Zam-Buk, on the contrary, is all medicine. Zam-Buk's healing power is, thus, so superior to that of other ointments, that it cures when ordinary ointments and more expensive treatments fail.

Madame A. Lariviere, of 671 Rodman St., Fall River, Mass., writes: "For three years I suffered terribly with eczema. I used numerous ointments, results, and the various doctors who gave me treatment acknowledged that the case was beyond them. Finally, I went to a specialist, but although I paid him a large fee, I received no benefit. Then I heard of Zam-Buk and com-menced using it, in conjunction with Zam-Buk Soap. I shall never forget the relief it gave me. It ended the irritation and burning sensation, drew out the inflammation and soreness, and perseverance resulted in a complete and permanent cure. I am convinced that Zam-Buk is the only treatment for eczema."
