OATS! OATS!—R. Prat will have 600 bushels Choice Oats for sale in a few days.

We never did like to ask people to pay up and don't intend to now, but really we would like to have enough to get a "new hat for Anniversary."

Mr. B. G. Bishop has just finished painting Miss Cramp's house and it presents a fine appearance. In our opinion this is one of the prettiest places in Wolfville.

Black and Colored Hosiery all sizes at Burpee Witter's. 5

The weather this week has been very warm and vegetation is rapidly progressing. Grass is growing very fast and there will probably be a good crop of hay. The trees are leaving out well and we notice some in bloom.

Rev. Anderson Rogers, who was formerly in charge of the Presbyterian Church here, passed through Wolfville on Tuesday on his way home to attend his mother's funeral, who died on Sunday last. Mr. Rogers' many friends here will sympathize with him in his loss.

NEW TEAM.—Messrs J. L. and B. G. Bishop have recently purchased one of the finest teams in the place. We had the pleasure of taking a drive with Mr. J. L. Bishop the other day and are in a position to know of what we speak. We congratulate them and hope they will call around often.

On Thursday evening next a grand Concert will be given in College Hall, under the auspices of the Graduating Class. Herr Klingensfeld a German violinist of high reputation, assisted by six leading Provincial amateurs, will for the first time appear before a Wolfville audience. The Halifax papers speak without exception in terms of the highest praise of the members of the troop, the playing of Herr Klingensfeld eliciting marked commendation. "Such playing has been scarcely ever equalled in Halifax"—are the words of a leading daily paper.

We have been asked to say something to people about fishing on Sunday. We say—don't. Let the poor fish rest one day in seven and take a rest yourself.

The receipts of the Dominion from customs and excise duties for the ten days ending May 21st were \$700,000 more than those of the corresponding period of 1884.

Nuns' Veilings in black, old gold, and pale shades at BURPEE WITTER'S.

BERWICK.—On a visit to Berwick on Monday, we found that town in quite a lively condition. Among other things we noticed that Dr. Middlemas was having his fine residence painted in a very artistic manner by Mr John Wolfe, of Waterville.

Mr David Francy has recently opened a grocery store near the Station. He carries a full line of groceries and will no doubt do a large business.

Mr J. Andrews is doing the leading business in Dry Goods and Millinery and his store was the busiest place we visited in Berwick. He has fitted up his store in a very fine manner this spring and we noticed a very handsome sign hanging over his door—the work of Mr B. G. Bishop of this place. The Millinery Department, under the control of Mrs Andrews and Mrs S. P. Bell (formerly of Wolfville), turns out some very tasty work and is no doubt a favorite resort of the ladies.

Roller Suspenders and Gents' Neckties very cheap at Burpee Witter's.

The last meeting of the Pierian Society of Acadia Seminary was held Saturday, May 23, and the exercises proved of more than usual interest. Owing to the thoughtfulness of the Committee of preparation, the hall was arranged in a most attractive manner, and a profusion of bouquets lent a charm which enlivened the proceedings. The musical and literary selections were of the highest order, and reflected much credit on the respective committees in preparing the programme. Two vocal trios were particularly well received. But the most interesting feature of the evening was a talk on India, kindly given by Mrs Currie who has recently returned from her missionary labors in the East. Mrs Currie, having spent a number of years in Burma, Ceylon, and Tuni, was well qualified to give a vivid description of the life and customs of this Oriental people. She illustrated her remarks by exhibiting the principal images of heathen worship, and by showing photographs of several of the prominent Burmese converts, of modes of conveyance, costumes, etc. The close of the address was full of timely advice, and the earnestness with which the importance and need of the work was represented could not fail to create a missionary spirit in the society. Mrs Currie's remarks were highly appreciated and a most enjoyable evening was brought to a close by the familiar strains of "Auld Lang Syne."

Impure blood is the cause of more misery than any other course of disease, but this fact is often overlooked. Parsons' Purgative Pills will make new rich blood and will change the blood in the entire system in three months, taken one a night.

Johnson's Anodyne Liniment is one of the few really valuable patent medicines which we always take pleasure in calling attention to. It is both for internal and external use and is worth more to a family than a whole medicine chest.

EUREKA!

Found! a Plum Tree that will not Black Knot!

The Masters Plum Tree

has stood the test 40 years in Kentville, King's County, Nova Scotia. Chas. A. Masters, of Kentville, found this tree growing on lands now owned by Judge G. A. Blanchard forty years ago, and removed the tree to his garden in the village, where it now stands a healthy bearing tree, and is now owned by me.

There are scores of trees throughout the village in bearing from 4 to 20 years old which bear every year, and not a vestige of black knot appears on one of them. The tree is an annual bearer of rapid growth, growing tall not spreading. The Plum is quite large, purple color, and of excellent quality. It is the best preserving plum grown, and sells higher than any plum brought into the market. Last year, while the crop was immense, this plum readily brought \$3.00 per bushel, \$1.00 more than any other variety offered for sale. We have several hundred first class trees to offer for the spring planting and intend to plant 6,000 root grafts here. That this is the best and most profitable Plum Tree to plant that is grown in the Dominion of Canada, and that it will not black knot we refer the planters of this delicious fruit to

F. S. Masters, Barrister, of whom we purchased the original tree; also to Chas. A. Masters, G. A. Blanchard (Judge), J. R. Blanchard, H. B. Webster, M. D., J. E. Mulloney, M. D., Otho Eaton, John Byrne, T. E. Smith, J. A. Shaw.
