Want Permission to Sell According to Weight.

MEETING IN THIS CITY

Fifty Manufacturers From Western Ontario Towns

Adopt a Resolution.

The bakers of Western Ontario have taken the initiative in a movement to bring about an amendment of the Ontario bread act. At a meeting held in this city yesterday a resolution was adopted requesting a change in the act to permit the bakers to manufacture loaves of any weight desired, providing the weight and the name of the baker are plainly stamped on each loaf. Fifty bakers attended the meeting They were present from London, Wind-

Their argument for the change will be based upon the plea that bread manufacturers should be allowed the same liberties as other manufacturers, and that they should be permitted to sell their product on the same basis upon which they purweight.
