NEW CATHOLIC CHURCH IN NORTH END

St. Michael's Roman Catholic Church, which is being built at the corner of Maitland and Cheapside streets, and which when finished will seat 500 people.

SELLS TWENTY-EIGHT LOTS
OF CHELSEA GREEN PROPERTY

Mr. R. Fields Sells Large Section of Whetter Estate to Mr. E. Schwitzer—Bigger Boom at Present Than Some Western Cities, Says Purchaser.

One of the largest sales of property that has ever been made in Chelsea Green was completed this morning, when Mr. E. Schwitzer purchased 28 lots from Mrs. R. E. Fields.

The land is part of the Whetter estate, and is located at the corner of Whetter avenue and the Wellington road, immediately after making the sale, Mr. Schwitzer sold twelve of the lots to Mr. Stanley Street.

During the past week Mr. Whetter sold nine lots in the same locality. Both men refused to make public the price paid for the property, but it was learned on good authority that the last sale brought \$7 a foot.

Mr. Schwitzer also purchased \$9 lots in East London, near Spruce street, and these will be placed on the market in a short time.

A Real Western Boom.

"You may talk about your western booms," said he, "but they can't touch the one that is on in London at present. I travelled all through the West last fall, looking over property out there, and I realized that this city was coming in for a big boom by the way people through the West were talking about it. I then decided to return to London and get as much property as I possibly could."

According to Mr. Brazier, the wall is in as good condition as it will ever be until a permanent breakwater is built.

Mrs. (Dr.) F. S. Macpherson, of Edmonton, is visiting in the city, the guest of Mr. and Mrs. John Macpherson.

A New Feature

This "Greater London" section has been started for readers of The Advertiser living in the outlying districts of the city, and will deal with questions of importance to Chelsea Green, Ealing, Pottersburg, Knollwood Park, West and South London.

Any one having items which they would like to have appear in the paper should telephone them to 3670, or send them by mail.

It is hard for a woman to look after her household duties when she is suffering from a weak and aching back, for no woman can be strong and well when the kidneys are out of order.

The weak, lame and aching back comes from sick kidneys and should be attended to at once so as to avoid years of suffering from the kidney trouble which is sure to follow if the back is neglected.

On the first sign of a pain in the back Doan's Kidney Pills should be taken. They go right to the seat of the trouble.

Mrs. Joseph Throop, Upper Point De Butte, N.B., writes:—"I cannot speak too well of Doan's Kidney Pills. For two years I was so tired, life was a burden and I got up more tired than when I went to bed, and my back was so lame I could hardly straighten up. I took different kinds of medicine, but none of them did me any good until a friend advised me to try Doan's Kidney Pills. I did so and to-day I don't know what it is to be tired and my lame back is all gone. I can recommend them to any person suffering with lame back and that terrible tired feeling."

Price, 50 cents a box, 3 for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

STREET RAILWAY
EXTENSIONS TO BE
COMPLETED SOON

Crossover at Adelaide Street To Be Put in Very Shortly.

New Schedule To Be Put in Operation at an Early Date.

Work in the construction of the extension of street railway lines in the north end of the city has been started with a vigor, and as soon as the crossover at Adelaide Street is completed, the new schedule will be put in.

Finished Last Fall.

The line along Cheapside street to William, and down to Oxford, was finished late last fall, and a stub service has been run over it for several months. As soon as the line down Adelaide street from Oxford to Central avenue is constructed, a new schedule will be put in by the company, and Oxford cars, instead of running on Oxford street, will run over the cheapside loop, alternating in opposite directions on the line.

New Switches.

New switches will be put in at the corner of Dundas and Adelaide streets, and the Otisway cars will turn north at Adelaide and Richmond streets to Oxford, and continue the loop east along Oxford street. Extra cars will be added, and a two-way service will be maintained.

The South London belt line car will not run around Central avenue, but will go east on Dundas street as far as the loop at the corner of Quebec street.

Stops Street Car to Have a Soda

While travelling east on a Dundas street car, which was loaded, one night recently, a motorman and conductor became thirsty, and not having any water on the car or any visible means of slaking their thirst, they figured for a short time as to the best possible means of getting something to drink. Suddenly an idea hit one of them. Why not stop the car and drop into the ice cream emporium in East London and have a soda? No sooner thought of than acted upon, for the car was then at the corner of Dundas and Lyle streets.

The motorman stopped the car, and the conductor joined him. Into the ice cream store they sauntered, and, ordering a soda, they sat on a stool and enjoyed it.

As they finished one offered to buy the other a second dish, but he refused. They then sauntered out to their car, the motorman took a firm grip of the controller, the conductor gave the bell rope two pulls, and the passengers were taken on their way.

STARTS WORK ON FIRST HOUSE IN CHELSEA GREEN

Work on the first house to be built in Chelsea Green this spring was started this morning when the contractors who are building a house for Mr. P. St. Claire Aldridge, turned the first sod for the cellar of the house.

ADDRESSES MOTHERS' CLUB

Dr. Davis Reads Interesting Paper on Care of Children During the School Age.

The regular monthly meeting of the Mothers' Club of Victoria School was held on Tuesday evening, when a paper on "The Care of the Child During the First Years of School Life" was read by Dr. Evans G. Davis.

The paper contained a number of suggestions and directions for the care of young children, and also emphasized the importance of the regularity of the hours of eating, sleeping and playing. Following the completion of the paper a number of questions were asked and a lengthy discussion ensued. The club decided to ask the board of education to install a separate lavatory for the children of the kindergarten.

During the evening Mrs. Kennedy gave a solo, and Miss Eula Kennedy, who acted as accompanist, gave an instrumental solo. Mrs. Hardy presided on account of the absence of Mrs. White, the president.

WHITE DESTROYS HOTEL

Osborne House at Oak River, Man., Completely Destroyed.

[Canadian Press.]

Oak River, Man., March 19.—Fire broke out at 11 o'clock last night and completely destroyed the Osborne Hotel here with heavy loss. The guests had retired and escaped in light attire to safety, taking refuge in a house nearby. A volunteer fire brigade prevented the blaze spreading, though the Bank of British North America and J. Ginz's store sustained some damage. The hotel was of three stories, of brick, and owned by William Thompson, who died some days ago, since when it had been managed by his daughter.

SPONTANEOUS COMBUSTION.

A quantity of rags and rubbish catching fire, gave the fire department a run to the Wortman & Ward factory on York street about 7:45 Tuesday evening. The blaze was extinguished by the hand chemicals. No damage was done.

IMPORTANT CONCLAVE
OF ANCIENT WORKMEN

Two-Days Session Will Discuss Problem of Increase of Rates.

[Canadian Press.]

Toronto, March 19.—Four hundred members of the Ancient Order of United Workmen from all over the Province are in important conclave at the Temple building here today in the 35th annual convention, and the all-important question of increase in rates will occupy a two days' session.

It was learned this morning that the insurgent faction—those opposed to the move of the grand officers in increasing the dues—was out in full force, and that the contest for no increase would be waged to a finish. Some of the grand officers are partial to a compromise, and in some instances would be in favor of amending the 70-year options clause.

Actuary F. Sanderson laid the amendments before the meeting of the executive yesterday, and these will be presented to the convention this afternoon, when the whole question will be thoroughly aired. The grand officers present are: James McEwing, of Brantford; Nelson J. J. Craig, of Peterborough; Judge McWatt, of Sarnia; W. C. Mikel, of Belleville; Joseph Gibson, of Ingersoll; J. M. Perigrine, of Hamilton; C. E. Cameron, of Iroquois; S. B. Morris, of Rodney.

The Rate Trouble.

The increase in rate trouble commenced at the last meeting of the grand lodge at Guelph, when the grand officers laid out a new schedule. This was immediately met with strenuous opposition by the older members of the order, who had paid in for 25 or 30 years, and the convention was divided. The bylaw carried, however, and the Guelph people, who were specially interested, brought an action before Justice Riddell at Osgoode Hall, when his lordship ruled that such drastic increase in the rate should not be made until every member of the order

had been notified, and the action of the grand officers was therefore overthrown. The convention today must decide on what course is to be pursued now.

The appointment of a labor agent will be applied for, this official to encourage domestic labor and factory hands to come to Canada from the States, Great Britain, and the south of Europe. With the constant addition to the number of factories in the district the labor problem has become a serious question.
