But that is only one side-the narrow, mate-Aariculture. rial one. It is not that death with which we have most to do. And from my inmost heart I pity the little children who are brought up with no The Farmer Boy. pleasant, ennobling thoughts of associations re-God's blessing rest upon him garding death -- whose young imaginations seize That sun-burnt farmer boy, fast hold of and retain all that is gloomy, and Whose footsteps ring with music chilling, and terrible in the thought. And eye is lit with joy ; The path for them from earth to Heaven may Upon whose check, sun-darkened, be a very short one. Is it wrong to teach them The rose of health he wears, that the great Father, who has covered the earth And whose clear gushing laughter with joy, and praise and beauty, has doubtles Hath not a sound of tears. made fairer that new home into which no sin shall ever enter ?. Shall not its pure life be as vi-What though in russet jacket, tal-its nobler interests as real as those amid And coarse and homespun shirt, which we dwell for a little while ? And with a hand toil hardened Is it not for the little children as well as for That hath a trace of dirt : our sakes that those blessed words were written And boots, so torn and battered, -" There shall be no more pain, and all tears His toes scarce keep within. shall be wiped away ? Whether the flowers sing or the waters bloom And hat, through many a cranny the leak that is sinking the ship. The sunbeams nestle in.

Up in the morning early

The sleek fat cows to bring,

With water from the spring

Where stands the ripened hav

The light from summer skies,

Or up the green slope toiling

Then far off to the meadow.

All ready to be gathered-

No wonder that he catches

As lovely and as peaceful,

To tremble in his eyes ;

And every flower springing,

And bird, in dewy dell,

Their music and their sweetne

Send to his heart to dwell.

God's blessing rest upon him,

With nature for his teacher.

His life shall be a joy ;

Despite his brow of tan.

As one who is a man

Now low and selfish grasping,

God and good men shall know him

The plough, the hoe, the shovel

Shall one day greater be

Than ever crown and sceptre-

When mind, enchained, is free :

Then, for your jeweled monarchs,

Now, may ye shout and sing,

For in the " good time coming,"

The farmer will be king !

That sun-burnt farmer boy,

He helps as best he may.

to be there. She felt as if some one ought to 4. Straining is quite simple, but it should be ing up it. It has been noticed that rats and we her pew. She recalled the pale face of the mo-borne in mind that two pans about half full each ther, to whom she had once or twice spoken a will produce a greater amount of cream than the kind word, and whose absence from church after same milk in but one and the reason of this is for Subbatha's attendare, had been accounted the greater surface. a few Sabbaths' attendance had been accounted the greater surface. a few Sabbaths' attendance had been accounted the greater surface. for by her reported removal from the town. 3. Scalding is quite an important feature in fit of the late bankrupt act in that State, only

for by her reported removal must in at the strangers; Mrs. Ashby looked sgain at the strangers; the way of making butter in cold weather; the fourteen were farmers. In New York two thou-they were lingering, while all around them were fast leaving the house. No one cared for them, fast leaving the house. No one cared for them, in one half the time.

The Farm as a Manufactory. It ought to be so regarded. The soil should be looked upon as bearing the same relation to the agriculturist that any raw material does to the manufacturer of that specific raw material. the manufacturer of that specific raw material. It is the stock from which is to be wrought out the marketable product. What is put on the soil in the shape of seed, fertilizers, labor, should in the shape of seed, fertilizers, labor, should always be regarded, together with the interest on

the money invested in the land, as going to make the money invested in the land, as going to make up the cost of the product—of the article manu-factured from the soil. And the farmer should know precisely what this cost is, and it should govern the price at which he sells his product. Now, this is a very simple and self-evident pro-position. It has been often repeated, and yet it hes exit to be table a creat mean themand time. has got to be told a great many thousand times more before the mass of farmers will appreciate its importance, judging by the ratio of their progress in this matter in the past. We refer to it tirely by the use of this emolient; warn now, and so often, because we believe it is em-tions should precede its application. Its healing qualities will be found to be thorough and invari-able. in manufactures. And we intend to repeat it until our readers, who do business haphazard and Both the Ointment and Pills should be used in fail, shall understand how to go to work to find

Damp Beds.

Sleep is essential. However moderate the work, the best constitution will soon break down Mercurial Euro-Sore Breasts, Wounds of all under a loss of sleep. It is especially necessary for preachers. If they are engaged in their work, Files, as they should be, their labors are exciting and "Holloway, New York and London," are discerning more than those of most other man and "Holloway, New York and London," are discerning wearing, more than those of most other men, and ble as a a ter-mark in every leaf of the book of after the exhausting services of a meeting, they directions around each pot or box; the same way need quiet and refreshing rest at night. This is A handsome reward will be given to any one renfar more essential than food or drink. Friends who invite them home show no want of hospi-tality in the supples which they furnish to tempt the appetite. But in the provision which they make for their obtaining needful rest, there is often a culpable negligence which is sometimes attended with the most serious results. The late Wm Darson an article is the same, knowing them to be spurious. \*\* Sold at the Manufactory of Professor Hol-oway, 80 Maides Lane, New York, and by all respectable Druggists and Dealers in Medicine, throughout the civilized world, in boxes at about 25 cents, 62 cents and \$1 each. attended with the most serious results. The late Wm. Dawson, an eminent and useful Me-thodist minister of Eugland was killed by a damp the bar of the guidance of patients is the series of the serie bed. Prince Albert was said to have shown the first symptoms of his fatal illness as the con-sequence of a damp bed at Madingly Hall. We have had some painful experiences in this matter. N. B.—Directions for the guidance of patients in every disorder are affixed to each box by addressing Thomas Holloway, 80 Maiden Lane At one time after preaching three sermons on the Avery Brown & Co. Agents in Halifax, N. S. Subbath to a growded house we were invited June 23. home by a brother to stay all night. We were very kindly received. After an interesting season of prayer, we were sent to sleep in a roomthe third one away from any fire—in a bed that was seldom occupied, and which had accumulated all the damp and cold that a winter's frost could give it. The night was the coldest of the season. In vain did we try to sleep. We were Pertraits of Seven Presidents of the British Con-ference, Engraved in first class style on one steel volats,—(size of plate 16in. by 12in.)—faithfully copied from the latest photographs. The arrange-ment of the portraits is exceedingly artistic, and so thoroughly chilled that rest was impossible In the morning we arose languid and depressed, feeling as if we had suffered a long fit of sickness. The good people had none but the kindness. The good people had none but the kind-est intentions, but if God had not blessed us with a strong constitution, and watched over us for good, our labors might have suddenly closed. good, our labors might have suddenly closed.
