"A THOUSAND THANKS."

Rev. M. E. Siple, of Whitevale, Ont., writes, July 24th, 1894:—"I had suffered indescribable torture for two years or more, that is at times, from dyspepsia. Fearful pain and load in my stomach, pain between shoulders, and sensation as of being pulled right into, in small of back. I dieted, used patent medicines, all no use. Your K. D. C., third dose, completely relieved me, and four bottles I believe, have cured me. A thousand thanks, I can study, preach, and do my work now with energy and satisfaction, as of yore."

Stained glass windows for Churches and dwellings are a highly important item in the decorative features of the edifice. Buildings are frequently spoiled by injudicious treatment of the ornamental glass. To arrive at a satisfactory result one must select a firm whose reputation stands highest in this line. McCausland & Son, 68 King St. W., Toronto, are the most experienced ornamental glass makers in Canada. They produce every style of art glass window known.

Rents are due to wash-day, unless you wash with Pearlina. It's the washing in the old way with soap and rub, rub, that makes the holes in your clothes. You can't get them clean without rubbing; you can't rub without wearing them out. A month of ordinary use won't make the wear and tear of one such washing.

Try a little Pearlina—without soap. The dirt comes out easily and quickly without rubbing. There's no need to drag it out by main strength—there's nothing to hurt your clothes, no matter how delicate. There's no hard work about it either. It's easy washing—both for the woman who washes and the things that are washed. It's safe washing, too. Pearlina removes the dirt, but won't harm anything else.

Beware of imitations. 186 JAMES PYLE, N.Y.
