"It is quite nice, dear, but when a woman has a head as red as yours—" "Tain't red, you mean thing; it's auburn," interrupted Mrs./B. savagely. "Well, sweet, when a woman has a head

as auburn as yours, she shouldn't get a jersey of the same colour, for if she went out on the roof to hang out clothes the neithbours might see her and turn in an alarm of fire,

Mr. Blim had occasion just at this time to go into another room.

Miss Taken,

They get it in the neck sometimes as the following will testify. He was a masher, holding up the corner, and as a very pretty girl came along he spotted her and made a

eak to mash her. "Ah," he said, with a greasy smile, tipping his hat, "I beg your pardon, but are you not Miss-"

But before he could continue she interrupted with :

"Not mis-taken in thinking you are afool? No, I don't think I am," and she sailed past, while he fell up against a lamp post and gasped as the crowd standing round, gave him the laugh till it made him sick in foureen languages.

Genuine Economy.

Nothing is wasted on our road," explained a railroad president, who was under ex-amination the other day as to the condition of his line. "There is not a concern in the country that utilizes everything as we do. "Do you put everything as we do. "Do you put everything to some use ?" in-guired an incredulous lawyer. "We fail in nothing," replied the presi-dent, "you cant name a thing that we do not derive some benefit from "

BUTHER The situation is unchanged since our last. Stocks still seem to be on the increase, both here and in the country, the demand at this point being being almost wholly to supply local wants. For this only the bezt grades are wanted, and are selling about 15c. Inferior is not wanted, the supply being allogether in excess of the de-mand, with some small lots of low grade selling at 10c. Street receapts have been fair, but the guality is poor. at 10 to 20c, for pound rolls, and 15 to 16c, for tub dairy. Pork-Remains without any decided change, and is only sold in small lots at former prices, which seem high as compared with Western markets. Bacon-The demand is quiet and freely met, with sales of tons and cases at 9½ to 10c, for long clear, and 9½ for Cumberland. In round lots, one car of clear is reported sold on p.t., supposed to be at a price fractionally below 9½. Cumber-land seems to be in smaller supply than long clear, and prices are proportionately firmer. Stocks of breakfast bacon are small and transac-tions limited, sales being reported at 13½ to 14c. HAMS-Stocks are small and prices firm, with jobbing lots of smoked steadily held at 13½c. and no sales of canvassed reported, though it is nominally held at 14c. One car lot of pickled sold on p.t., supposed to have been lower than 13c., which is only received for small lots. LARD-Transactions seem to consist entirely of small lots in tinnets and pails, prices ranging LARD-Transactions seem to consist entirely of small lots in tinnets and pails, prices ranging from 12 to 13c, HOGS-Offerings are small, and readily taken by butchers for their local wants, prices to-day ranging from \$8.50 to \$8.75, which is considered high ranging from \$8.50 to \$3.75, which is considered high. SALT-Liverpool dairy has been active at 50c, per bag of 50 lbs.; Liverpool coarse quiet at 65c. for cars, and 75 to 80c, for small lots, but cars have been inactive. Canadian, as before, at \$1.25 for car lots, and \$1.35 to \$1.50 for small lots to single barrels. DRIED APPLES-Small lots of barrelled have gone off fairly well at 10c, and evaporated at 16c. Country lots would have found buyers at 9 to 94c. had there been any offered. HOPS-Unchanged : single bales have contin-ued to sell slowly at 35 to 374c. for first-class, but this has been all doing ; no demand heard for country lots, and prices of them purely nominal. WhITE BLANS-Have sold fairly well in small lots at \$1.65 to \$1.50, as high as \$2 being paid for exceptionally fine samples. HIDES, SKINS, AND WOOL.

HIDES, SKINS, AND WOOL, TRADE-Remains without any change, ru quiet and steady. HIDES-Are quiet, the demand being fr met, but without any change in quotat There is no accumulation of stock, but our reports from Western markets show a de of to ic. Cured are also quiet, with sales to Sic, the latter selected. CALFSKINS-The season is about over, prices are nominal, offerings finding purches at former quotations. ShiESPKINS-There is no change to not pelts, which are steady at the recent adw is purpy being cood. An advance in Sep but is provable, as offenings from the com-

the .npply being good. An advance in Septem-br is probable, as a diamage from the country is as light, selling at 30 to 350. Woot-Quiet, with no special feature to note. In fleece there is little or nothing doing, and the demand from the mills for super is also small, although the feeling in the market for woolen goods shows some sign of improving. Sales of selected have been made at 19 to 195c., and coarse Cotswold could have found buyers at 16 to 17c., but is usually held higher. Pulled wools inactive; prices nominal at about 22 to 24 for it, and 29 to 39c. for extra.
