SAN FRANCISCO, Feb. 25.—The war between the Chinese for possession of women which arrived by the steamer from Hong Kong yesterday morning grows more serious. A man named Ah Fook seems to have been more successful than his rivels, and obtained possession of 300 women who arrived the day before yesterday. His enemies threatened assassination, and offered a reward of \$1000 for his death. He has been surround-\$1000 for his death. He has been surrounded by a guard day and night ever since.

Last night a man went to his room, called him out and shot him in the back, producing a severe but not necessarily fatal wound. Ah a severe but not necessarily fatal wound. Ah Mow, the assesin, escaped. It now is apparent that the attempt recently made by the Chinese company to break up the traffic in women was only a blind which enabled them to do the business with greater facility and less expense than before.

SAN FRANCISCO, Feb. 24.—About noon yesterday the P. M. S. S. Co's steamer China was telegraphed twenty miles out. No sooner had the news heen received than it spread with the rapidity of lightn ing among the Chinese population, who at once began to make their way to the wharf, and several hours before the arrival

of the steamer the streets in that vicinity were crowded. Chief Crowley, learning that a large number of women were on board the steamer and that trouble was anticipated by the heads of the different

companies, took precautionary measures The custom house officers went aboard to search the baggage, etc., while all the police officers were stationed in convenient places. After the baggage had been examined 336 women that were on board were taken from the steerage and landed on the wharf. The excitement of the Chinamen now rose to its highest pitch, requiring the united strength of the whole police force to prevent them getting hold of the women. When the women were landed they were placed in rows at the southern end of the whart where they were searched by inspectors, and quanti-ties of opium, tobacco, liquor, etc., which they had smuggled, were taken from them. After the search all the hacks and wagons

A movement is on foot among some of the leading men of Chicago, headed by Lieut. EXTRAORDINARY CURE OF A COUGH.

The following letter has been received from WILLIAM BOARDS, Esq., sn extensive agriculturate and land agent, residing at Edmonton, Mid-

"Nightingale Hall, Edmonton, Middlesex:—
"Nightingale Hall, Edmonton.
"Dear Sir,—I have recently softered much from a most violent cough, proceedin, from a tickling in my chest, which no remedy, out of many I resorted to, could allay. My head was constantly aching, and my whole frame entirely shaken. Having seen the good effects of your Ealsam of Aniseed in several members of my family, I pur chased a small bottle, and, when going to bed at night, took a teaspoonful in two tablespoonfuls of water, just warm. The effect was immediate; it arrested the tickling in my chest, I slept well and arose perfectly restored in the morning, with the exception of debility, arising from fatigue by incessant coughing for some days previous. My cough entirely left me, and has never returned Having since heard of a lady in the neighborhood who for a long time had laboured under a most distressing cough, and who had resorted to every remedy within her knowledge, I sent the remainder of the bottle to her; and that long-standing, obstinate, and (as she thought) incurable cough, was perfectly cured. You are at perfect liberty to make what use you may please of this communication, as the contents are strictly true. I shall take every opportunity of recommending your inestimable medicine, feeling as I do fully assured of its efficacy.
"I am dear Sir, vours yery truly. aured of its efficacy.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

As a Family Physic. O'Rd From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Hendache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AVER: I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purgative medicine. I place great dependence on that effectual cathartic in my daily contest with disease, and believing, as I do, that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache anybody can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE.

Bilious Disorders — Liver Complaints. From Dr. Theodore Bell., of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at leagth a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR. Washington, D. C., 7th Feb., 1856.

Sir.: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bitious disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,

Physician of the Marine Hospital.

Dysentery, Diarrheea, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperints I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrhoea. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

From Dr. J. P. Vaughn, Montreal, Canada.
Too much cannot be said of your Pills for the cure of costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it, for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease.

Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. Nowthetsanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills.
