## STANLEY,

The Council met pursuant to adjournment, at Mr Elliotts' Hotel, Bayfield, on Monday, the 14th inst. All the members present. The Reeve in the chair. Minutes of last meeting read and approved. A petition was presented from the officers of the Bayfield Volunteer Company, asking an appropriation for the appreaching Battalion Match. A petition from J. C. McIntosh and 6 others praying the Council to grant aid to Miss Haackie for Medical penulus was presented and appropriation for the appreaching appropriation for the appreaching Battalion Match. A petition from J. C. McIntosh and 6 others praying the Council togrant aid to Miss Haackie for Medication and the Council togrant aid to Miss Haackie for Medication and the Council at some length on his efforts to secure Government aid for the Bayfield Harbor, M. A. Rutledge presented a subscription book for a bonts to the Montreal Telegraph Company to extend their line via Brucefield to Bayfield. Moved by George Carde, see by Dr Woods, that this Council grant the sum of \$24 and Thos McIntyre \$15 for gravel. Carried. Moved by George Carde, see by Thos Keys that Thos Baird be paid the sum of \$24 and Thos McIntyre \$15 for gravel. Carried. Moved by George Carde see by Thos Keys that the petition of J. C. McIntosh and others be laid over for tuture consideration. Carried. Moved by Thos Keys see by Geo Castle that By-law be framed and passed. Moved by George Carde see by Jr. Woods that this Council grant \$60 benus to the Telegraph line from Scaforth to Bayfield, to be paid when the line is completed. Carried. Moved by Dr Woods see by Geo Castle that this Council grant \$60 benus to the Telegraph line from Scaforth to Bayfield, to be paid when the line is completed. Carried. Moved by Dr Woods see by Geo Castle that this Council is of opinion that By-law should be submitted to the ratepayers for a grant of \$15,000 to aid the Bayfield Harbour provided that Government grant \$30,000. for a like purpose. Carried. Moved by D. W. Youla see by Geo Castle that this Council do now adjourn to meet at Mr Dixonse Hotel, Brucefield, on Monday, the 6th November at 2 o'clock p. m. Carried. WILLIAM PLUNKETT. Tp Clerk.

The Westfield Investigation.

The Westfield Investigation.

Varna, 15 Aug 1871.

The Westfield Investigation.

Coroner Keenan's jury in the Westfield case returned the following verdict: That the deceased Andrew Coyle and others died through a rupture or explosion of the beiler of the ferry boat Westfield, July 30, 1871: that said explosion or rupture was caused by a flaw in the iron, and by the segligence of engineer Robinson, in arrying an over pressure of steam; that the company are responsible for the disseter as the defect could have been defeat. sarying an over pressure of stoam; that the company are responsibe for the dissers as the defect could have been detected if the Staten Island Ferry Company had scompetent Superintendent, sugmeer and sechanic in their employ, and are therefore negligent. We recognized the District Attorney to take prompt action in the matter. We also think that the government inspection is very imperfect as now conducted. There was one dissentien, if Kirtland, who believed that the faw could not be discovered by the ordinary method of inspection.

sould not be discovered as the control of inspection. Coroner Keenan, after the verdist retired to prepare warrants for the arrest the President, Directors and Supernskad acts of the Staten Island Ferry Compay, and Rubinson, the engagements of Rubinson, the engagements of Rubinson, the President, Directors and Supermised-ents of the Staten Island Ferry Compay, also for the arrest of Robinson, the eva-eer, which warrants are to be placed just-hands of the police of the First Preench for execution. They will be require to give substantial bail to await the action of the grand jury. Captain Clair, of the First Presinct, to whom will be entrued warrants for the arrest of the Presides, Directors and officers of the Staten Islad Ferry Company, received instructus from Coroner Keenan to make only six-mal arrests and to accept the promises mal arresst and to accept the promise appear before the Coroner at his office a. m. te-morrow.

## The German Language!

The German Language!

Every child in school should learn a speak and read the German language. The people of this country, the integent portion particularly, are awakeng to the importance of a knowledge of the German. In the New England States: Is made a regular study in innany of the schools and colleges. Men who can speak German as well as English are in demai everywhere. On the farm, at the counte, the deek, in the shop, at the bar, in the pulpit, in the medical profession, in the school-room they have the preference. We can, to day, find at least a dozen congregations, paying salaries from \$1000 to \$1650 a year, where ministers able to preach in both languages are requirely, they have been vacant for months, in everal cases for years, begging for me. Clerks who can cenverse in buth language are always in demand, and command higher wages than those who can omy speak one. But, independent of the bread and butter consideration, the Geman language should be studied a account of its intrinsic value, and particularly in literature. Dispense with Latin and Greek in your school, but by all means let us have German. — Nebraska Herald.

The Hon Robt B Roosevelt, member of Congress from New York City (IVth District), and editor of the Citizen, ages breakers from the forecastle of the Democratic ship, and gives up the old hulk as doomed to sure destruction. He says in the last number of his paper: "As matters stand at present, Democracy is almost sure of defeat in 1872;" and further oa, in language still more positive, he concedes defeat in 1872;" and further on, in language still more positive, he concedes that the New Departure, the Anti-Orange riot, the exposure of Tammany's rutenness (though, in his opinion, of slight consequence in their operation on New York-ora), "have produced their effect in the country, where, with the sid of the Anti-Catholic feeling, they have dug the grave of Democracy, and will bury it in the approaching Presidential electron."

The International, by dist of repeated strikes, has nearly ruined the silk trade

A few years ago, Mr. Fellows ventured RBIMOVAL A few years ago, Mr. Fellows ventured to recommend a new combination of Hypophosphites (Fellow's Compound Syrup of Hypophosphites) to the medical profession and the public, based upon the effects he himself experienced from its use; since then it has been employed with marked success in the treatment of various debilitating diseases, and the sale which was at first numbered by single bottles, has now reached large proportions, so that it is impossible to estimate the good results which have followed. Many cases of consumption are known to have been cured, in others the physical signs have disappeared, while great improvement has been marked in all. The inventor has yet to be informed of a single instance where Bronchitis, either acute or chronic, has not been successfully treated by it; while in other lung difficulties, diseases of the Heart-Nervous System, and the Brain, it far sur, passes everything hitherto known.

SEAFORTH "EXPOSITOR."-If the Expe-SEAFORTH "EXPOSITION."—If the Expe-sitor wishes to retain any vestige of its re-putation as a Reform journal, it will have to pursue a different course, and not make ineffectual attempts to sew dissention in our ranks. If is a dangerous sign when it is quoted approvingly by the Goderich Star and T ronto Telegraph. That the brother of the editor of the Expositor is Sandfield's organist at Cornwall is no reason of Con-
