A Number of Changes on the Canadian Pacific.

Pennsylvania Railway Company Said To Be Promoting the \$25,000,000 Bridge to Span the Hudson.

Toronto, April 30.—The expected re-division of the Ontario and Quebec division of the Canadian Pacific Railway was announced yesterday by the newlyappointed general superintendent Mr. H. P. Timmerman, and the changes go into effect on Wednesday. The division is split in two, and Mr. F. P. Brady, sections and Toronto terminals. The was prepared the train dispatchers' offices will be lo- opposition. age and C. A. Rowe. The present train- or perhaps from Steubenville over may return to Toronto before he takes charge of his new territory. Mr. Timmerman also leaves tonight for St. John, N. B., where he was formerly stationed, to make arrangements for

his removal to Toronto. BRIDGE TO COST \$25,000,000. New York, April 30.-The Mail and Express has the following: The Mail and Express is authorized to state that the Pennsylvania Railroad is behind the North River Bridge Company, which proposes to build a bridge across the Hudson between Twenty-third street and the New Jersey shore. Under the Pennsylvania Company's directions, arrangements are being made with banking firms in this city to float the millions of dollars' worth of bonds neces-sary for the construction of the bridge. is estimated that the bridge will cost \$25,000,000, while the land for railroad yards, the erection of stations, and additional tracks will reach \$40,-

CHARLES M. HAY'S AIM. San Francisco, April 30. - It was learned yesterday that when E. H. Fitzhugh arrives here he will take office in the Southern Pacific as assistant to President Hays. President Hays has mapped out a great deal of hard work, and is figuring on able assistance from Mr. Fitzhugh. In addition to improving the system, active steps will be taken at once by the Union Pacific and the Southern Pacific officials combined

AN EARLY VISITOR AT SPRINGBANK.

Whole Colonies of Kepaticas in Bloom on the River Bank.

During the past week Springbank visitors have found whole colonies of hepaticas, the beautiful little spring SPRING flower which blooms so soon after the snow has disappeared that it sometimes perishes in a late storm. The hepatica is a remarkable flower in many ways. Usually it possesses no odor, but in certain favored localities, where the soil is suitable, is has a peculiarly sweet scent that no other early flower can equal. The hepatica is also fickle in its coloration. It may be either a deep purple, a pale lavender, or, indeed, white. The bloom appears before the new leaves, and it not uncommon to find the woods along the river at Springbank full of amidst the old weather-beaten leaves of last year.

MORGAN BUYS STEAMER LINE!

Leyland Fleet Passes Into Control of Americans.

One of Britain's Biggest Shipping Institutions-Official Confirmation of the Report.

London, April 30.-The first step in the direction of the consolidation of of the Leyland Line of Steamers. A deposit on the purchase money has been paid.

The officials of the Leyland Line confirm the sale. It is understood the shareholders will receive £14 10s for each £10 share.

The Leyland Line, whose fleets will pass into the control of Americans, is one of Great Britain's greatest shipping institutions, far exceeding the Penin-sular and Oriental Steam Navigation Company in tonnage and importance. When some months ago it was suggested that the line was likely to pass into the hands of the Atlantic Trans-port people, much comment followed in regard to the effect it would have on other British lines, as it was generally felt in shipping circles that any such wide-reaching shipping amalgamation, in close touch with American railroads, would have serious consequences for lines outside the combination.

The London Post asserts that the fin-

anciers for whom J. P. Morgan is acting are ordering ten big liners and that Americans will spend £10,000,000 upon new vessels during the coming five

OFFICIAL ANNOUNCEMENT.

A circular was issued this morning by Chairman Ellerman, of the Ley-land Line, in which he informs share-holders that he has entered in a provisional contract with Mr. J. Pierpont Morgan for the sale of his entire holdings of ordinary shares in the steamship line, namely 71,000 shares, at £14 10s per share for each £10 share, and that Mr. Morgan agrees to purchase on similar terms all ordinary shares offered before May 26.

All the principal ordinary sharehold-

ers, representing a great majority of the ordinary shares, according to the circular, have intimated to Mr. Ellerman that they will avail themselves of the offer of Mr. Morgan, and the effeet will be that purchasers will be-come owners, practically, of all the ordinary shares at a cost of upwards of £1,750,000. Mr. Ellerman binds himself not to engage either directly or indirectly in the North Atlantic trade, either with the United Kingdom or the continent, except between Antwerp and Montreal, for a term of fourteen years, on condition that the purchasers sell him the Mediterranean, the Portugal and the Montreal fleets, and there was a net profit of \$2,113,403; the increase in net profits over the same period last year is therefore, for March, \$149,234, and from Jan. 1 to March, \$149,234, and from Jan. 1 to holding in preference shares, amounting to over £180,000, and his co-di-rectors, will retain all their preference rectors, will retain all their presence holdings, amounting to £120,000. Large Orders From British Columbia and the Northwest.

Toronto, April 30.-Mr. A. P. Weservelt, secretary of the Ontario Cattle Breeders' Association, has received from British Columbia and the Northwest a large number of orders for thoroughbred horses, dairy shorthorns, Ayrshires, Berkshire pigs, and Shropshire sheep.

The orders will be filled as far as

possible, by Mr. Westervelt, who will make his selections from a number of Ontario breeders. The orders represent a value of \$15,000, and those from the Northwest alone, if shipped together, would fill five cattle cars.

LISTLESSNESS.

Dr. Pitcher Tells What It Means and How to Overcome It.

There are a great many people who find themselves every spring feeling weak, worn out, listless, languid, lacking ambition and energy. Their heals feel heavy, their legs and back ache, and they can scarcely drag themselves

What's the reason of all this? The Kidneys overworked during the vinter become clogged up and fail to filter the poisons from the blood. The blood, instead of being pure, is loaded with impurities, and poisons the whole

system. There is no blood purifying medicine you can take so effectual in purifying the blood as the Kidneys themselves. lets aid them in their work-strengthen them for the extra duties put upon them, and all your spring tiredness and listlessness will soon disappear,

and give place to vigor and animation of body and mind. Remember there is no other remedy quite so good as Dr. Pitcher's Back-ache Kidney Tablets. They are a little chocolate-coated tablet, pleasant io take and always most effectual. Price 50 cents a box at all druggists. The Dr. Zina Pitcher Co., Toronto, Ont.

FOUR SUICIDES. Toledo, Ohio, May 1.-Three bodiestwo men and one woman-were found floating in the river yesterday. All appear to have been the victims of self-destruction. A fourth body, that of a youth, was taken out of the river on Tuesday evening. It was that of Albert Molosh, a suicide.

BURIED ALIVE.

St. Catharines, Ont., May 1. - James Laskie, a laborer, was yesterday buried for four minutes under a fall of bricks and quicksand, while working on a sewer, and another minute would have finished him. Some men happened to see the accident, and rushed to Las-kie's assistance. After about four minutes' hard digging they managed to uncover his head. They were just in time. One of the spades inflicted a deep cut on Laskie's head, which required several stitches several stitches.

THE PARKHILL ACCIDENT.

Verdict of the Coroner's Jury Re Death of Fireman Grieve.

Parkhill, Ont., May 1.-At the inquest held by Coroner Caw yesterday afternoon as to the cause of the death of Fireman Grieve, killed here, the jury handed out the following ver-

"We find that Nenian Grieve, late of the township of McGillivray, in the county of Middlesex, fireman on G. T. R. engine No. 739, came to his death at the town of Parkhill on the afternoon of Monday, 29th day of April 1901, caused by train No. 739 being allowed to enter the yard by the dropping of the semaphore while switches were turned, leaving said train to collide with six cars on the siding. The jurors are of opinion that this collision, resulting in the death of the aforesaid Nenian Grieve, is attributable to the S Grand Trunk Railway in not having a sufficient number of employes to properly perform their duties, and also by the great speed at which this train entered the town of Parkhill, which fact the evidence goes to show that while twenty cars were attached by air brakes, it was impossible to stop the train, although brakes were applied 400 yards away from where the

London and Hamilton Synod

Stratford, April 30.-The Synod of Hamilton and London continued its sessions in Knox Church this morning, the newly-elected moderator, Rev. E. W. Panton, presiding. The business was largely routine, and various com-

mittees were appointed. A motion was introduced by Rev. Dr. Laing to overture the General Assembly to introduce such changes in the new book of forms, especially regarding the keeping of records, as would expedite the same.

A lively discussion took place on the report on the manual of aids to social worship. Some thought that the book had not been sufficiently before the synod to allow an intelligent judgwhile others said that such a book indorsed by the church would be a great help in the various ordinances of worship. The discussion was not concluded.

Rev. Dr. Robertson, convener of the home mission committee, delivered a stirring address, with special reference to work in the Northwest, showing the needs of the country, what had been done, and what should be done by the churches of this synod.

MINISTER HAS A THEATER IN CHURCH.

Rev. Mr. Hudson Gives Plays During the Week and Preaches From the Stage on Sundays.

San Francisco, May 1.-The union of church and stage has been successfully accomplished by the Rev. Jay Williams Hudson, pastor of the People's Christian Church of Santa Rosa, Cal. Mr. Hudson was much discouraged over the failure of men to attend church services and after trying a city pastorate he went to Santa Rosa and founded the People's Church, to which any Christian may belong. He had the church arranged like a theater, because, he says, the theater is an ideal auditorium. He also has a regu-

lar stage arranged with footlights, drop curtain and scenery. During the week he gives dramatic entertainments, choosing his actors and actresses from the congregation. He says the people crave theatrical entertainment and a church should give it and should control the tone of the theater. He has thus far attempted only simple plays, but he has hopes of a Shakespearean season. On Sunday he preaches and lectures

The Druggists Are Busy.

Druggists report great demand for the new 25 cent size of Catarrhozone, and today's sales almost cleared out their stock. They explain this rapid run on Catarrhozone by the fact that it gives better satisfaction than any other remedy on the market. Druggists say that Catarrhozone is the only remedy that really does cure Catarh, Bronchitis and Asthma. It relieves quickly, is pleasant and convenient to use, and guaranteed to cure, or your money back. Readers suffering from Irritable Throat, Bronchitis, Catarrh, etc., are strongly advised to try Catarrhozone; it never fails to cure even the worst cases. The Druggists Are Busy.

SOMETHING MORE THAN A PURGATIVE.—To purge is the only effect of many pills now on the market. Parmelee's Vegetable Pills are more than a purgative. They strengthen the stomach, where other pills weaken it. They cleanse the blood by regulating the liver and kidneys, and they stimulate where other pill compounds depress. Nothing of an injurious nature, used for merely purgative powers, enters into their composition.
