THE EXHIBITION.

and building cut from these, hoops of great variety, the finished barrels for the packing of herring and berries, barrels made after the Scotch style, white herring barrels, softwood and hardwood oil casks, "donkeys" drums, half-drums, kits and other packages. The booth is a very neat one and was visited by many yesterday.

W. J. ELLIS.

On the south side of the Rink on the lower gallery we visit the booth erected by Mr. W. J. Ellis and embellished in a most artistic way by Mr. Den. Carroll. This is devoted to the exhibition of the granite taken from the Ellis quarries at Petties. This is so arranged that the stone is set to represent the section of a residence, showing the doorway with the granite blocks set in the wall, and some of them highly polished. The steps leading thereto are also of the granite taken from these quarries, and several other grades of this splendid building stone are shown and created great interest amongst spectators. We congratulate Mr. Ellis on his splendid exhibition.

A. SAMUELSON, Cooper.

Mr. A. Samuelson, of the South Side, who runs an extensive cooperage there, has an excellent display of his handwork shown in a booth artistically arranged and beautifully decorated by the skilled hand of Mr. D. Carroll. This shows the neatest and most substantial kinds of the work made by the coopers, and consists of white oak and other casks, local and other herring barrels, notably those made after the Scotch pattern. Mr. Samuelson indeed makes a creditable showing.

ST. JOHN'S AMBULANCE ASSOCIATION.

This Association, under the supervision of Dr. McPherson, has a pretty booth which shows the various appliances and devices used for the rendering of First Aid to the injured and for life saving generally in all kinds of emergencies. It would be impossible to enumerate everything shown, but certainly the booth demonstrated that great interest is taken in this praiseworthy departure, and Dr. Macpherson has our congratulations.

MANUAL TRAINING CLASS.

In a space kept for the purpose on the main gallery above the entrance, boys from the different Manual Training Schools were at work last night and the place was the centre of attraction for many visitors. Two little lads of the Christian Bros. Schools St. Patrick's Hall, under the supervision of Rev. Bro. Cashman, turned out samples of woodwork, their tasks being executed deftly and thoroughly. The boys of the Anglican and Methodist Schools will give a display of their work also on alternate nights.

Agricultural Exhibits.

After His Excellency the Governor at the Prince's Rink had declared the Exhibition open, crowds gathered in the Curling Rink. The place was thronged with visitors up to the hour closing, all deeply interested in the display of vegetables, fruit, flowers, etc. When the building was lit up with the electric lights it presented a grand appearance, and the throngs of people on a large grandstand that was kept going at intervals all night added to the general pleasure. With the exception of the poultry all the exhibits were in place last night. The specimens of loom work and needlework in the west end of the building attracted a large gathering of ladies throughout the evening. The home-made articles displayed included housewifery and blankets, knitted shirts and drawers, socks and mitts, knitted wool quilts, wool filled quilts, floor rugs, floor mats, lace and crochet work, fancy wool and drawn thread work. His Excellency the Governor and suite came from the Prince's Rink, where the Manufacturers' Exhibition is being held, to the Curling Rink shortly after the opening speech had been concluded in the former Rink. He visited all the stalls and stands and made a careful and interested survey of everything. He made many complimentary remarks from time to time on the excellence of the vegetable and appeared to be highly pleased with the whole show. This is not to be wondered at, for the root crops were a surprise to the general public, including those who had attended similar events in the cities of the Maritime Provinces and upper Canada. The turnips, cabbage, potatoes and carrots could not be easily excelled in any country. It would be tedious to attempt the specimens sent in from one district more than another; however, there can be no harm in saying that the Harbor Grace exhibits were very much admired and praised by all. St. George's were also attractive, and Bonaville made a fine showing. The exhibits sent in from Harbor Grace were taken from a limited territory as compared with others, viz., from Bear's Cove to Mr. Stevenson's, so that the whole collection may be regarded as coming from the town proper. We don't wish to in any way anticipate the action of the judges who give the prizes, but we believe

GEO. KNOWLING

Has just received DIRECT from HOLLAND, from one of the most reliable Bulb Growers, a splendid shipment of

Matured Dutch BULBS

Including the following, viz.:

- Hyacinths for Glasses and Pots.
- Bedding Hyacinths.
- Roman Hyacinths.
- Double and Single Tulips, including the well-known Double Murillo Tulips.
- Drawing Tulips, Crocus, Daffodils.
- Polyanthus Narcissus (bunch flowered).
- Narcissus Poeticus (the Pheasanteye narcissus).
- Double and Single Jonquils, Snowdrops, Spanish Iris, Freesias and Anemones.

These Bulbs, unlike the early shipment from Holland, are fully matured, are sure bloomers and will be found as good as money can buy, notwithstanding the low prices they will be offered at.

We have received numerous testimonials from responsible parties in consequence of the success they have had in growing our Bulbs, our experience enabling us to import only those varieties suitable to our climate.

that the Bay Metropolis will not be behind. The oats thrasher in the shed outside the Rink was a great attraction to the people last evening. It was imported lately by the Agricultural Society and was sent to several parts of the country this fall for the purpose of threshing the oats raised by the large farmers. It was set working last evening and did the business like clock work to the great admiration of all who saw it work. It is the intention, we hear, to have one in every district of the country next year where oats raising is carried on. The poultry and live stock exhibition will be added this evening. Following is an additional list of exhibits:

Had Eczema In Both Legs

Remarkable cure of Chronic Eczema by use of DR. CHASE'S OINTMENT.

You could scarcely imagine a more severe test of this ointment than the cure of Mrs. Clark recorded here. For twenty years she suffered all the tortures of this terrible disease and tried in vain the prescriptions of doctors and the cures commonly recommended. Mr. Fred W. Clark, Petworth, Ont., writes: "My mother had Eczema in both legs for about 20 years and suffered from the dreadful itching, stinging sensations which can never be described. She doctored and tried everything for it but got no relief until she used Dr. Chase's Ointment which was recommended to her by a friend. She found that this brought relief and by continuing its use has been cured of Eczema. I do not think any one could have this horrible disease any worse than she did and can recommend Dr. Chase's Ointment as a thorough cure for Eczema." Dr. Chase's Ointment, 60 cents a box, at all dealers or Edmondson, Bates & Co., Toronto. Dr. Chase's Eczema sent free.

We believe MINARD'S LINIMENT is the best:

Nutritive Hypophosphites.

When a person feels "blue"—"all tired out"—"doesn't feel like doing anything"—cannot concentrate his mind on his work—feels weak mentally and physically—doubts his powers—complains of poor appetite and sleeplessness—suffers from headaches—then his nervous system is run-down and demands a good up-building tonic. Nervous exhaustion is a modern disease, caused by too close attention to business, overwork, worry, devotion to trying family cares, overstudy, etc. Nutritive Hypophosphites forms the best nerve and brain food known, and have restored thousands of sufferers to health. Obituary.

Mrs. Margaret Murray.

At 8.30 on Thursday morning death removed from our midst a highly respectable and esteemed lady in the person of Mrs. Margaret Murray. The deceased was well and favourably known, being born in Cape Breton, County Waterford, Ireland, 75 years ago, and the very last of the Irish stock in St. Mary's. She leaves 4 daughters and one son to mourn her loss. May she rest in peace. Oct. 27, 1910. ST. MARY'S.
