MUNICIPAL LIGHTING.

Apropos to the question of municipal lighting, which came before the City Council recently, when the Chatham Gas Company tendered at \$65 per light, the following taken from the last issue of the Monitary Times, it would appear as if their tender

"The city of St. John, after spending considerable money on expert advice regarding the establishment of a civic lighting plant, has concluded a ten year contract with the Street Railway Company to light the streets with 2,000 candle-power lights for \$75 each. The opinion of the expert was that it would cost about \$70 for the city to do this work, and the aldermen did not consider that there would be any actual saving. The new contract will date from the first of July. At present there are three lighting plants, one in the north end owned by the city, and one in Carleton lately acquired by the Street Railway Company, and the company's central power house. Under the new arrangement all the lighting will be furnished from the one plant.

FRAUD IS ADMITTED.

rates were cheaner, . . . 1

The admissions of the Trading Company's man gives ample proof of the statements made by Mr. Foster. The partisan section of the Grit press would do itself and the party whom it represents a good turn, would it abstain from such enthusinstic haste to champion the cause of so pefarious a scheme which has openly flourished under the very eyes of the Reform Government at Ottawa.

AFTER MR. AYLESWORTH.

In the Dominion Parliament on Wednesday last Mr. Lennox, of inexpedient that any member of the Government or deputy head of a department should act or appear as barrister, counsel or advocate in any action, suit or proceeding except when the interests of the crown are involved, in any court presided over by judges or a judge appointed by the Government of Canada "

Mr. Lennox explained that this was no abstract resolution. It was intended to be a pronouncement on the conduct of the Postmaster General, who since accepting office has continued his practice in the courts. Mr. Aylesworth draws his salary of \$7,000 a year as minister and his indemnity of \$2,500 as a member of parliament. Mr. Lennox holds that in accepting official duties and official salary he engages to give his time and efforts to the service of his country. But it was shown that the Postmaster General appeared in court at Toronto in one suit on the 12th of March, in another on the 12th of March, in another on the 12th, in a third on the 16th and again on the 20th. On five other days last month Mr. Lemost and talented press on the work was a decided success. The Chattan and talented press done of the "Yankee Comsul" company, who make consult of the years to be recognized as one of the most famous singers in the waster, Mrs. Willmore, in important cases. During this time the Cabinet, of which he was a member, and the House of Commons to which he had been elected, were sitting daily without him Mr. Lemox showed that it was not in the interest of justice phat Ministers should appear as pleaders before judges who are appainted by themselves, whose salary they regulate, and whom they have power to promote. This led up to a discension of judges accepting commissions to hold enquiries, when Mr. German saked whether Chamceller and pressed a position in the Times who was not two of the most turing the company is composed of the promote. This led up to a discension of judges accepting commissions to hold enquiries, when Mr. German saked whether Chamceller and the content of the promote. This led up to a discension of judges accepting commissions to hold enquiries, when Mr. German saked whether Chamceller and the content of the promote transport of the content of the promote taken and the content of the promote taken and the content of the content of the promote taken and the content of the content o that in accepting official duties and official salary he engages to give

R. H. Bounsall returned to Chatham after spending the vacation in Blenheim and vicinity.

WANT AND NEED.

There's a big difference between what a baby wants and what he needs. Deny him the one, give him the other. Most babies need Scott's Emulsion-it's the right thing for a baby. It contains a lot of strengthbuilding qualities that their food may not contain. After a while they get to want it. Why? Because it makes them comfortable. Those dimples and round cheeks mean health and ease. Scott's Emulsion makes children easy; keeps them so, too. SCOTT & BOWNE, Toronto, Ost.
