Homeless and Destitute.

A man named Thomas Collins, with a wife and four small children, the oldest being but 11 years of age, has been homeless for about two months, and has nowhere whatever to go, getting shelter for his wife and family wherever he can, chiefly through the kindness of others. During this week they have been under canvas in Hart's Field, exposed to all the storms of the past two days. This morning their tent blew down and the occupants were drenched with rain and chilled to the marrow, the children especially suffering severely. Without food and only their wet clothing and no change of raiment, their condition is pitiable indeed. It is too bad that in this enlightened age people should be on the street, and be obliged to fudge in such a way as the Collins family. We have philanthropists aplenty, but none of them appear to know anything of certain cases, the present one being in point. We commend this case to the notice of the authorities.

Seeking Pulp Mill Site.

A number of Americans have been looking over some timber areas in the vicinity of Pinware River, Labrador, on behalf of the A. P. W. Paper Co., Auburn, New York. The party consisted of Mr. Taranganou, of Montreal, Dr. Tarrean, Seth Wheeler, Jr., Hillis Craun, of Auburn, K. Lord, of Tupper Lake, and H. C. Grave, of Greenwich. The party spent two and a half weeks cruising at Pinware. They report dense growth of very fine pulp timber in that locality. The A. P. W. Paper Co., have had to depend upon other paper mills for their raw material. They now propose erecting mills of their own of 16 machines.—Western Star.

Daily Service.

The travelling traffic has been on the steady increase for some months so much so that it has reached a point where present facilities are grossly inadequate; this is particularly so in the cross-country and Cabot Strait services, and we understand that arrangements are being made for the resumption of the daily express, and that the Lobelia is to be placed on the Cabot Strait. The Lobelia has a speed of about 17 knots.—Western Star.

RAIDING BY AUTHORITY.

DUBLIN, Sept. 2. Numerous private houses, stores, public buildings and schools were raided by police and military in Dublin last night. The places raided included the offices of Arthur Griffith's paper "Young Ireland," the Clontarf Town Hall, residences of relatives of Sinn Féiners and the publishing establishment of M. G. Gill, and Son, who are the principal Catholic publishers in Dublin.

U.S. SUB WENT TO BOTTOM.

NEW HAVEN, Conn., Sept. 2. A wireless message from the United States steamship, General Goethals, picked up at Farmington, Conn., tonight, says United States submarine S-5 has been submerged thirty five hours, and asks that destroyers be sent to her rescue. She is off Delaware Capes and air is being pumped into the submarine by two steamers standing by the submerged vessels, whose crew of twenty four men and six officers are still alive, according to wireless message received at the Philadelphia Navy Yard. The submarine S-5, reported in trouble left the Navy Yard at Boston on Monday for Baltimore on recruiting service, carrying thirty five men and two officers. She was recently commissioned, and it is understood that this was her maiden trip.

FLOUR TAKES TUMBLE.

WINNIPEG, Sept. 3. A reduction of one dollar and five cents on all grades of flour was announced here yesterday, making fancy patent flour thirteen dollars and seventy-five cents, and bakers' patent twelve dollars and ninety-five cents per barrel. There will be no reduction in the price of bread.

PHILADELPHIA, Sept. 2. All members of the crew of United States submarine S-5, reported last night trapped off Cape Henlopen, have been rescued after the undersea craft had been submerged for forty-two hours, according to a message received at the Navy Yard here early to-day.

Police Court.

A drunk was fined \$2 or 7 days. An assault case was dismissed. A drunk and disorderly was not sober enough to appear.

A case in which a woman of the higher levels is accused of keeping a house, not in conformity with the law, has been occupying the attention of the court this past couple of days. The prosecution was conducted by Inspector General Hutchings and several girls and men were called as Crown witnesses. During the examination the lawyer for the defence had to use some diplomacy to keep his witnesses from divulging the names of motor car owners and other gentlemen (?) not directly concerned in the case. The accused herself in giving evidence disclaimed any knowledge of the charges made against her, and denied that there were as many frequenters as the prosecution would try to prove. She, however, admitted that she had knocked down with a bottle two or three men who came to her place and annoyed her by inviting her boarders out for joy rides. The case was concluded at 1.15 to-day and judgment will be handed down, when all the evidence, which was lengthy, is reviewed.

Embargo Hits Coal Trade Hard.

Shipping at the coal piers here has not been very brisk during the week. Since the embargo on the shipment of coal to foreign ports came into effect, the coal trade has rapidly fallen off.

At one time during the summer there were as many as 23 steamers waiting for coal cargoes or bunker, but since the embargo the number has decreased until to-day there are less than ten vessels in port. At present there are three Canadian government owned steamers in port bunkering for South African and European ports. The last of the Dutch cargo vessels to sail for Holland with a load of coal was the Randwyk—Sydney Record.

WILL ADDRESS BOARD OF TRADE.—On to-morrow (Saturday), at 12.15 p.m., Capt. Evan Edwards, H. M. Senior Commissioner in Canada and Newfoundland, will deliver an address to the members of the Board of Trade on "Trade Within the British Empire."

MRS. WM. P. SMITH, of Los Angeles, Calif., who says Tanlac completely restored her health when no one believed she would ever be well again. Has gained thirteen pounds.

"I will never stop praising Tanlac, for it has restored my health when everyone who knew of my dreadful condition had no idea I would ever get well."

"Two years ago, following an accident, I began suffering from indigestion and severe stomach trouble. I grew worse so rapidly that my health soon became perfectly wrecked. My stomach became so weak I couldn't eat the simplest food or drink a glass of milk without suffering for hours afterward. I was extremely nervous, and would have palpitation of the heart so badly at times I would almost faint. My circulation was very poor, I had no color, and weighed only eighty-one pounds. It seemed I was just gradually starving by degrees, and I had almost given up hope."

"After the best medical treatment failed to help me, travel and a change of surroundings was advised, so I traveled nearly all over the United States and had treatment every place I went, but always with the same disappointing results. How I stood my suffering is more than I can tell, and I became so despondent that life seemed hardly worth living."

"That is just the condition I was in when I began taking Tanlac. When my husband first suggested Tanlac I told him I had no faith in it, but the next day he bought me a bottle, and to my great surprise it seemed less agree with me, so I kept on taking it. The results speak for themselves."

"I have gained thirteen pounds in weight, and I feel perfectly well in every way. My appetite is splendid and I eat just anything I want and never have the slightest symptom of indigestion. I am so happy over the recovery of my health that I feel just like telling everybody about this wonderful medicine."

The above remarkable statement was made recently by Mrs. William P. Smith, a well known and highly respected resident of Los Angeles, Calif., residing at 139 East Avenue, 38.

Tanlac is sold in St. John's by M. Connors; by Reg. Sullivan, Pouch Cove; Sound Island Store, Sound Island; Dennis Flynn, Avondale; J. J. O'Brien, Cape Cove; J. W. Smith, Baine Harbor; W. A. Burdock, Belleoram; John Morey, Fermeuse; Mrs. Jos. Quinn, Renewa.—adv
