## C. L. MARCH CO., LIMITED,

Corner of Water and Springdale Streets.

1st-We produce our own lumber which goes into the Furniture and saves considerable cost. 2nd-We have the Surface Oak finish for our Furniture, which is the only thing of its kind

3rd-We import our own Coverings for our Parlour Suites, thus saving two duties, as most all

United States, and they have to import their coverings from France or some of the European countries, and pay duty into Canada or the States. We avoid the second duty by getting the Covering ourselves and having the frames made here. 4th—We have our Springs made from the wire by the only Weaver in the country; also the Oxford or Copper Wire Spring by machines too.

5th-We have our Mattresses made by machinery in our own building, the only machine of its kind in the country. It can produce 50 against 10 by hand, thus saving considerable in cost. 6th-We are producing the Excelsior or Wood Fibre and cutting the cost in two, which will mean considerable saving in the making of Mattresses.

7th-We are also Selling Agents for the celebrated Ideal Beds and Springs, and sell at factory price.

8th-We also have the COMBINATION LATH and SPRING BED, the only thing of its kind in the country.

9th-Having the factory in the same building, we can handle all sizes all repairing; in fact you can choose your own Coverings for Parlour Suites, Mattresses, etc., and have it made to order.

10th—Our motto (last but not least) is to sell at the lowest possible prices, and despite the serious advance in prices all round, we are, where possible, reducing the prices, WHICH SHOULD APPEAL TO EVERY HOUSEKEEPER when in need of Furniture and Furnishings, as we now by arrangement work from the "Tree to the Home," thus cutting out all middlemen's profits.
