Walker and Harry Walker, of this city, to carry on a real estate business. The company is to be known as "The Newlands Improvement Company, Ltd.," with the head office at St. John. The capital stock of the company is \$50,000, divided into five hundred shares.

Belyea-Brown Wedding.

A pretty wedding took place on Thursday afternoon at the home of Mr. and Mrs. R. A. Brown, Salsbury, N.B., when their eldest daughter, Miss Myrtle Naomi Brown, was united in marriage with Mr. George N. Belyea, principal of the public school at Sussex, N. B. Mr. Belyea is a graduate of the University of New Brunswick and with his bride has been spending a few days here before proceeding to their future home at Coldstream, Carleton Co., where in company with his brother he has bought out a general mercantile business.

The City Hall Clock.

The City Hall Committee is likely to have the City Hall clock put in proper running condition at an early date. Last evening Mayor Hooper said that Mr. Harry D. White, the former caretaker of the clock, had reported to him that the present clock could be repaired and put in good shape again for \$75, while a communication had been received from the Western Union Telegraph Company offering to put in their proposed clock with illuminated dial for \$1,000. The company offered to have an expert come here to look over the present clock to see whether it could be utilized with their apparatus. If the city would pay half the expense of the expert's trip, but this the City Hall Committee declined to do.

Will Extend Aberdeen Street.

The extension of Aberdeen street, below Church street, is likely to be widened without much further delay after years of agitation by the residents and property owners of the section referred to. Last evening Mayor Hooper brought the matter before the city council and it was referred to Ald. Calder and Cruikshank, the aldermen for King's Ward, to take action. Ald. Cruikshank said that he had been advised that the University lands could not be legally held to be Crown lands, and with that question settled it is expected that some action will soon be taken. The work of having the street widened has been ordered by two councils of the past, only to have the question of expropriation of University lands on the ground that they were Crown lands come up.

ROYALTY'S VISIT TO FREDERICTON IS TO BE CURTAILED

Duke of Connaught's Stay in Fredericton to Be of Six Hours' Duration.

CITY CORPORATION TO PRESENT AN ADDRESS

Provincial Government Arranging Details of Visit to New Brunswick Tomorrow.

At the meeting of the Provincial Government to be held in St. John tomorrow, arrangements for the visit of H. R. H. the Duke of Connaught to New Brunswick in August will be perfected.

It is now stated that his Royal Highness' stay in Fredericton is likely to be curtailed and that the Royal party will not be in Fredericton more than six hours, arriving about 2 o'clock in the afternoon and leaving again about 8 o'clock in the evening of Saturday, August 24th.

It is believed that arrangements are being made to have His Royal Highness make the trip from St. John to Fredericton by steamer and much of the Duke's time in Fredericton will be taken up with attending ceremonies in connection with the re-opening of Christ Church Cathedral which will commence on that date.

Preparations are being made for extending the proper civic welcome to His Royal Highness when he reaches Fredericton and Ald. Cruikshank, Burdill, Farrell, Calder and Wilkinson are the committee in charge of the arrangements. A formal address of welcome will be presented, and Mayor Hooper and the City Clerk have been authorized to have it drawn up and forwarded to His Royal Highness at Ottawa in order that he may become familiar with the subject matter of the address.

NEW LABOR UNION FORMED IN CITY

President Watters of Trades & Labor Congress Organized Building Laborers.

A new labor union was organized in Fredericton last evening by Mr. J. C. Watters, of Ottawa, president of the Trades & Labor Congress of Canada.

The building trades laborers, including hod carriers, carpenters' helpers, etc., are the latest tradesmen in the city to organize and when their charter arrives and they elect officers two weeks hence, it is expected that there will be 25 members of the new union.

Afterwards Mr. Watters addressed a public meeting at the Y. M. C. A. Hall, when he discussed the labor question in all its phases. He traced the history and progress of the trades union movement in Canada, dealing largely with its international aspect and aims in that direction.

He also discussed the situation in Western Canada and claimed that the higher wages and shorter hours for workmen in the West were due more to the fact that the tradesmen there are better organized than in the East than to the higher cost of living.

While in the city Mr. Watters is also doing some union label propaganda, work and this evening he will return to Ottawa.

HACKS TO BE LICENSED.

New Bye-Law Will Go Into Effect in City on August 1st.

On August 1st a new city bye-law to regulate the public coaching in the city will go into effect.

The new law, which was adopted by the City Council last night, provides that all public coaches and other vehicles must be licensed. The license fee will be \$15 for the first vehicle and \$1 for every other vehicle registered by the same party.

All drivers of public vehicles will also be licensed, the license fee being \$1 each and licenses issued under the bye-law will be granted upon the recommendation of the Chief of Police, but the Mayor has the prerogative of holding up any license.

Inside and outside limits for fares are set forth in the new law for which 25 cents and 50 cents are specified as the fares, with the provision that between 12 o'clock midnight and 6 a. m. double fares shall be charged. The law also provides that drivers can collect a fee of 10 cents a flight for carrying trunks up stairs.

FIRE STATION WILL BE ERECTED ON KING STREET

Site of Present Building Will Probably Be Utilized for New Station.

BUNSWICK STREET PROPOSAL ABANDONED

And Chairman Cruikshank Is in Hopes of Having the Work Started at Early Date.

The site of the present fire station on King street is likely to be the site of Fredericton's new brick and stone central fire station.

All hope of placing the new station on one of the proposed sites on Brunswick street adjoining the Old Burial Ground has been abandoned, and Ald. Cruikshank, the chairman of the fire committee, last night expressed himself as reconciled to building the new station on the King street site. Ald. Cruikshank said that he had changed his views regarding the site for a fire station. The present site had the depth and would be wide enough for a two door station, which would prove wide enough by placing one piece of apparatus behind that in front, which was done elsewhere. The present site was convenient to the business section and the money that would have to be paid for a new site could be used towards the construction of the station. He believed the new building could be built over the present structure.

The council took no action last evening regarding approving of a site, but a meeting of the fire committee will be held in a few days. Chairman Cruikshank is anxious to have the new station built this year.

THE TAX NOTICES.

City Marshal Roberts Appointed to Serve Them, but No Pay Voted for the Work.

The question of who will serve the tax notices this year in Fredericton was partially settled last evening. The Finance Committee wanted Tax Collector H. C. Rutter to serve the tax notices, but inasmuch as the committee could not give the Council a definite statement that the collector would do this work as part of his regular duties, the committee could not get the support of the Council in their effort to have Mr. Rutter appointed. After a lot of dickerings at last evening's Council meeting City Marshal Roberts, who has served the tax notices for some years past, was nominated by Ald. Farrell, and Mr. Rutter was nominated by Ald. Calder. When votes were called on Mr. Roberts' name, Ald. Farrell was the only one to call yeas, but as no yeas were heard, Mr. Roberts was declared elected. Then Ald. Farrell moved that the usual pay—5 cents per notice—be paid Mr. Roberts, but nobody seconded the motion and now Mr. Roberts is appointed, but no pay is voted for the work.

26,390 VISITED FARMING SPECIAL DURING N. B. TOUR

Agricultural College on Wheels Attracted Many Visitors in This Province.

SECRETARY HUBBARD HOME FROM IRIIP

Tells of Success of Train Now Visiting French Sections in Quebec.

The total attendance of visitors at the Better Farming Special train, during its tour of New Brunswick, was 26,390.

The tour was completed at Campbellton on Saturday last and Mr. W. W. Hubbard, secretary for agriculture, who accompanied the train during the tour arrived home last evening much pleased with the success which the project had met with in this province. On Sunday the staff of French lecturers joined the train at Campbellton and this week commenced a tour through the section of Quebec tapped by the I. C. R. The train is expected to reach Montreal about July 15th.

The Divorce Court.

The Divorce Court yesterday afternoon adjourned until July 26th, when judgment in the case of Bishop vs. Bishop will be given. In the case of Stratton vs. Stratton, Mr. J. R. Dunn of Gagetown, appeared for the plaintiff and hearing was postponed.

Cleghorn-Thompson.

A quiet wedding took place at the home of Mr. and Mrs. Robert Thompson, Salmon Creek, when their daughter, Nellie Jane, was united in marriage to John Wesley Cleghorn, of Harvey, York county. The ceremony was performed in the presence of about thirty guests, by Rev. Edwin Smith, of Chipman, N. B.
