A country school-teacher was cashing her monthly check at the bank. The teller apologized for the filthy condition of the bills, saying: "I hope you are not afraid of microbes." "Not a bit," answered the school-ma'am; "I'm sure no microbe could live on my salary."

DEATH AND DESTRUCTION FOR THE ENEMY.

London, Jan. 19.—"The Germans endured a terrible week-end from the Allies' heavy and sustained artillery fire," says the Daily Mail's Rotterdam correspondent. "From Hete, as in the north, down to Lens, the German lines have been shelled with that deadly accuracy so dreaded by the Kaiser's western army. Death and destruction rained around Lens, where the important railway junction east of Avion was greatly damaged. The German artillery is unable to reply adequately to the British big guns, and this fact is doing much to destroy the morale of the German soldiers. So long as the German guns were able to keep the upper hand the Germans felt confident of their superiority. Now their spirit is completely changed. The men are living in daily and nightly terror of surprise bombardments. The soldiers in Ghent repeatedly say that their nerves cannot hold out against these terrific bombardments."

STOMACH COMFORT

When the Stomach Rebels, Headaches, Indigestion and Nerve Pain follows Mi-o-na Brings Relief.

Just as soon as you are done eating, the healthy stomach commences to churn the food around and mixes it thoroughly with the juices of the stomach. If the food is not churned, it lays heavily on your stomach, turns sour and causes all kinds of distressing symptoms, such as headache, indigestion, stomach pain and dyspepsia. Mi-o-na helps the stomach to properly mix the food.

John S. May, of Isabella St., Belleville, Ont., says: "For over seven months I was in constant agony with a case of nervous dyspepsia and indigestion that medical skill could not relieve. I was weak and had lost much weight through loss of appetite and suffering. My meals would fill me with gas and a feeling of oppression across the stomach and all up the left side, left me in a miserable condition. I was restless at night and as tired and unrefreshed in the morning as on going to bed. A choking sensation in my throat was always constant when lying down, and my heart seemed to flutter and pound as though it were coming out through my side. I was benefited from the first two days' use of Mi-o-na. I began to feel like myself again, my appetite returned and the depressive feeling left me. I can enjoy my meals without the least worry of after suffering. I have gained in weight and can sleep the night through in comfort."

Go to J. D. Clark, the druggist, and get a 50 cent box of Mi-o-na Tablets. Money back if Mi-o-na does not cure.

A demure looking Salvation Army lassie, who was travelling in a railway train, was asked by a man next her whether she believed every word in the Bible.

"Yes," she replied, "I do."

"Surely," exclaimed the man, "you don't believe that Jonah was swallowed by a whale?"

"I do," she answered, "and when I get to Heaven I'll ask him about it."

"But suppose he's not in Heaven," inquired the stranger.

"Then you ask him!" was the lassie's reply.

The Sunday school teacher put to her class a number of questions touching the history of the cities mentioned in the Bible.

"What happened to Babylon?" was the first query.

"It fell," said one boy.

"And what became of Nineveh?"

"It was destroyed."

"And what of Tyre?"

"Punctured!"

Dominion Agriculture Dept. Aid Associations in Purchasing of Horses, Cattle, etc. for Breeding Purposes.

Owing to the heavy rain upon the live stock of the various warring countries of Europe, they have been forced to go abroad for supplies. The longer the war lasts the greater will be the demand. Moreover, when peace is restored, these countries will require large numbers of the various classes of animals to replenish their studs, herds and flocks. It should be borne in mind, however, that the buyers, who come to this country after the war, will require better animals than have been bought during war time, as they will be used largely for breeding purposes.

With this end in view, the best of the females and particularly the young stock should be kept for breeding purposes. Breeders should not fail to raise all the live stock possible at this time in order that the country may be able to supply a large number of the animals that are certain to be needed by the warring countries. At present, however, there is an unequal distribution of live stock in the country. In certain sections there is a heavy surplus, with a corresponding scarcity in other parts. During the past year hundreds of young cattle from our Prairie Provinces have gone to the United States as stockers and feeders. These should have been kept at home, particularly the females. Sections of the West are reported as being in need of good draft horses, particularly draft mares; while, in sections of Ontario, there is an over supply of this particular class.

In order to remedy these conditions, the Minister of Agriculture, through the live stock branch, has decided to grant liberal aid to breeders who wish to secure good breeding stock. The conditions under which aid will be given are as follows:

In the event of a number of farmers in any district of Canada wishing to co-operate for the purchase of breeding stock in carload lots from some distant section of the country, the Department will pay the travelling expenses of their duly appointed representative during the time required to effect the purchase and transport the shipment to its destination.

Should it be desired, the Live Stock Commissioner will nominate a suitable person who will be directed to accompany this representative and assist him as far as possible in buying and shipping the animals.

Persons wishing to take advantage of this offer should make full arrangements with the Live Stock Commissioner as to place and time of purchase before sending out their representative.

TURKISH FORCES BEING RUSHED TO THREE FRONTS

London, Jan. 17.—Turkish Gallipoli forces have begun arriving at Constantinople, and are being rushed into Asia to meet heavy onslaughts on three different fronts according to Athens advices today. One body of Dardanelles veterans is being moved towards the Caucasus where the Russian Grand Duke Nicholas has launched an offensive, a second force is entraining for Bagdad and the Mesopotamian campaign and some detachments will reinforce the Persian army at Kermansah, now threatened by the Russians. The fighting in the lands of ancient Asian empires eclipses for the present all operations in modern Europe.

Amherst, Jan. 19.—Eleven of the twelve German prisoners that escaped from the Amherst detention camp at an early hour Tuesday morning, were captured at St. Stephens and McAdam Junction, when practically in the act of stepping across the border into the United States—and freedom.

The wholesale capture was due to the thoroughly efficient work of Colonel Morris, commandant of the camp, and the remarkable network spread by Captain Goodspeed of the Intelligence Department of the 6th Division, Halifax.

In the Canadian Casualty list a few days ago appeared the name of Jos. C. Shifton (Princess Pats) of Annapolis, seriously ill, and in yesterday's list is reported dead. Through careful inquiry we learn that Jos. C. Shifton, son of Mr. and Mrs. George Shifton of Annapolis, formerly of Bridgetown, enlisted in the Princess Pats with a contingent of students from the Guelph Agricultural College. Whether there was a slight error in the name or not, we have not definitely been assured.—Monitor.

The old gent had just won a case in Justice Court, when the loser, in a very combative frame of mind exclaimed, "I'll law you to the Circuit Court." "Old Gent—" "I'll be thar." "Loser—" "And I'll law you to the Supreme Court!" "I'll be thar." "I'll law you to 'ell!" "My attorney'll be thar." —The Docket.

"That's the way with a man." "He often said he would lay down his life for me." "Well?" "And now he grumbles when I ask him to lay down a carpet."
