heck, on which he stopped payment

Has No More Effect on Health of a Player Than Spitting on Bait Has With Size of Catch.

[Canadian Press.] Chicago, Sept. 18. - The "spit ball" s not insanitary and does not injure he health of the user. Dr. George B. Young, health commissioner of Chicago, made these statements today in the reply to a protest by Principal John Stuart White against the practice of some pitchers. In his objec tions the school-master asserted that the spit ball "not only is insanitary, but its use is unedifying and a disgusting and pernicious example to thousands of boys." He asked the health commissioner to use his influence to abolish the spit ball.

"I do not believe the spitting on the ball by the pitcher has any more effect upon the health of the player than spitting on the bait 'for luck' when fishing, has to do with the size of the catch," replied Dr. Young. "Unquestionably there is much to be said in your behalf when the question is

viewed from the side of aesthetics." ENGLISH LEAGUE GAMES. London, Sept. 17.—Results of English League football games today

CHAMP. STIFF BATTLE Broke Even With Cubs. While Browns Were Losing to Athletics-One Point Ahead.

New York, Sept. 17.-Frank Chance smiled grimly after the New Yorks had broken even in the double-header with the Chicago White Sox at the Pole grounds today, for he learned from a street urchin that his team at last had struggled out of last place. Actual fig-ures show that the defeat of the St. Louis Browns in Philadelphia helped Chance's reorganized ball club out of the cellar with a margin of one point. This slight advantage may be only temporary, but the New Yorks, who had Chicago0 1 0 1 0 0 3 1 3—9 18 9
