CHAMPION EVAPORATOR

Not a single feature of the "Champion" Evaporator could be dispensed with and leave a perfect Evaporator. Durability, rapidity, and high quality of product, with saving of fuel, are its features. Our sectional pan system makes it easy to handle, and everlasting. Write for catalogue, state number of trees you tap, and an estimate of your requirements will follow.

IDEAL Woven Wire Fence MADE TO LAST

This fence is made to keep your live stock in and your neighbor's out. It will do this not only for this year and next year but for many years to come. To do this the fence must be strong and durable. The Ideal is both, because we use large gauge (No. 9) hard steel wire for both stays and horizontals, securing them with the "Ideal knot that will not slip." The wire is well galvanized, being tested thoroughly by us before being made into fence.

We cannot tell you all about it here, because we have much to say. If you are interested in fencing, write us for our illustrated catalogue. It shows a style for every purpose and tells you why the Ideal is the best value. Our catalogue also shows the Ideal all-metal farm gate. All that is necessary is to send us your address on a postal card. Do it to-day.
