APPOINTED SECRETARY OF ST. ANDREW'S BROTHERHOOD

Herbert Mowat of Galt Honored by Members of Organization.

Special to London Advertiser.

GALT, April 28.—Herbert A. Mowat of this city has received the appointment of general secretary of the Brotherhood of St. Andrew in Canada, a young men's organization of the Anglican Church. He will make his headquarters in Toronto. Mr. Mowat is a young man, and served as a lieutenant overseas, and was wounded at Amiens. For the past twelve years he has been actively engaged in church work and at present is superintendent of Trinity Sunday School. He is a splendid speaker, an enthusiastic Kiwanian and especially interested in boys' work.

Police Magistrate J. R. Blake was today receiving the congratulations of his friends on his appointment as magistrate of Brantford. He is now magistrate for the cities of Galt and Brantford, and counties of Waterloo and Brant.

INVESTIGATES ACCIDENT

Jury Inquires Into Death of Windsor Child.

WINDSOR, April 28.—An inquest into circumstances surrounding the death of 3-year-old Clayton Ellis who sustained fatal injuries when he fell from a running-board of a motor truck at Niagara street and Langlois avenue Thursday afternoon, was opened this morning by Dr. H. Craswell, coroner.

A jury was empaneled at Chapin's morgue, where the body was viewed. The coroner adjourned the investigation until next Tuesday evening at Windsor police headquarters.

Following an examination of the driver of the truck, Stephen Smith, 15 Broadhead street, police stated that they were convinced that the tragedy was purely accidental. They released Smith without requiring him to furnish bail for his appearance at the inquest. No charge has been laid against him.

INGERSOLL LOSES THREE WELL-KNOWN RESIDENTS

Mrs. Charles W. Almas, Lifelong Resident of West Oxford, Passes Away.

Special to London Advertiser.

INGERSOLL, April 28.—The death occurred at Beachville of Mary Ann Appleton, wife of J. W. Appleton. She was in her 77th year, and had lived in the village for 56 years. She was widely known in the district and highly esteemed. She is survived by her husband, two sons and two daughters.

One of West Oxford's best-known residents, Mrs. Almas, wife of Charles W. Almas, passed away following a comparatively brief illness. She was in her 46th year, was a life-long resident of the district, and took an active part in church and social affairs for many years.

The death of Mrs. Langdown, wife of Charles Langdown, occurred today at the family residence, Oxford street. Although she had been ill for some time her condition had been critical for only a short time. She was in her 37th year, was born in England, and had lived here for six years. Besides the husband, she leaves four children and one brother.

URGES AID FOR FEEBLE-MINDED

Miss Charlotte Whitton Advises Thorough Survey of Situation.

Dr. J. H. Holbrook Reports Big Decrease in Tuberculosis Cases.

HAMILTON, April 28.—Setting forth what she believed were partial solutions of the problem of feeble-mindedness and which, at least, would contribute toward a solution, Miss Charlotte Whitton of Toronto addressed the delegates to the second annual meeting of the Provincial Chapter of the Imperial Order of Daughters of the Empire this afternoon.

Agreeing with Justice Hodgins that a thorough survey of this problem should be made in Canada for the purpose of determining how serious it was, Miss Whitton urged the delegates to take a deep interest in the question. She felt that of all the social service work, the problem of the feeble-minded was the one most deserving of unabated attention. A resolution was passed calling on the government to assist Mr. Justice Hodgins in this work.

Dr. J. H. Holbrook, medical superintendent of the Mountain Sanatorium, gave an address on tuberculosis and how it is treated. Dr. Holbrook cited figures which showed that the death rate from tuberculosis decreased from 12 per cent to 6 per cent. Smaller centres should establish small clinics, and the results would be surprising, he said, as the treatment of tuberculosis was chiefly a matter of teaching the patient how to care for himself.

Feeling that much can be done through the medium of moving pictures to educate the children of Ontario in the development of Canada's natural resources, a resolution carried, in which the order will petition the department of education to show moving pictures to the school children depicting the evolution of wheat from the time it is sown until it is made into bread for the consumer. Other industries should also be shown, it was urged.

OFFER ONLY \$1.75 A CAN FOR MILK

HAMILTON, April 28.—Though the Wentworth Milk Producers' Association yesterday refused to accept \$1.75 per eight-gallon can for milk for the summer, and passed a resolution demanding \$1.90, distributors stated today that not more than \$1.75 would be paid. This is the summer price of the York producers, and it is felt that it is sufficient for Wentworth men.

The producers threatened to withhold milk if the \$1.90 price wasn't paid, but it is believed that they will accept \$1.75.

A meeting has been called for Saturday to further discuss the matter.

ADMITS THEFT OF RADIO OUTFIT

WINDSOR, April 28.—A boy's longing for a "real" radio outfit could not be satisfied with apparatus worth but \$15. In juvenile court Thursday afternoon a 14-year-old boy admitted to Judge Bowley that he had stolen a \$35 outfit from the window of a Pitt street store a week ago.

"Dad gave me \$5 to get an outfit, but you can't get anything for that price," the boy said.

Two boys were charged with stealing the radio set.

Judge Bowley sentenced both boys to get jobs in order to get enough money to secure a radio set honestly. They were placed under the supervision of the probation officer, M. R. Winters.

O. A. C. Men Will Conduct Survey of 200 Kent County Farms.

Special to London Advertiser.

CHATHAM, April 28.—A special survey section of the O. A. C., Guelph, has arrived in the city for the purpose of surveying about 200 Kent County farms.

H. W. Clarke, B.S.A., heads the party, and other staff men are G. W. Michael, B.S.A.; G. H. Edwards, B.S.A.; J. B. Hoodless, B.S.A.; W. S. Rowe and W. J. Fairweather.

The party will remain in Kent County for a period of six weeks or until such time as they have collected sufficient information.

PLANTS BUTTERNUT TREES ON COMMERCIAL SCALE

Dr. D. Jamieson Hopes to Establish Sanctuary for Fish and Water Fowl.

Special to London Advertiser.

DURHAM, April 28.—Dr. D. Jamieson, ex-speaker of the provincial house, has purchased about 250 acres of land in North Egremont near the place where the McLean sawmill formerly operated. He intends to have it fenced, but purposes to plant out under expert advice some thousands of butternut and other trees of commercial value. There are streams running through it, and while the doctor has no hope of equalling Jack Miner, he believes a kind of sanctuary of wild life will result from the experiment. He intends also to deposit trout spawn in the streams.

The funeral took place at Priceville today of Daniel McKinnon, son of Parquhar McKinnon of Priceville, aged 28 years. The deceased contracted throat trouble while overseas, and though down at Fergus Hospital for some time, the trouble was too far advanced. An only brother, Archie, was killed overseas, and three sisters with the parents are left to mourn.

SEES BIG IMPROVEMENT IN BUSINESS CONDITIONS

Canadian Creditmen's Trust Association Presents Optimistic Report for Week.

WINNIPEG, April 28.—(Canadian Press).—That business conditions throughout Canada are slowly but surely growing is indicated by the weekly trade report of the Canadian Creditmen's Trust Association, issued from its head office here today.

Montreal, Ontario and other eastern reports are all in line. Reports from wholesalers, including drygoods, hardware, ladies' and men's wear, millinery, etc., are encouraging, trade conditions being found to be better than during the last two weeks.

Winnipeg and the West, now basking in sunshine, is looking ahead for better summer and fall, the spring improvement having been too slow to please many. Seeding is under way throughout Manitoba, and with ideal soil and climatic conditions the crop outlook, so far as it is safe to predict at this period, looks exceedingly favorable. Wholesalers, therefore, build their hopes on the crop situation and are optimistic as to summer and fall business.

MAY BRING C.P.R. TO STRATFORD

Trades and Labor Council Votes in Favor of Negotiations.

Informers Labormen He Cannot Act Regarding Track-layers' Wages.

Special to London Advertiser.

STRATFORD, April 28.—The district trades and labor council meeting in regular session endorsed the action of their secretary, C. J. Cornell, in sending to the city council the communication asking the co-operation of that body in opening negotiations to have the C. P. R. come to Stratford. This indorsement was not given, however, without strenuous opposition, an amendment being made by Delegates Chas. Clarke and Arthur Davis that the trades and labor council go on record as opposed to the C. P. R. coming into the city. After considerable discussion the question was put to a vote, and the amendment lost. The motion carried by a vote of six to three. Several of the delegates did not vote.

At the annual district meeting of the Oddfellows, J. I. Cousins was recommended for D.D.G.M.

The G. T. R. get-together gathering will be held on May 13. At this time the new ambulance first aid shield and hockey trophies will be presented by high officials of the company.

Hon. Jas. Murdock has written the local trades and labor council that he cannot take any action regarding the rate paid track-layers on the G. T. R. His letter: "I have lettered of April 18 advising that the London Free Press carried a news item stating the G. T. R. hiring men for track-laying purposes in the London district at 25 cents per hour. The question is one which this department would have no jurisdiction over, as there is no authority vested in the labor department to determine what rate of pay shall be paid by an employing company, or what rates shall be accepted by workmen. The fair wage policy of the government does not contemplate that all work being constructed by government bonds or publicly shall recognize fair wage provisions, which, in substance, means that the current rates in the particular district where the work is being carried on for similar workmen shall be paid to the various classes of employees on the work which is under government contract, subsidy or bonds. It would therefore appear improper for me to deal further with the matter, even although I might personally regard a wage of 25 cents per hour as being inadequate."

MEN WILL DECIDE WAGE CUT STAND

NEW YORK, April 28.—Union men in the newspaper paper industry of Canada and the United States will begin balloting Sunday on acceptance or rejection of the manufacturers' ultimatum by which the employers would withdraw demands for wage cuts and elimination of overtime if permitted to put unskilled workers on an open-shop basis and pay them in accordance with local scales.

ROTARIANS WILL ENTERTAIN BOYS

Special to London Advertiser.

CHATHAM, April 28.—The Chatham Rotary Club will observe the Boys' Week of International Rotary next week by entertaining two troops of Boy Scouts of this city.

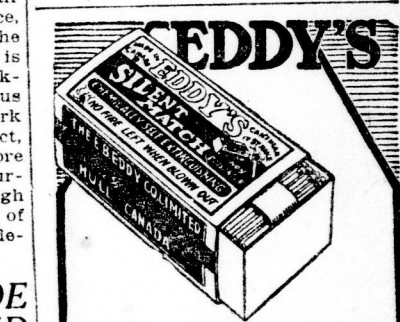

Rotarian George A. Gary is the convener of the special entertainment committee for the occasion.
