G. A. WARBURTON TOLD OF Y.M.C.A. WORK IN ORIENT

Spoke at Luncheon in Local Y. M. C. A. Last Evening

BRILLIAN ADDRESS

A representative group of Brantford's business men, pastors and Y. M. C. A. workers gathered in the cafeteria at supper last evening to hear Mr. Geo. A. Warburton of Toronto, who is always a welcome visitor to the city, whether he comes for the Red Triangle, the K. of C., Army Huts or any of the many Canadian-wide movements in which he has had a part in recent years. Mr. J. M. Young presided, and Rev. Capt. Jenkins and G. A. Woodside conducted the opening exercises.

Mr. Warburton's address was most forcible as he pictured conditions in Eastern non-Christian lands where he had visited several years ago in his round the world tour. He was a great believer in the west helping the east, for in so doing we were best helping ourselves. As well, Japan was a wonderful nation with its progressive western spirit, and stood out in marked contrast with China, with its most unfavorable conditions of living. Great hope centered in the student Chinese who are being reached and helped in such large numbers by the Y. M. C. A. and its work. India was also referred to and our obligations as Britishers to help our fellow subjects in that great land.

The work of Mr. J. H. Crocker, national physical director of China, who had been supported by Brantford, was one of the great chapters in the life of that nation as it had had its influence over Japan and other Eastern nations as well. This war had not only provided a strong point of contact, but had its reflection directly on the moral and religious life of those peoples.

Brantford has now, during Mr. Crocker's absence in Canada, transferred the support to his successor, Mr. A. H. Swan. The amount to be secured is \$2000.

Munition Plants Not to Close

Local Factories Not Shutting Down Even if Orders Are Cancelled

Brantford factories have not yet been affected by the shutting off of munition contracts announced from Ottawa last week. The factories which are still engaged in munition work expect to continue for some time to come, according to information gleaned by The Courier.

The Dominion Steel products are at work on a big gun contract for an American firm, and expect to continue for some time yet to come. There has been very little reduction in their staff.

The Steel Company of Canada are also engaged on munition work and have received no instructions to cease production. They also expect to continue for some time. A few hands were let out some 10 days ago.

The Motor Trucks are carrying on with their munition work. They have laid off no hands as yet and are not likely to do even in the event of shell production, in which they are engaged ceasing, for they have other lines along which they propose to work.

Kor and Goodwin's and Goid Shapley and Muir's both ceased munition work some three months ago, before the signing of the armistice. Both factories are still operating along other lines of construction however, the former firm laid off some of its hands at the time of suspending munition work, but the latter company has taken on some additional help recently.

From the above indications, there would appear to be no danger of a great wave of unemployment such as many feared when the announcement of the shutting off of munition contracts was announced.

PRESENTATION TO REV. D. ALEXANDER

Clergyman Who is Leaving City Honored at Congregational Church

The Young People's Society of the First Congregational Church had the privilege of listening to the Rev. D. Alexander, acting pastor of the First Baptist Church, last night. The Rev. Mr. Alexander, with characteristic kindness, came on short notice to take the place of another speaker who could not be present on account of illness.

Mr. Alexander gave a splendid "farewell" message to the young people, who listened with great interest to his wise and helpful Christian Counsel. At the close of his address Mr. Alexander was presented with a small token of appreciation from the pastor Rev. W. J. Thompson inscribed—"To the Rev. David Alexander—As a minister of the Gospel you have revealed spiritual insight, competent scholarship, and loyalty to your Lord. In your intercourse with men, you have shown clarity of judgment and sympathetic understanding. Your interpretation of religion has been expressed in terms of intellectual, sound-thinking, and faith. As a fellow disciple of the Master, Jesus Christ, you have enriched us all. I have found in you true Christian comradeship and all the fine qualities of a consecrated and efficient manhood."

As leader, as minister, as comrade, as citizen—You have measured up to your responsibilities gloriously and graciously—A man whom it is a delight to know, a privilege to love and trust, and an honor to be associated with.

cannot find a finer word, Nor better to address you. Nor song nor poem I have heard. Is better than—God bless you. T. J. Thompson

First Congregational Church, Dec. 9th, 1918.

URGENT COUNCIL TO SUBMIT BYLAW

Strong Delegation Heard in Interests of Memorial Isolation Hospital

A strong delegation appointed at the joint meeting last night, waited on the city council last night, urging ratification of a by-law to build an isolation hospital in memory of the nurses and other volunteer workers who died during the influenza epidemic.

The clerk read the resolution which was passed at last week's joint conference on the subject. Dr. E. R. Secord then addressed the council, laying stress on the feeling which existed throughout the city in favor of erecting some permanent memorial to the nurses and others who had given their lives fighting the epidemic.

At a meeting of the general hospital board, Dr. Secord declared that the isolation hospital had long been regarded as a necessity for the city's needs. At the outbreak of the epidemic, the general hospital had been overcrowded because of inadequate isolation facilities. It was owing to this that so many nurses and others had sacrificed their lives, and the erection of an isolation hospital would thus be a fitting memorial to them.

The cost of the proposed building would be regulated by its size. This should be adequate to accommodate from 40 to 50 patients. The maximum cost of such a structure would be \$55,000 or \$60,000, exclusive of equipment. The total cost might be \$30,000. The council would have already given financial support at its meeting. The delegation looked to the city for similar help. The speaker suggested that a by-law be submitted to the public at the coming elections.

Mrs. George Watt, speaking for the volunteer nurses and also for the W. H. A., declared that both these bodies were strongly in favor of the proposed hospital.

Mrs. W. C. Livingston stated that the Women's Patriotic League held the same belief, and would support any measure the city might introduce to that end.

C. A. Waterson supported the remarks of the previous speakers, urging the council to give the public an opportunity of deciding whether the memorial should take the form proposed.

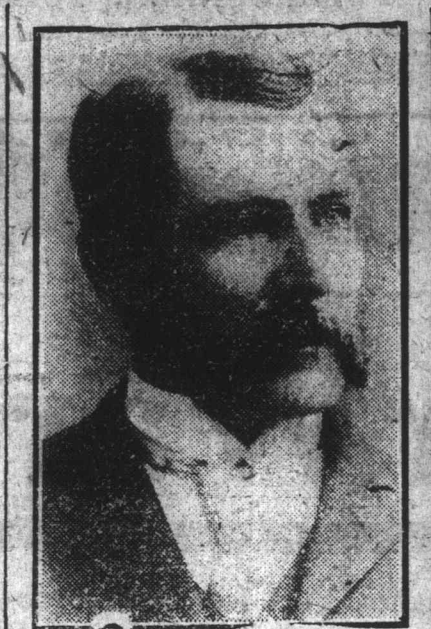

J. McGrath, representing the Trades and Labor Council, emphasized the need for an isolation hospital, and felt that such an institution would be a fitting memorial to the nurses and others who had sacrificed their lives.

T. J. Minnes, chairman of the Board of Health, reiterated this, declaring that if the isolation hospital were not built as a memorial it must very soon be built as a matter of public necessity.

The Mayor announced that he would call a special meeting this week, to consider the by-law.

MUNICIPAL LEAGUE

(Continued on Page 5.)
city and Provincial Government. The Government pays 40 per cent. of the cost and the city and county residents 30 per cent. each.

Commissioners are appointed to take charge of the roads. In Brantford and Brant county they are: A. B. Rose, Ald. J. English and J. Scace. They are in charge of seventeen miles of road, and have done a great work for the city and community. Among other things, they helped to get the Provincial Highway to run through this city, and when a road is run north and south, which is now anticipated, they helped to get the Provincial Highway to run through this city.

Highway was about as important as was the obtaining of the main line of the G.T.R. some years ago. Mr. Scace stated that several times he had been severely criticized about the condition of the county roads. But in his mind he thought that the city roads were not in as good a condition comparatively as were those of the county. An example was the crossing of Richmond and William streets, where a motor vehicle cannot travel faster than from four to five miles an hour without a broken spring or some other mishap.

Mr. C. G. Ellis, believed that factory sites should be set aside in good localities to encourage manufacturers to locate here. In Windsor years ago they had set aside suitable locations and these have been used by industries located upon that site. Brantford has not having facilities for factories. Town planning should be a very important factor in the city's business.

Mr. Cook asked Mr. Kellett to make an address of some future date on town planning and better housing facilities.

It was moved by Mr. Spence and seconded by Mr. McIntyre that the two meetings of the league be postponed to the next meeting of the league with their ward members and report their progress to the league. Passed unanimously.

A motion moved that Mr. J. S. Dowling be the chairman of the Executive Committee. Seconded by Mr. T. Hendry, and passed unanimously.

A finance committee was formed of A. B. Rose, W. H. Whitaker, C. Parker, and the treasurer of the league, Mr. J. S. Dowling suggested that a candidate for the mayoralty campaign be nominated. Mr. Harris moved that Mr. Tom Lyle be that candidate. Seconded by C. J. Parker. This carried.

Thomas Lyle.

Mr. Lyle rose and said that he was greatly honored and would accept the position as candidate under certain conditions. First, that his supporters back him up both before and after the election. He stated that money stuck by him, he would hold out by them to the end, but if they did not thoroughly support him he would not qualify when the time came.

Mr. Lyle was on the council for 5 years and during that time he served on every one of the committees connected with the city council.

He further stated that if he is elected and any person enters the council chamber, and acted unbecomingly, he will not call an officer of the law to throw them out, but will perform that task himself. Moreover, Mr. Lyle would not enter into controversy with his opponents through the newspapers. He confessed that if he fell short in any way, it would not be through crookedness. From the council chamber, Mr. Lyle was given Mr. Lyle, and the meeting adjourned with the singing of the National Anthem.

FLAX FROM RUSSIA.
New York, Dec. 9.—A shipment of flax, one of the few cargoes from a Russian port received here for some time, arrived to-day on the steamship Ascutney.

NOTICE: Notice is hereby given that a court will be held pursuant to the Voters' List, to be held from the Judge of the County Court of the County of Brant, on Thursday, the 19th December, 1918, at 11 o'clock in the forenoon to hear and determine the several objections, and errors and omissions of the Voters' List of the City of Brantford for 1919. Persons having business at the said Court are requested to attend at the said time and place.

H. F. LEONARD,
Clerk of the Municipality.

Dated at the Clerk's Office in the City of Brantford on the 9th day of December, 1918.

J. M. Young & Co.

Ambassador Gerard Says:

"The German Armies were held only a few days, yet the delay of those few days changed the fortunes of the whole world."

The Belgian soldiers who held on those few days, died fighting. Their children are dying of slow starvation. It would be well to digest these two statements.

If we grasp what this situation means, we can SAVE Belgium—not by the sword, but by paying our debt in part.

A contribution of a few dollars, administered by the Canadian Bureau in Brussels, will restore health and strength to a little Belgian, now in the grip of pitiless starvation. Oh, it is hard to write calmly and sanely about a horror that is positively ghastly...

Growing children struggling along on a bowl of soup and two pieces of bread a day, furnished by United States loans to the Belgian Government. . . . Poor little mites, what hope is there in such a ration of building flesh and bone? No wonder Consumption and Rickets stalk through the stricken land.

Through the Belgian Relief Fund, YOU can help to alleviate this horror for at least one little sufferer. You needn't forego your three good meals a day to do it. Send in your contribution. Mark it "For the Belgian Children". And whatever you give, give quickly!

Make cheques payable and send contributions to
