Purina Chick Feed

SAVES BABY CHICKS.

The principal reason that so many baby chicks die is that they do not get the proper feed. Cornmeal dough sours in their little crops. Cheap mixtures are fatal. So after years of practical experience we have perfected Purina Chick Feed, containing the largest variety of carefully selected grains and seeds. It is just suited to baby chicks' tender digestive organs, being ground to the proper degree of fineness and screened of all meal, dust and waste matter. It is absolutely pure. No grit. It has a larger sale than any other chick feed in the world because it saves baby chicks and brings about healthy and rapid development. In 100-lb. bags at \$2.75.

SUFFERED GREATLY FROM COLIC

Mrs. Aime Guenette, L'Immaculee Conception, Que., writes: "My little boy suffered greatly from colic. I gave him castor oil and other medicines without helping him in the least. One day I saw John's Own Tablets advertised, so wrote for a box. I found them so good that I always keep them in the house and would use no other medicine for baby." The experience of Mrs. Guenette has been that of thousands of other mothers. Not only do the Tablets cure colic, but they cure constipation, vomiting, indigestion, make teething easy, banish worms and make baby bright, active and happy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

THE INDUSTRIAL MORTGAGE & SAVINGS CO.

These are the days when SECURITY should weigh heavily with intending investors. All kind of inducements are now offered to draw your savings into speculative investments. Promises of higher rates of interest often result in the loss of all or part of the principal, with worry consequent on the thought that THE SAVINGS OF A LIFETIME HAVE BEEN WASTED IN A FEW MONTHS.

ADVANTAGES OF HOLDING AN INDUSTRIAL MORTGAGE & SAVINGS CO. 4% DEBENTURE.

1. There is no better security offered to you today in Canada.
2. Your money is invested in our own Province on farm lands and municipal debentures, with which you are thoroughly familiar.
3. You are saved all worry and unpleasantness consequent on loaning your money either on notes or mortgages.
4. Not a dollar is invested outside the Province of Ontario.
5. Debentures and deposits are the first claim on the entire assets of the Company which now amount to nearly two million dollars.

Correspondence is invited.
