GRAIN CRUSHERS, STRAW CUTTERS, ROOT CUTTERS.

For cuts of our Straw cutter and Root Cutter see Nov. and Dec. ADVOCATES. This cut represents our "Roller Process" Grain Crusher. Same in principle as rollers now used in the best equipped and most modern grist-mills. Will crush from 25 to 60 bushels per hour, according to sort of grain and power used. Is cheaper in first cost and to keep in running order than any other sort of crusher or grinder. No plates to renew every two weeks. Nothing about it to wear out within ten years. Perfectly built, of best material. No farmer who has one would be without it or exchange for any other more expensive machine. Save cost of grinding at mill and toll. Price, \$40 for ungared, and \$50 for geared machine. Correspondence solicited.

Look out for February ADVOCATE.

What Mr. Beyer says:

"Please accept my best thanks for the splendid seeds received from your firm. It would be a rather lengthy list if I should name all, but will say that amongst 35 first, and 3 second premiums awarded me at our fairs in Northern Indiana and Southern Michigan, 23 first premiums were for vegetables raised from your seeds. What firm can beat this?" AUGUST BEYER, So. Bend, Ind. Seed of this quality I am now ready to sell to every one who tills a farm or plants a garden, sending them FREE my Vegetable and Flower Seed Catalogue, for 1887. Old customers need not write for it. I catalogue this season the native wild potato. JAS. J. H. GREGORY, Seed Grower, Marblehead, Mass.

The Racer--Lance Tooth, Silver-Steel, Cross-Cut Saw

It stands without a rival and is the fastest cutting saw in the world. It has beaten the best Canadian and American made Saws 33 1/2 per cent. in every contest. Its superiority consists in its excellent temper. It is tempered under the secret chemical process, which toughens and refines the steel. It gives a finer and keener cutting edge, and will hold it twice as long as by any other process. We have the sole right for this process for Dominion of Canada. None genuine that are not like the above cut, with Registered Trade Mark, with the words "The Racer," and the Maple Leaf with our name. Price, \$1 per foot.

Caution.

Beware of Counterfeits. There are inferior Counterfeits on the market. They are intended to be sold at a high price upon the reputation of this saw. We will send to any address a saw exactly like any counterfeit, warranted equal in quality, or no sale, at 60c. per foot. Therefore do not be humbugged into paying a first-class price for a second-class saw. A fact to bear in mind, that if the material and temper are not of the very best quality, the shape of the teeth amounts to nothing. A saw, like a knife, will not cut fast without it will hold a keen cutting edge. We have cut off a 14-inch sound basswood log in eight seconds with this saw. Manufactured only by
