New York where she was boarded by visited where other associates of the chief of the expedition joined the equipment needed by the party, the Heavy weather was met at the outpossible to the land. Two days after that time going through the Straits while 'growlers' were passed in galore and it was with the greatest gradually dragged in on the shore On the night of Monday, July 14th, who was aroused, ordered the en-Stella Maris came on the scene and

Diana floated off the work of putting proceeded to Red Bay to get some cargo brought there by vessels thence going to Battle Harbor from met particularly in the Straitts of Belle Isle. The ship did not strike A delay of five days were very heavily and is making very little water. She was given a grand send off at Brooklyn Navy Yard and landers came on board, the crew meeting many old friends. The Erik for the north shortly. The transfer of the stores, etc., will be made quickly. Prof. McMillan and his party will land, if they can, near Cape will also land two. of the members of the expedition at Ponds Inlet who north to see them and will, it is said, charter one of our steel sealing ships for the enterprise.

Fisherman Drowned at Labrador.

By the Kyle there arrived from Sand Hill Tickle, Labrador the body Capt. Waite had just come of watch when the vessel grounded on Barge of a man named Ryan, of Trinity Point, near Red Bay. Capt. Waite, Bay. The poor chap was fishing with two others when a squall upset their gines to be worked full speed astern boat and they were thrown into the but this did not bring her into high water. Two of them clung to the the ship. A number of men from were rescued later by other boats Red Bay assisted in the work. This Ryan's body was recovered the day were rescued later by other boats. after the accident.

tried to tow the Diana off, but was unsuccessful. When more cargo was taken out the Stella Maris made and playing the postage Stamps at P. J. RAY-NES', New Gower Street.
