## 60 DAY'S FREE TRIAL of a World-Famed Remedy

Use my Invention for 60 days. If then cured, pay me. If not, return it. I ask not a penny in advance or on deposit.

Health is happiness. It is the foundation-stone of the happy family. It is success in business; it is contentment and self satisfaction. You enter your home after your day's work, and even though tired, your buoyancy fills the house with joy and pleasure. Your friends seek you, and you are the centre of all that is true wealth—perfect happiness, cheer and contentment. All the money in the world cannot give you those if you have lost your health. The debilitate bring only misery into a family: are often shunned by friends, and are generally a failure in business or their vocation. Life is a burden to them. I think this state almost a crime when a reasonable opportunity is offered to overcome it. There is a way to overcome it. I have a cure for these unfortunate men and women, and since I found the remedy 40 years ago I have aided more than 100,000 to regain their health and strength.

My treatment for those who suffer from Rheumatism, Lumbago, Nervousness, Melancholia, Lame Back, Wrecked Stomach, Ataxia, Partial Paralysis, general ill health, etc., is the simplest and most natural ever offered. It is Electricity. Everybody to-day knows that a normal quantity of it in the human body means perfect health and strength. A deficiency means weakness and disease. I can give you back this natural electricity and make you as well and strong as ever you were. So confident I am of what I can do, that to anyone suffering as above, I will give my World-famed, Dr. Sanden Electric Herculex, completely arranged for men or women, upon absolute

### FREE TRIAL UNTIL CURED

NOT one penny do I ask you to pay in advance or on deposit. My low-power Herculex at \$5.00 is strong enough in many cases. If you wish to buy for cash, I give a very liberal discount. I cure people every day in this way.

As the originator and founder of the Electric Body Battery system of treatment, my success is the envy of many, and my Herculex, of course, is imitated (what good thing is not?), but my great knowledge gained from 40 years' experience is mine alone and cannot be imitated. I give advice free to my patients till the cure is complete. My Electric Herculex, guaranteed to give a current instantly felt, or I forfeit \$5,000, and to last for at least one year.

Call or send for my Herculex to-day, or if you want to look into the matter further, I have two of the best little books ever written on electricity and its medical uses, which I'd like to send you. Sent free, sealed, upon request.

### Miscellaneous

A venerable Devonshire woman came up to London recently to visit her married daughter and was duly met and escorted to her house. The following Monday was washing day and the supply of soap giving out, the mother volunteered to bring some from the shop around the corner. But she failed to find her way back and forget the address. At last she found her way to a police station where, after a great deal of questioning by a sympathetic inspector, she remembered that the address was written on a piece of paper which she had put into a teap

in her sitting room at home. The inspector, realizing the truth of the old adage that the longest way round is sometimes the nearest way home, sent the old lady back to Devonshire, whence she triumphantly returned to her daughter by the aid of the precious scrap of paper and with the bar of soap, which was the cause of all the trouble, safe in her arms.

On an examination paper in zoology the question was asked:—  
"Of what use to the farmer are the earthworm and the slug?"  
The reply of one promising pupil read:—  
"The earthworm is of use to the farmer because he eats the insects and small animals that are destructive

to crops; he is also useful because he can use him as bait when the farmer goes fishing."—*Judge*.

A worthy squire had a cow that always kicked and reared when milked. He decided to get rid of it, and, calling one of his farm hands, told him to take the animal to market.  
"Sell the brute," he said, "but, mind you, tell no lies. I've been unlucky in my purchase, but that's no reason why I should deceive others."  
Two hours later the man returned from market with a larger sum than the squire had expected. "I'm sure you lied about that cow," he said.  
"Not a bit of it," replied the man; "every time I was asked if she was a

good milker, I simply said: 'You'll get dead tired of milking before you've got all her milk.' They asked no other questions, so that I didn't volunteer any more answers."—*Bon Vivant*.

Minister—"So you go to school, do you, Bobby?"  
Bobby—"Yes, sir."  
"Let me hear you spell 'bread.'"  
"B-r-e-a-d-e."  
"The dictionary spells it with an 'a,' Bobby."  
"Yes, sir, but you didn't ask me how the dictionary spells it; you asked me how I spell it."

It is a poor kind of sympathy that exhausts itself in a sigh.

### NOTICE FOREST TREE PLANTING

OVER 7,000,000 forest trees have been sent out within the past five years by the Department of the Interior to farmers on the prairie and planted according to instructions. Of these over 85 per cent. are living now. The Department is prepared to further assist settlers in this work, but in order to do so it is necessary that application should be sent to the Superintendent of Forestry at Ottawa, as soon as possible by those desiring to have their land examined next season. These applications will receive attention according to the date of their receipt, and all applications for inspection next year must be in by March 1st 1907. Simply write a few lines without delay, stating that you wish to make application for trees, and giving your name and post office address and regular forms of application will be sent you. For further information apply to the undersigned at Ottawa.  
E. STEWART,  
Superintendent of Forestry,  
Department of the Interior,  
Forestry Branch, Ottawa,  
November 10, 1906.
