ONE OF THE MANY UNSOLICITED TESTIMONIALS:

The Manitoba Cream Separator Co.,

Winnipeg, Man.:

Pigeon Bluff, June 3rd, 1903.

Sirs,—Five years ago I bought one of your Mikado Empire Separators, and although I have run the same steadily during that time, I have only expended the small sum of 15 cents for repairs up to date, and the Separator is running as smooth to-day as on the day I bought it, and if I had to buy another one I would buy no other but the Empire, being convinced it is the simplest and most durable as well as easily-turned Separator in the market.

Yours truly, (Sgd.) WM. A. NORQUAY.
