

That Tired Feeling

Makes you seem "all broken up," without life, ambition, energy or appetite. It is often the forerunner of serious illness, or the accompaniment of nervous troubles. It is a positive proof of this, weak, impure blood; for, if the blood is rich, red, vitalized and vigorous, it imparts life and energy to every nerve, organ and tissue of the body. The necessity of taking Hood's Sarsaparilla for that tired feeling is therefore apparent to every one, and the good it will do you is equally beyond question. Remember

Pouring In

Exhibits at the Western Fair Are Now Coming.

The Main Building Will Be Crowded—Great Display of Horses and Cattle Promised.

The hum of industry is becoming louder at the Western Fair grounds. Tomorrow the Fair will be nominally opened, without the slightest ceremony, and the secretary will take up his office on the grounds. Exhibits are pouring in, especially in the main building. Mr. George Taylor, the chairman, says he finds great difficulty in securing space for several late displays on the ground floor. In quality and tastefulness, the palace show will be equal to any in former years.

The new buildings have already had their effect on exhibitors. "We will have the greatest field of horses in our history," said Secretary Ferguson today. "Live stock entries to date are greatly in excess of last year. On Monday night we had twice as many cattle entered as on the same night last year. Everything goes lovely."

Western Fair representatives are in Toronto looking after the exhibits, which will be brought to London at the latter end of this week. Mr. Dan Ferguson is looking after the horses; Mr. Charles Trebblock, the cattle, and Mr. Allan Dugue, the poultry. The carriage building is already being filled with beautiful vehicles. Exhibitors are also entering the machinery hall. The agricultural hall display is also coming in.

Men are busy rolling the race track. It needs it.

Over thirty tons of fodder have been placed in the cattle sheds. The main building resonates with the hammer, and the saw. The grand stands and new buildings will be revelations to country visitors.

Mr. J. H. Brown, chairman of the grounds committee, is a very busy man.

Dining halls are being rigged out.

Flower Day at Somerset Hall—The President's Return.

Flower Day is one of the red letter days of the W. C. T. U. It is the occasion when the members of the union tender a reception to their honored president on her return from her summer vacation. Yesterday afternoon Somerset Hall was turned into a veritable bower of beauty—flowers everywhere—and the air was laden with rich perfume. About 120 ladies were present. The president, Mrs. Thornley, occupied the chair, and conducted the opening devotional exercises and Bible readings.

Before the programme was entered upon Mrs. Gordon Wright stepped upon the platform, and with eloquent words, on behalf of the union, welcomed Mrs. Thornley to their midst, assuring her of their most sincere regard for herself and their appreciation of her noble services, which have now extended over a period of six years, and also their ardent desire that she should continue to be their honored leader.

While Mrs. Gordon Wright was speaking it was quite evident that all present were in full sympathy with every word.

Mrs. Agar then presented Mrs. Thornley with a bouquet of beautiful roses.

To the welcome that had been extended, Mrs. Thornley replied in her usual earnest tone. She does not need, and president and members felt that they had taken another step closer, if possible, in their regard for each other.

Miss Iuse was present, and very kindly favored the audience with a solo. The business for the day, fair work, was then taken up, and at 5 o'clock tea and cake was served. Mrs. McDermid presided at the piano and rendered some fine selections.

A Watch.

One of the most convenient and necessary inventions for anybody to carry is a watch. To have a good timepiece is a luxury, and to own a poor one is constant dissatisfaction and annoyance. Recent years have seen the watch trade revolutionized. It now only requires a small outlay to place in one's possession a watch that will keep correct time. One does not need to pay high prices when such bargains as are offered by Mr. Thos. Gillean, jeweler, of 402 Richmond street, London, can be had. For the month of September Mr. Gillean announces a cut in several styles of ladies' and gentlemen's watches that cannot but result in satisfactory sales for the buyer as well as himself. He gives this opportunity at a time when thousands will visit the Western Fair. His store contains one of the best selected and largest stocks of silverware, jewelry, etc., to be found in Western Ontario. Visitors to the Fair should see this large stock before returning to their homes; while citizens will do well to hear this announcement in mind.

Peter, iii, 18-21. He was also examined in several of the subjects prescribed, and on motion of W. J. Clark, seconded by John Currie, his trials were sustained, and he was in due form licensed to preach the Gospel.

Lord and Lady Aberdeen at the Toronto Exposition.

Their Excellencies Guests of the Directors—Delighted With Their Reception.

Toronto, Sept. 8.—Yesterday was Germania Day at the Exposition, and was under the auspices of various German societies of the Dominion and the United States. The weather was beautiful, and there was a very large attendance of visitors.

Lord Aberdeen arrived on the grounds at one o'clock, and was entertained at the directors' luncheon. After luncheon he was conducted through the various departments by President Withrow, Mayor Fleming and other directors.

Lady Aberdeen arrived at the W. C. T. U. parlors at 2:30. Mrs. Rutherford, president of the district union, made a short speech, and then welcomed, and Miss Hilda Rutherford presented her Excellency with a beautiful bouquet. After a very neat reply to the address, Lady Aberdeen was conducted through the main building and through the various departments where women's work is exhibited. Her Excellency complimented the various exhibitors and expressed herself as delighted with the afternoon's entertainment.

At the directors' luncheon, besides Lord Aberdeen, the invited guests were Hon. Sidney Fisher, Minister of Agriculture; Mr. Samuel Nordheimer, German consul; Mayor Fleming and the members of the city council; the four judges of the fair, and the representatives of the dairy and creamery associations.

Lord Aberdeen expressed his pleasure at again visiting the great Fair, and referred in a most complimentary manner to the exhibits in the various departments. Short speeches were also made by Mayor Fleming, Mr. Nordheimer and the representatives of the dairy and creamery interests.

Every department of the Fair is now open, and in full operation. The fruit and floral displays are various and large crowds, as is also the dog show. The attendance on Monday is said to have been over 100,000—the largest number of visitors in the history of the Fair in one day.

A Real Summer Resort.

Kill two birds with one stone. Spend a pleasant summer holiday at Oakville and rid of the liver complaint at the same time. It will cost you a little more than if you go to an ordinary summer resort, but probably not half as much as you would spend on liquor in half the time. "Lakehurst," with its fine house, shady grounds, water front and excellent food, is a preferable to most hotels, and you can leave your liquor curse behind you forever when your holiday is over. For full particulars address Manager, Lakehurst Institute, Oakville, Ont., xt.

Will Meet Again.

Aldermen and School Trustees to Play Baseball.

In Tecumseh Park Friday—Mr. Reid's Kind Offer.

Ever since the school trustees got a taste of aldermanic baseball they have been thirsty for more. They will get a chance on Friday afternoon.

As is well known, the Ladies' Auxiliary of the Y. M. C. A. did not clear as much money from their street car enterprise as they expected. They earned about \$200 and \$250, whereas they aimed at nearly \$1,000.

Mr. W. J. Reid has kindly offered them the free use of Tecumseh Park on Friday afternoon, that they may supplement the sum. The school trustees, as stated, are very anxious to knock the spots off the aldermen again, and the latter seem to be ready to retrieve themselves. All the city fathers spoken to have consented to play, "not for the fun of the thing, but to help the Y. M. C. A." They say, if the weather is fine there should be a large attendance. The general admission will be only 10 cents, with 10 cents for the grand stands.

JUDGE LECOURSE DEAD. Berlin, Ont., Sept. 8.—A. Lecourse, senior judge for Waterloo, died here yesterday morning at his residence on Margaret avenue, after an illness of nearly a month. He was about 66 years of age.

TWO ELECTIONS CONFIRMED. Montreal, Sept. 8.—Judge Loranger has maintained the preliminary objections in the contested elections of Messrs. Monk (Con.) and Fortin (Lib.) in Jacques Cartier and Laval counties respectively. The petitions are thus dismissed and the elections confirmed.

BRYAN'S ACCEPTANCE. Chicago, Sept. 8.—W. J. Bryan's letter accepting the Democratic nomination for the Presidency starts off with the assurance that if elected he will under no consideration be a candidate for re-election. Mr. Bryan says: "I have carefully considered the platform adopted by the Democratic National Convention, and unqualifiedly endorse each plank thereof."

BIG FIRE AT LITTLE CURRENT. Little Current, Ont., Sept. 8.—Sunday morning W. A. Fraser's mill was burned to the ground, and all the lumber that had been cut this summer was consumed. Ramesbottom & Spencer had the mill rented, and their loss is about \$200, with \$4,000 insurance. They also lost all their equipment for running the mill. J. & T. Charlton lost about 300,000 feet of lumber; insured. W. A. Fraser had no insurance on the mill. Total loss \$15,000.

SLEEPLESSNESS is due to nervous excitement. The delicately constituted, the financier, the business man, and those whose occupation necessitates great mental strain or worry, all suffer less or more from it. Sleep is the great restorer of a worn brain, and to get sleep cleanse the stomach from all impurities with the doses of Parmentier's Vegetable Pills, gelatine-coated, containing no mercury, and are guaranteed to give satisfaction or the money will be refunded.

Italy's trials have fired the heart of Rafael Giannelli, who for several years has enjoyed a monopoly of the street piano business in Toronto, Ont., and has grown rich out of it. He has sailed for his native land with his family in order that his eldest son may join the army. The Italian colony of Toronto say the Giannellis are enthusiasts for the cause.

We have no hesitation in saying that Dr. J. D. Kellogg's Dysentery Cordial is without doubt the best medicine for the looseness of the bowels, diarrhoea, cholera, and all summer complaints, sea sickness, etc. It promptly gives relief and never fails to effect a positive cure. Mothers should never be without a bottle when their children are teething.

—Toronto Globe: "A rumor was current yesterday that the Imperial Oil Company were negotiating for the sale of their Petrolia properties to an English syndicate. Mr. F. A. Fitzgerald, of London, president of the company, was in the city, on his way home from Ottawa, and to a Globe reporter stated that there was nothing in the report."

—The water commissioners met yesterday afternoon. Chairman Judd, Commissioner Cowan, Secretary Ellwood, Engineer Moore and Inspector Plawton were present. —An inquest was held last night in Toronto on the body of Miss Ellis, the elderly lady who died from the effects of injuries received through being run down by a trolley car in Tanerly Hollow, North Toronto, ten days ago. The jury found that the occurrence was purely accidental, and that the company's employees were blameless in the matter. The death of Miss Ellis, who lived for a time in London, and who has relatives here, has already been referred to by The Advertiser.

The city postoffice letter boxes have recently been tampered with by several rascals. They open the letter hole in the side of the box and drop all sorts of refuse inside. Wet leaves, banana peels, sticks and sand are common articles used. Last evening Collector Siggins' boy found a live snake in the box on the corner of Dundas and Wellington streets. The other evening a number of rods were taken out of the box at the corner of St. James and Ontario streets. The police have been notified to look out for all letter boxes hereafter. The offense is a serious one, and the publication of this notice should be a warning to everybody.

WORK FOR LONDONERS. It is expected that the contracts for the erection of the Grand Trunk car shops at London will be awarded some time this week. The tenders for the work are at present before the officials at Montreal, and are under consideration. As soon as the shops are completed a portion of the work hitherto done at Toronto will be taken to London. While the present workshops here will not be closed, there is every probability of a reduction in the staff, for this will be made necessary by the transfer of some of the work from Toronto to London.—Toronto Globe.
