out from all parts of the county to honor the patron saint of the French-speaking people. A number of societies from Detroit attended in the afternoon, going down by special excursion on the Columbia.

Divine service was held in the morning, at which the large choir of St. Anne's Church, Detroit, assisted. Afterward the societies gathered at the agricultural grounds, where a patriotic program was presented.

N. A. Coste, president of the central colony of the societies, besides presiding over the meeting, addressed the gathering in their mother tongue. L. N. Castanier, of the Windsor customs, and Gaspard Pacaud, license inspector of North Essex, also delivered patriotic speeches.

Refreshments were served in a large tent by the ladies of the society, while the usual booths and attractions, prevalent at a county fair, were conspicuous. A number of banquets from Essex and Detroit furnished music during the day. This evening a grand musical concert was given in the Amherstburg town hall.

The society of St. Jean Baptiste was founded in the county of Essex in 1864. It had for its aim the preserving of the French language and customs that were at that time being very much neglected. The society, which originated in Sandwich, has since branched out into a great number of societies throughout the county, yet they have always retained the original custom of holding a monster joint celebration every year on June 24. The place of celebration is chosen each year by a special committee appointed for that purpose.

## QUIET WEDDING

A very quiet wedding was solemnized at the residence of Mr. and Mrs. Montague, Richmond street, last evening, when their daughter, Miss Agnes, was united in marriage to Robert Neil McEachran, of the Township of Harwich. The wedding ceremony which was conducted by the Rev. T. T. George, was witnessed by the immediate relatives of the bride and groom only. The nuptial knot was tied at 7.30 o'clock, after which the young couple repaired to their new home in Harwich.

The bride was dressed in white organdie and carried roses. Her sister acted as bridesmaid. The groom's gift to the bride was a beautiful ring set in garnets and pearls.

Both of the young couple are well known in the Maple City and very popular with their friends. Good wishes were extended from all who knew them.

## SHOULD DO SOMETHING

"I see where City Engineer Ed. Jones has established a yard for the city tools and implements on Adelaide street," remarked a well-known ex-alderman to a Planet representative this morning. "On Adelaide street, near Stanley avenue, in the middle of the road, is the city street scraper, which would be very dangerous on a dark night for anyone driving that way. I can't understand why the city does not procure a yard of some description for the tools. The street sweeper is out on the road on Wellington street and the other scraper is at the corner of Park and Centre Sts. It's disgraceful and the Council should do something."

## OLD RESIDENT GONE

The death occurred yesterday morning of Thos. Dollin, aged 68 years, at the homestead, about two miles and a half down the river. Deceased leaves a wife and a grown-up family of three to mourn his loss. Dr. Andrew, of San Francisco, and Will, at home, are sons, and Mrs. Fleming, of Raleigh, is the only daughter. Deceased was an old and esteemed resident of Dover, and well-known throughout the county.

The funeral will take place to-morrow afternoon from the homestead to Maple Leaf Cemetery at 2.30 o'clock. Rev. Dr. Battisby, of St. Andrew's Presbyterian Church, this city, will conduct the obsequies.

**BASEBALL**  
MILLER'S THIRD GAME.  
Roy O. Miller, of this city, who is pitching for Manchester in the New England League, made his first loss the other day. A Manchester paper in describing the game says:

Mr. Miller, from Chatham, doled out some wonderful work from the box in the way of strike-outs and keeping the batting record down, although he did occasionally allow the maroon-and-white clad strikers from the Spindlers city to hum their way to first. He wound himself up and unfurled him-grace of a gladiator with money in self with equal ease and 'with the his overalls. His speed cellars were chuck full, and his curve and shoot-bins were bursting from the harvest.

The seventh inning proved to be Manchester's hoodoo again, and Lowell scored two runs, enough to win the game. Miller pitched fine ball, and up to the seventh inning had not been found for the semblance of a hit. In that inning McLaughlin got first on

**DIMINISHED VITALITY.**  
Some people talk very flippantly about diminished vitality.

They don't stop to think that vitality is the principle of life—that it is that little understood something on which every function of their bodies depends. Diminished vitality is easily indicated by loss of appetite, strength and endurance, and Head's Sarsaparilla is the greatest vitality.

## UNDERWEAR COMFORT.

## LAOROSSE

The senior Lacrosse team were defeated in a practice game with the Intermediates, last evening, by a score of 9 to 5. Brackin was in goal for the Seniors and Chrysler played between the flags for the Intermediates. This last named player is a star and has great prospects before him. He stopped shot after shot from the Senior home. Tackaberry and Claude Brundage are coming fast and will soon qualify in the Senior team. The Senior team last evening consisted of a couple of home players, three defence men and the goal-keeper.

The Intermediates had the sympathy of the crowd and some one among the spectators suggested that they might have a chance against Wallaceburg when they come here.

## CRICKET.

Secretary J. W. Aitken, of the local cricket club, has received a letter from the Ridgetown club, asking for a game with a second team on the 3rd of July. The Chatham club will likely accept the invitation. It has not yet been decided whether or not the local team will go to Cleveland.
