offers genuine buying inducements one can ill afford to miss.

### Be at Sutcliffe's Finish Sale on Friday and Saturday

Come and bring the youngsters to the open-air yard enclosure with a nurse in attendance

OUR daily news letter from this thriving town furnished by the Ontario's special representative.

## Busy Trenton

THE latest news of the town and surrounding neighborhood is given in an interesting manner.

Trenton, Aug. 4.—Mr. H. M. Grills of the Bellanca Securities Company was in town yesterday, showing some purchasers of Quinte Park lots, the city. He stated that, owing to war excitement, business in Toronto was not good.

It is unlikely that Mr. Shift will attempt to erect the new moving picture theater this summer, though he expects to have it in operation early next year.

A reward of \$500 is offered by the Government for the arrest and delivery to the authorities of Dr. Robinson, late of Toronto.

Mr. Geo. A. White who sailed from England several days ago, is expected to arrive here this week.

It is presumed that Mrs. Patten is in France, and may probably be detained there for a time.

Miss E. Johnson, of Prince Edward, is visiting Mr. and Mrs. A. K. Cuff, Marjona street.

We have been asked to suggest that the Council negotiate with the Canada Creeting Co. with a view to the advantage of the corporation to put down block pavement on front and Dundas streets.

No doubt the company would be pleased to make a very liberal proposition to the town, and as an advertisement of their work, it ought to be of some object to them, to do so.

Plate glass is being placed today in the new windows of the Sutcliffe stores, on Dundas street.

Mrs. Dreyer left today for Regina, where she will visit friends for the coming winter.

Mr. J. A. Bailey of Stirling, purchased from Mr. A. J. Hendricks, a Studebaker car, which was delivered here today.

The steam barge Sligo is taking on a cargo of blocks today for Welland, at the Creeting Co's river dock.

The I.O.O.F. Rebekah Lodge will run a moonlight to Presque Isle on August 19 and 20, and will be indulged in Miss Ethel Murdoch of New York, is visiting relatives in town.

Mr. Kenneth McLellan returned to Chicago today.

Trenton, Aug. 6.—really, and surely original idea that will be accepted with relief and appreciation by mothers, is the children's protected, sheltered open air sand pit, provided by Trenton's progressive dry, goods and clothing store, Messrs Sutcliffe & Sons.

We are informed that during their sale they will have a nurse in attendance to look after the little ones while their mothers do their buying. Messrs Sutcliffe and Sons are entertaining people and a distinct acquisition to Trenton's trading public.

The Merchants' Picnic to O'Clock Point, held jointly by Belleville and Trenton merchants, was a success, at least in regard to attendance. The day was delightful and the moonlight evening, ditto. The 15th regiment band provided music for dancing, which seemed to be decidedly popular. A portion of the band paraded Trenton's streets dressed as X Ray Submarines. They did not cause much of a sensation here as the X Ray outfit is quite common.

We were asked to ascertain the gold supply held by each of the following nations, which information may be of interest to the readers of this column: Russia—\$971,000,000. France—\$820,000,000. Germany—\$836,000,000. Austria—\$280,000,000. Italy—\$225,000,000. England—\$200,000,000. U. S. A.—\$248,000,000.

The new sedimentation tank is nearing completion, the cement walls now being built. Dudas and Murphy Sts are now being torn up by the men engaged on sewer construction.

Fire has destroyed much of the wood on the Bunker Hill property of the Gilmore Door Company. There seems to have been great remissness in spending

ing in an alarm to the fire department, as citizens attest that the fire was burning dangerously for nearly all the afternoon, whereas the fire brigade did not make a move until late in the afternoon. People building in the outskirts of Trenton are not likely to get much fire protection, unless a second fire station is located in the C.P.R. section. It is about time to have a paid fire brigade here anyway. Four men and two teams on duty all the time would be a good investment for the citizens.

Mr. C. M. Stork, representing the Gilmore Door Co. was in town yesterday, in connection with the fire on Bunker Hill.

Mr. Hartt, M.P.P. for North Simcoe, was in town yesterday looking up old friends. Mr. Hartt lived in Trenton a number of years ago. He is now living in Orillia and conducts an extensive lumbering business.

Some day, possibly, there may be a few men of sufficient vision to see the advisability of securing the water front and continuous properties back of the Post Office, for a town park. Every effort should be made to keep the idea of securing this property in mind. Citizens should express their views regarding it in the local press.

Trenton, August 7th.—The Messrs. Kirkpatrick of Toronto, are visiting their sister, Mrs. Fitzsimmons.

"Trentonites" writing in this week's Courier, points out the duty of the Immigration Department, regarding the re-admission of Aussrians, Serbs, Russian and Germans, when the tide of immigration again turns westward, after hostilities cease. He very clearly intimates that people who leave a free and well governed country like Canada, even at the bidding of the fatherland, are incapable of appreciating the liberties extended to them here, and in the future should be excluded. We think so also, and believe that too many of these cannot get out for the country's good.

The Boy Scouts now in camp at 12 O'Clock Point will hold their Field Day sports, on Wednesday afternoon, next. A detailed program will be given later in this column.

Many tourists are in town today. The sight of them brings forcibly to our mind the profitable proposition a large, well equipped summer hotel, should be. A number of fine locations within easy distance of the town are available, any one of which would be suitable.

A large American pleasure yacht, hailing from Red Bank, N.J., has been lying at Foley's dock for the last few days. The Ginkgale, of the Public Works Department, is also lying at same dock.

We noticed that recently a Library Association for the Belleville district held an organization meeting, and that all towns in the district of any consequence were represented.

Miss Gladys Roche, of Montreal, sister of Mr. Ivor Roche, of the J. S. Metcalf Company, is visiting Miss Angela Cunningham at "Springbank."

Miss Winnie Young has returned from Toronto, where she has been visiting Miss Nita Allen.

Mr. H. E. Carter of Frankford, has severed his connection with the Motsons Bank.

Mr. T. H. Gohard is opening a new coal yard on the Bywater dock, formerly known as the Polley dock. This is a most convenient location for this business as the coal can be placed in the sheds without drying or bridge swinging.

AMELIASBURG.

Master Willie Jinks has returned to his home in Bloomfield. Our school is being improved greatly by a coat of fresh paint.

Miss A. Parks spent Sunday at Mr. M. Carrington's.

Miss Ruby West has returned to Wellington.

Mr. and Mrs. E. Ayles also Mr. L. Moon spent Sunday at Geo. Ayles's.

Doctor and Mrs. A. Carley and Mr. W. Carley spent Saturday at Napane.

A number from here attended the social at Sand. All report a very enjoyable time.

## CHRISTY LAKE.

The most picturesque lake 12 miles west of Perth, is on the new line of the O. P. R., running between Perth and Belleville. It is some four or five miles long east and west and some two miles wide. It has twenty-five islands rivaling if not excelling in beauty those of the St. Lawrence, and on her shores many permanent and highly artistic modern cottages may be noticed. In its western section there are some beautiful bays, especially the one on whose shores are the residences of R. W. Marks, whose name and that of his several brothers are favorably known throughout Canada and the United States as leaders and managers of popular theatrical troupes. Honored at home and revered abroad, may be truthfully said of every man or woman bearing the name of MARKS in this locality—for here is their summer home—and it is here they were born—and it is to their enterprise that Christy Lake is so widely known to tourists, desiring to know, for to lake has finer scenery, better fishing, and for bathers or swimmers its waters are unsurpassed, containing the outpourings of many mineral springs, and in the vicinity of her shores, and within some three hundred or more yards distant the tenderfoot land lubber need have no fear of drowning if he keeps his feet on clear white sand. Some thirty or forty cottages line the shores or are on her islands—their occupants are many of the various Mark's Companies' theatrical families. Several families from Toronto, Detroit, Ottawa, Perth, etc., are all sailing—crow boats, sailing outfits, motor boats, etc., even the waters. Nearness to Geo. Noonan's store, telegraph and telephone office and boat delivery fulfill all that is desirable in wants and conveniences.

It is said that the O. P. R. designs to erect a large hotel in the vicinity of R. W. Mark's residence and cottage. If so the summer tourist with his family, need not think of Muskoka, Nipissing, or even Banff, for Christy Lake if near his home—it has all their individual and advertised scenery, attractions, etc., and best of all dear Christy is within a few hours visit from home.

Oh, Christy Lake you're charming, You're the apple of my eye, You're breath to me, Sharon, And ever fair your sky.

I imperfectly describe dear Christy, as a wife, unless her husband, I picture her at a remote date and far from her shores, I might let my artistic and poetic fancies free and thereby overdo my judgment, remembering that the sweetest songs of "Home Sweet Home," "My Country 'tis of Thee," and "Lead Kindly Light," were composed when the writers thereof were in prison, far from home, or when in danger.

With ordinary prescience I believe Christy Lake will become the Saratoga Springs, Banff, etc., summer resort of scenery lovers, health seekers, wise fishermen, if the O. P. R. should build that great hotel—and the view of the lake from the Christy Lake Station will convince any man who admires scenery that near the great cities and towns of Eastern Ontario—there is dear Christy Lake whose attractions are before me, and on whose shores are the cottages of the Marks—old friends—not forgetting Webb Chamberlain, Chris Allen, Mathers, prominent in the theatrical world.—J. S. S.

CENTRE.

Miss Emma Howell, Napane, is visiting her cousins the Misses P. and Minnie Howells.

Mrs. C. Young, Winnipeg, is visiting her sons Harold and Clarence at the old home.

Mr. and Mrs. Wycott, Salem, and Mr. and Mrs. Ray Fox, Victoria, are guests of Mrs. Lewis Toul.

Mrs. F. Robison and baby is spending a few days at her mother's, Melrose.

Miss Gwladys Joblin of Bayside is spending a few days at Mrs. Geo. Badgley's.

In the death of J. Lally on Thursday last the community has lost one of the most esteemed and honored residents. Mr. Lally had been ailing for about seven months and always bore his suffering with great patience, never complaining and was able to take a drive the week previous to his death. But on Thursday morning those in attendance found him failing and knew his end was near.

Dr. Meagher attended him Friday morning and gave him all the soothing remedies of his church, he dying a few hours later. Those left to mourn a loving father and husband are Messrs John, James and Leo; Miss Angela, Mary Margaret, Willie at home and Edward of Belleville.

The remains were interred at Read on Saturday morning after Mass being celebrated by Dr. Meagher. To those bereaved ones we extend our sympathy.

## NORTHPORT.

Mr. & Mrs. Thomas Weatherill of South Australia, who have been visiting at the home of the former's brother, Rev. W. J. Weatherill, Northport, intended sailing for home on Tuesday last, but have been prevented owing to an outbreak of war.
