

Are You Human?

A little baby. A little child. Don't they appeal to you? Doesn't your heart yearn to pick them up, to cuddle them close to you, to shield them from all harm? sure it does else you're not human. Being human you love them. Their very helplessness makes you reach out in all your strength to aid them. In health there's no flower so beautiful. In illness there's no sight so black.

Save them then. Use every precaution. Take no chance. When sickness comes, as sickness will, remember it's just a baby, just a child and if the Physician isn't at hand don't try some remedy that you may have around the house for your own use.

Fletcher's Castoria was made especially for babies' ills and you can use it with perfect safety as any doctor will tell you. Keep it in the house.

Children Cry For

A Word About Truth.

"Great is Truth, and mighty above all things." So says the Old Testament, yet it is equally true to-day. Truth shows no favors, fears no enemies.

From the inception of Fletcher's Castoria, Truth has been the watchword, and to the conscientious adherence to this motto in the preparation of Fletcher's Castoria as well as in its advertising is due the secret of its popular demand.

All imitations, all substitutes, all just-as-good preparations lack the element of Truth, lack the righteousness of being, lack all semblance even in the words of those who would deceive.

And you! Mothers, mothers with the fate of the World in your hands, can you be deceived? Certainly not.

Fletcher's Castoria is prepared for Infants and Children. It is distinctly a remedy for the little ones. The BABY'S need for a medicine to take the place of Castor Oil, Paregoric and Soothing Syrup was the sole thought that led to its discovery. Never try to correct BABY'S troubles with a medicine that you would use for yourself.

TEST GAS CO.'S SERVICE CHARGE

Corporation Notifies Customers That Meters Will Be Removed.

LABOR MEN TO ACT

President Duffield Says Only Eight In Arrears.

The power of the City Gas Company to enforce a ready-to-serve charge will likely be tested out in London within a short time. Officials of the company to-day stated that those who are refusing to pay the charges for this month are being sent notices to the effect that unless the accounts, as rendered, are paid on or before the last of September the meters will be removed.

The labor men of the city have signified their intention of fighting any case that is brought to their notice. Hence, the first attempt of the company to remove any meter will probably be made on an issue on the question.

According to President Colin Duffield, of the City Gas Company, there are only about eight customers who have so far refused to pay the charges. These include some of the ones who are now being sent notices to the effect that unless the service charges for the previous month are paid, the company calls arrears, and if these are not met the meters will be removed.

"We could do nothing else," said Mr. Duffield. "It is obvious that we could not discriminate by removing some of our customers to continue without paying the charges. While to remove more bills to come in this month, we do not anticipate that there will be many who will default in the payment of the bills."

The labor men are awaiting the outcome with a great deal of interest. They declare that every means available will be used to prevent the company from cutting off any customers who do not pay the charges.

MURDER THREAT CAUSES ARREST

Oliver Street Resident Put Up Fight With Officer.

TALBOT STREET PAVING.

Magistrate Hunt Has Some Test Cases Under O. T. A.

ST. THOMAS, August 31.—(By Free Press Reporter)—A man named Graham was arrested to-night by Officer Joseph McCulley, who responded to a call, reporting that Graham had threatened to murder everyone in the house where he resides with a brother-in-law in Oliver street. The officer found Graham standing on the veranda with a hockey stick in his hand swinging it and threatening to kill everyone who attempted to molest him. He is stated to have been under the influence of alcohol.

When brought to the city hall, handcuffed, the prisoner was covered with blood. His face and hands were in a terrible condition. Officer McCulley also had a couple of nasty gashes across his face.

The prisoner refused to tell where he got his liquor, insisting that he was sober. He wore only a suit of under wear and a pair of trousers and shoes. He will appear for trial in the morning.

ONE-MAN CARS. Despite the interrupted traffic owing to the condition of Talbot street, the one-man street car service is meeting with approval in all parts of the city. It is stated. From information available to the city council, it is stated that the one-man cars, and the service, are kept in such a fine condition that they are each day being more frequently made use of. The service is the only one of its kind in the city, and the cars are in a very unsatisfactory condition when the change was decided on. Manager James Smith, of the city, is now in charge of the service, and it has been learned that an appreciable reduction in the cost of the service will be shown at the end of the year.

TRESPASS LEADS TO GIRL'S MURDER. Althorpe Man Held For Fatal Shooting Near Ottawa.

ACCUSED A DEGENERATE

Objected To Trespass of Young People On Farm.

OTTAWA, Sept. 1.—Terribly wounded in the thigh by a bullet fired by a megalomaniac, who resented her trespass on his farm, Miss May Casey, 20-year-old daughter of Mr. and Mrs. Maurice Casey, 320 Lyon street, Ottawa, died less than three-quarters of an hour after receiving injury and her assailant, John Neil, Althorpe, was held guilty of her murder by a coroner's jury, sitting this afternoon at the scene of the crime.

Residents of the hamlet of Althorpe first heard of the occurrence this morning when police officers from Perth arrived in the district of South Sherbrooke and arrested John Neil on a charge of the murder of Miss Casey. During the afternoon Dr. McCallum, coroner, held an inquest on the charge. A jury at the farmhouse of Raymond Gillis, where Miss Casey was a guest at the time of the murder, returned a verdict of murder and indicted Neil to stand trial on the charge. Neil was removed to Perth jail last night, where he will be held until his preliminary trial on Monday.

No evidence beyond the fact that Neil objected to the trespass of the young people on his farm was adduced at the inquest as motive for the crime. Gillis and Neil had previously been friends. Residents of the district, however, stated that the man was a degenerate and a violent character, and had exhibited violent tendencies.

Says He Has Found Many Sympathizers Here.

NEW YORK, August 31.—(Canadian Press Dispatch)—Eamonn de Valera, "president of the Irish Republic," has made several trips to Canada recently in connection with the Self-Determination League of Canada, which is now being organized. He admitted this to a representative of the Canadian Press to-night, but declined to give any information regarding his little excursions into the Dominion.

MANY KILLED. (Continued from Page One) and the civilian patrol has been doing valuable work for approximately 50 young women will be provided by the new home and, if necessary, the Army will buy up adjoining property for the extension of the home. The demand for board and lodgings is much beyond the accommodation available at present and when the new home is complete it will fill a need which the Y. W. C. A. has been unable to meet with its two boarding houses.

BALL ROOM RAIDED. Masked armed raiders invaded a ball room at the Rosedale Strand Hotel, County Oxford, on Monday night, while a fancy ball was in full swing. They compelled the dancers to raise their hands above their heads, after which the guests were searched and a number of military and naval officers were expelled from the room. The raiders were not permitted to mingle socially with the people, as they belonged to the army of occupation. Several ladies were sent home on the alleged ground that they were improperly or insufficiently clad. When the raiders withdrew no attempt was made to renew the dancing.

GEORGIAN BAY PIRATES ARE CAUSING ALARM. OWEN SOUND, August 31.—Special to The Free Press)—The old days of piracy, when America was still only a century or two old and pirates exacted toll from the fabulously rich, Spanish galleons when they sailed the seas in trim sailing vessels, and mercilessly sacked towns are forever past, but a new breed of pirates have been produced by the evolution of marine architecture.

Fast motor boats are used in some sections to carry thieves, hold-up men and bootleggers. Reported by the police, a number of parties cruising about that section in a motor launch, making the most of the fishing stations and even entering villages in that section. A motor launch was seen to be carrying about \$1,000 worth of clothes stolen. A man at Killarney was held up and robbed at a rifle's muzzle, while the men got away.

Many reports of suspicious actions by the crew of the boat are told in various sections of Manitoulin Island and the north shore, and there is getting to be a certain feeling of terror. Just who they are and where they stay is not known.

MANY CIVIL SERVANTS ARE TO BE RETIRED. OTTAWA, August 31.—(Special to The Free Press)—There is about to be a weeding out process in the civil service throughout Canada. The old heads will be superannuated under the provisions of the special act, which was passed at the last session of Parliament. This stipulated that all civil servants who had been in the service for 25 years or more should be retired. Inquiry has been made into the different departments in both the outside and the inside service and the number of those who will be retired under the act because of reaching the age limit of being physically inefficient is considerable.

It is expected that the change will be effected within a month. APPROVE PLAN OF BONNE ENTENTE. Premiers Meighen and Drury Write to Mr. Mikel. MEETING AT OTTAWA. Under Auspices of Canadian Fraternal Association.

OTTAWA, Aug. 31.—(Canadian Press Dispatch)—The Premier of Canada and the Premier of Ontario have both written to W. M. Mikel, K. C., of Belleville, heartily approving the objects of the "better understanding" meeting, which was being held here to-day. The meeting is under the auspices of the Canadian Fraternal Association, composed of about 20 fraternal societies throughout Canada, with a membership of about 400,000 English, French, Irish and Scots, both Protestant and Roman Catholic. It is an open meeting of all interested in bringing about a better understanding between English and French-speaking Canadians chiefly, and is held for the purpose of organizing a "better understanding" association.

A better understanding between all divisions in Canada, whether of race, religion, or occupation, is the greatest need of the present hour," wrote Premier Meighen. "You may assure the delegates of my sincere interest and sympathy with any movement that looks to a goal as you have in mind."

Premier Drury of Ontario wrote: "I am strongly in sympathy with the objects of your meeting. It seems to me that those who have in the past stirred up animosities on the North American continent, either inter-provincial or international, have been guilty of a very great crime, and that any movement which has for its object a better understanding between these antagonistic sections should receive the support of all good men. Like yourself, I am prepared to believe that we have to do in order to foster a better feeling between French-Canadians and English-Canadians is to get them to know each other better."

FURTHER REDUCTION IN PRICE OF FLOUR. Price Per Barrel of Spring Wheat Flour Down a Dollar.

MONTREAL, Sept. 1.—Prospects for a decrease in the cost of bread were further quickened yesterday when the leading Canadian spring wheat millers announced considerable reductions in the price of new crop spring wheat flour. The announcement coincided with the exit of the Canada wheat board, with prices ruling from \$1.10 to \$1.15 lower than the Government standard flour was selling at. The price for first patents was taken to \$1.10, and similar reductions all along the line for various grades used by bakers.

The millers also announced a decline of 60 cents a barrel in the price of Government standard spring wheat flour, to \$14.25 a barrel.
