

"CHILDREN take better care of their teeth than when we were young," remarked a grandfather as he saw the little ones of the family brushing their teeth.

"That is true," said the grandmother, "and children don't have the trouble with teeth we used to have. Their teeth will be firm and white when they are older, because they visit the dentist twice-a-year and use a good dentifrice every night and morning."

Perfect cleanliness of the teeth is essential to good health as well as to good looks. A delightful way to insure absolute cleanliness is the twice-a-day use of Colgate's Ribbon Dental Cream, the dentifrice with the delicious flavor.

### OFFICIAL.

LONDON, July 14.  
The Governor, Newfoundland:

At dawn we attacked the enemy's second system of defence and broke into hostile positions on a front of 4 miles. Fierce fighting has continued all the day. We are now in possession of the enemy's second positions from Bazentin le Petit to Longueval, inclusive, and the whole of the Trones Wood. Two counter-attacks were completely crushed.

Later the enemy succeeded in recapturing Bazentin le Petit, but our infantry immediately drove them out, and now occupy the whole village. Many prisoners have fallen into our hands.

### BONAR LAW.

BAZENTIN LE PETIT CAPTURED.

LONDON, July 14.  
Router's correspondent on the British front, telegraphs that the British forces have captured Bazentin le Petit and most of the village of Ovillers. A subsequent despatch from Router's correspondent says: "Later reports tend to confirm the first accounts of the success of the British attack this morning. The German second line was carried with small loss. The correspondent says the Germans surrendered freely. He reports that one regimental commander, his staff, three artillery officers, about 150 infantry officers and men, were brought into one camp by nine o'clock this morning. In addition to the villages already reported captured, the correspondent says, Bazentin le Petit has been taken by storm. Fighting is also proceeding against Ovillers, and virtually the entire village is in the hands of the British. Several German counter attacks against the positions just won, were repulsed by the British, who are now consolidating their gains. British troops are in high spirits over their successes."

### IN TRONES WOOD.

NEW YORK, July 14.  
A News Agency despatch from Paris, published to-day, says: "Fighting in the Trones Wood is believed to have been marked by heavy slaughter. Driven out of Mametz Wood and other small wooded regions in the vicinity of Contalmaison, the Germans clung to their positions in Trones Wood. Through the central part of the wood the Germans had dug elephant traps. The British advancing to the attack in last Saturday's fighting were suddenly precipitated through the foliage into deep pits. Both sides resorted to surprise attacks. There is heavy fighting for the possession of the forest."

### COUNTER ATTACKS REPULSED.

LONDON, July 14.  
Fierce counter-attacks made by the Germans in the effort to reconquer some of the ground captured by the British in to-day's drive, were completely crushed by British forces, according to an official to-night.

### INTERNED CIVILIANS.

LONDON, July 14.  
Proposals made in the recent British note to Germany regarding relief for interned civilians, were given to-day by Lord Robert Cecil, Minister of War Trade. The substance follows: All persons above the age of 50 are to be repatriated by their respective countries. All persons between the ages of 45 and 50, who are unfit for military service, are also to be sent home. All of the remainder in Germany are to be repatriated by their respective countries.

many and Britain are to be interned in equal number in neutral countries. Sufficient time has not yet yet elapsed for a reply to be received from the German Government.

### FURIOUS COUNTER ATTACK.

PETROGRAD, July 14.  
A furious counter attack was launched by the Austrian and German forces yesterday, against the Russians, west of the Stripa. The War Office announcement says. In this region the Russians took 3,200 prisoners captured two guns and 19 machine guns.

### FINANCIAL CONFERENCE HELD.

LONDON, July 14.  
The financial conference between representatives of Britain, France, Russia and Italy, was held this morning at the Treasury Office.

### RIOT REPORT AMONG GREEK SOLDIERS.

NEW YORK, July 14.  
A cable from Paris to a News Agency here says that despatches from Salonika report serious rioting at Kavala, where 500 Greek soldiers stormed a train, on which they had been refused transportation. The railroad is controlled by the Anglo-French army. Pickets fired upon the Greek soldiers and drove them off.

### CONSTANTINE'S SUMMER PALACE BURNED.

PARIS, July 14.  
A wireless despatch from Athens to-day describes the destruction of the summer palace of King Constantine, and the burning of the forest of Tatol, in which the palace stood. The King, says the despatch, escaped in an automobile from a dangerous position, where he was directing the foresters endeavoring to extinguish the fire, which had started in the woods. The motor in which the King approached the burning district was surrounded by flames. He darted on foot through the danger zone, reached another automobile and got away safely. Many persons were caught by the flames and perished. Among them were several army officers. The forest, which was the largest in Greece, was entirely burned over. The total loss from the flames exceeds 40,000,000 francs.

### DIFFICULT UNDERTAKING.

WASHINGTON, July 14.  
The tragic stories of attacks by sharks upon bathers along the New Jersey coast, were discussed at to-day's meetings of the cabinet. Later Secretary McAdoo announced that the coast guard would be ordered to do what it could toward clearing the coast of these dangerous fish, and preventing further loss of life.

### U. S. COLLIER SUNK.

CHARLESTON, S.C., July 14.  
Capt. Hunt, of the tug Vigilant, reported late to-day that the United States naval collier Hector, bound from Charleston for Santo Domingo, with fifty marines aboard, sank nine miles southeast of Charleston lightship. The fate of the crew and marines is unknown.

### THE POPE AND PEACE.

NEW YORK, July 14.  
A News Agency despatch from Rome to-day says that Pope Benedict is reported in church circles here, is preparing the issue of a second appeal for peace on the occasion of the second anniversary of the beginning of the war, now only two weeks away. Issuance of the appeal depends upon the success of the Allies in their present offensive. If the Anglo-French forces, for example, have made a wide breach in the German lines, steadily pushing back the enemy as the anniversary draws near, His Holiness will regard the time as inopportune and will have little or nothing to say regarding peace.

## Newfoundlander Invents Shells For Trench Warfare.

Mr. Levi Chafe received a letter a few days ago from his nephew, Corp. Fred Chafe, A. Co., 49th Battalion, C. E. F., now in France, who was among the first to enlist and joined the above regiment in Calgary, Alta. After more than a year in the trenches he came safely through several tough engagements. In his letter he speaks of his brother, Private Alan Chafe, of the 31st Battalion, another Western unit, and says: "Alan has invented a new shell for trench warfare. Description or dimensions of course could not be given, the Army authorities having the matter in hand." Should the patent be accepted the young soldier and his native Newfoundland will have every reason to be proud. Private Chafe was severely wounded in a previous action and lost the sight of his left eye.

## Congratulations to Dr. Paine

We extend heartfelt congratulations to Dr. H. G. Clarence Paine, third son of Mrs. and the late Rev. Geo. Paine, of this city, who graduated at McGill University, Montreal, on Monday last, in medicine with honors. Mr. Paine spent four years at the University and in May of last year proceeded to France as one of the McGill Base Hospital Unit. After a short time spent "somewhere in France," all fifty-year men were recalled and ordered to return to the University to complete their course of studies. Dr. Paine is expected by Monday's express on a visit to his mother to whom we also extend our felicitations.

## Message From one of "Ours."

Mr. Elijah Bishop, of Mundy's Pond Road, yesterday received a wire from his son Alec, who is in the Ambulance Corps of the 1st Nfld. Regiment. The message was dated from London and stated that the sender was well. Private Bishop was among the Dardanelles campaign and also the recent fighting in France. This message added to others received, seems to show that most, if not all, of those who took part in the fighting, have been given furlough for a time.

## Anniversary Mass.

To-morrow the anniversary Mass of Requiem will be said at Mount Carmel Cemetery. Rev. Dr. Kitchen, P. P., St. Joseph's, will be the celebrant and will also preach a sermon fitting to the occasion.
