Serious Situation at Sydney.
 Complete Tie-up Threatened—S. S. Advance total Loss at Halifax.

THE MINERS' ULTIMATUM.
 SYDNEY, July 2. The miners of Cape Breton will down tools at midnight Tuesday, unless the provincial police and federal troops are on their way out of Sydney by that hour. This ultimatum was adopted at a mass meeting of miners at Glace Bay to-night and ordered to be wired immediately to Premier W. H. MacKenzie King, Hon. James Murdock, Minister of Labor, to Premier E. H. Armstrong, of Nova Scotia and Attorney General W. J. O'Hearn.

RIOTERS INJURED.
 SYDNEY, July 2. Scores of rioters nursing damaged heads, five injured seriously enough to need medical attention, two in jail and several automobiles wrecked is the result of a night of excitement on Sunday on the coke ovens side of the Sydney steel plants. Mounted police charging on the mob, and tin-hatted soldiers advancing with fixed bayonets, lent a war-like and spectacular touch to the strenuous scenes which commenced at 8.30 o'clock and continued intermittently until midnight.

MORE TROOPS ORDERED TO SYDNEY.
 OTTAWA, July 2. Troops have been ordered to Sydney from Halifax, Montreal, Quebec, Toronto and London.

MENACING DISTURBANCES AT SYDNEY.
 Mike Koval, a Russian, one of last night's raiders on the plant of the British Empire Steel Corporation, was struck over the head at an early hour and this morning was still unconscious. Five young men named Goss, English, Vokey, Pike and MacDonald were arrested, and John MacAuley, foreman of the blast furnace department, was suffering from a severe mauling. These were the outstanding results of a night of disturbances growing out of the local steel strike, which commenced about 8.30 last night and continued at an early hour this morning. At 8 o'clock last evening a crowd estimated at more than one thousand men had assembled in Victoria Road, outside number four gate of the steel plant. At 8.40 they swept forward carrying away the gate and a long section of fence. Sweeping aside the guard on the gate the men surged into nearby mills and spread all over the two hundred and seventy acres of the steel plant. They were stopped long enough to say they were not out for sabotage but to take "scabs" off the plant. As the attack commenced signals were sounded on the steel works siren and the city police rushed to the spot in automobiles and entered the plant. Following a struggle the raiders were driven out. About 10.15, forty men made their way through number five gate into the mills. They were met by a party of men who had been working and during the melee which followed Koval was struck over the head. MacAuley was hurt in the mix up. Later, fifty men made their way in but were driven out. Five of the party were arrested. The disturbance appeared to be over at 2.30 this morning.

ADVANCE IS ASHORE IN HALIFAX HARBOUR.
 HALIFAX, July 2. The steamer Advance, 2465 tons, from Boston for Halifax and St. John's, Nfld., with passengers and cargo, went ashore on Shuttin Island while entering Halifax harbour today in a dense fog. The captain wireless for tugs to take off the passengers. As the weather is calm no danger is anticipated for those on board. The Advance was purchased this spring by the Intercolonial Navigation Company from the Panama Railway Company for the former's Boston-Halifax-St. John's, Nfld. route.

ADVANCE A TOTAL LOSS.
 HALIFAX, N.S., July 2. The steamer Advance, which went ashore on Shuttin Island while entering Halifax Harbor in a dense fog this morning, broke in two this afternoon. Her sixty-five passengers and crew of forty-five were taken off by tugs. The Advance struck at 3.30 o'clock almost at high tide, and the passengers were taken off four hours later. An hour afterwards with the falling tide the ship broke in two, and Edward Carey, a waiter, was knocked down and suffered injuries which necessitated removal to hospital, while other members of the crew had a narrow escape. The crew left the ship shortly afterwards. The entire vessel settled considerably, and at high tide to-night was practically submerged. More than twenty of the passengers were children, some of them infants in their mothers arms, and there were a large number of women. Fortunately these were transferred to tugs in the calm water prevailing an hour before the breaking up of the ship which, it is thought, would have caused fatal or severe injuries had a larger number of people been aboard. Thirty-one of the passengers were for St. John's, Nfld., and will go forward by the Red Cross liner Rosalind, Tuesday. The Advance was commanded by Capt. C. W. Nickerson, who was making his first trip as master of her.

BRITAIN'S AIR CONTROL.
 LONDON, June 30. France may enjoy military supremacy in the air, but thousands of persons who witnessed the great aerial pageant at Hendon to-day, came away convinced that Great Britain leads in the variety of air machines at her disposal. In addition to the well known types used in the air service and the tiny Wren of three h.p., there were several R. C. Airplanes,

Headaches Are Usually Due to Constipation

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication.

Nujol is a lubricant—not a medicine. It does not gripe. Try it today.

SEVEN GERMANS SENTENCED TO DEATH.
 MAYANCE, June 30. Seven Germans were yesterday sentenced to death by a French court martial for sabotage.

COST OF LIVING IN GERMANY.
 BERLIN, July 1. Living expenses in Germany underwent a record breaking increase during the past week, retail prices going up more than thirty-two per cent. The average retail prices in June were 193 per cent higher than in May and a new wave of increase set in to-day ranging from 43 per cent to 400 per cent on necessities or nearly seventeen thousand five hundred times pre-war figures for all living expenses. Compared with 1914 the increase is eleven thousand fold. To-day legally fixed prices in Berlin were raised five fold. The poor among the population holding Government cards had to pay four thousand six hundred marks to-day for a loaf of bread. For other purchasers bread was ten thousand marks.

AN AMERICAN PEACE AWARD.
 NEW YORK, July 2. The creation by Edward Bok, of Philadelphia, of an award of one hundred thousand dollars to be called the American Peace Award and to be given outright to the first citizen of the United States who presents the best practicable plan by which the United States may co-operate with the other nations for achievement and preservation of world peace, was announced to-day by the Policy Commission which has been organized to administer the award. The award is to be paid in two parts, fifty thousand to the author of the plan as soon as it has been chosen by the jury of the award, and the remainder when the practicability has been demonstrated, when it has passed the United States Senate, or when the jury shall decide that an adequate degree of popular support has been shown for it.

Eugene O'Brien a Two-Fisted Hero.
 IN HIS LATEST FILM AT THE NICKEL.

The tired business man dissipates his fatigue in a most enjoyable evening's diversion by following the crowds to the Nickel theatre, where opened last evening the bright Selznick picture, "Chivalrous Charley," with Eugene O'Brien playing the gallant, two-fisted hero. The encounters which Charley Rully, late from punching cows in the West, to punching gangsters and wife-beaters, etc. in New York, participates in, are realistic enough to gladden the heart of the veriest ring-side fan. And that's not all! Having tried in vain to follow an indolent uncle's advice to live down a reputation for a too chivalrous attitude toward ladies in distress, this young Sir Galahad throws up the sponge. But Rully, Senior, doesn't play the game square. Finding his nephew's efforts far from satisfactory, the shrewd old gentleman plots a trap for Charley, which is intended to give him a practical lesson in the application of ordinary horse sense in matters of chivalry. Unfortunately, the game gets away from his uncle and by the time the police take an active part in the proceedings, Charley has taken unto himself a wife, among other troubles that pile upon him in swift, tempestuous succession.

SERIOUS TRAIN SMASH AT BUFFALO.
 BUFFALO, July 2. Forty persons were injured, several probably fatally, when a two-car train of the Niagara Falls high speed line of the International Railway Company ran into an open switch at the northern city limits of Tonawanda to-day.

CURTAILING GERMAN TRAFFIC.
 ESSEN, July 2. A sharp curtailment of traffic on the Ruhr and Rhineland interurban tramways lines, over which the Germans have been moving merchandise, mail and coal, since the seizure of the steam railways, has been ordered by General Degoutte as a penalty for
