The " Campbell " label on your clothes is a guarantee of the best cut and workmanship-the best finish and material consistent with price. It costs as much to cut a \$10.00 suit as a \$30.00 suit-but it is much cheaper to make 1000 suits than 100.

We make clothes for thousands of men. Employ only skilled workmen and modern methods. The cost of making is reduced to a minimum. This is why clothes bearing the "Campbell" label-equal to any custom-made clothes in appearance and service-are sold at less than custom tailor prices. They cost less to make.
