## Gossip.

At the annual meeting of the American Cotswold Registry Association, held in Chicago, it was decided that the regular appropriation to all state fairs and the Toronto exhibition be continued, and that the special prizes offered by the Association to the International Live-Stock Exposition be restricted to the sheep bred in North America. The receipts for the year amounted to \$2,769.60. The Association has a balance on hand of \$4,080.95. J. D. Brien, of Ridgeway, Ontario, is a director of this association.

An interesting survey of Orange Township, Iowa, was completed recently and the Christian Herald shows the results to be as follows: "The survey developed that of the 142 farm homes in the township all have newspapers and magazines; 125 have libraries, with an average of 100 volumes; 132 have telephones; 80 have pianos; 79 have automobiles; 76 have vacuum cleaners; 72 have furnace heat; 68 have power-washers; 63 have electric light; 57 have running water and 47 have bathrooms." This survey of the farm homes and the manner of living reveals high standards but many Canadian homes are now obtaining the conveniences necessary to comfort and recreation.

P. A. Thompson, Aberdeen-Angus breeder of Hillsburg, Ont., advises us that he now has on hand the strongest lot of young bulls he has advertised in years. He mentions four which are just past the year, three eighteen months' bulls, and one two-year-old, all of which are sired by his imported bull, Victor of Glencairn. These bulls are all from Mr. Thompson's own breeding cows, and represent the Pride of Aberdeen, Fair Maids. Several of the young bulls mentioned are from imported cows, and while none are in particularly high flesh, all have been well grown, and the majority of them are strong enough individually to have the best of herds. The 1918 bulls include eight calves and these, too, are all sired by Victor of Glencairn (imp.).
