Titanic Goes Down With 1,300 Lives.

New York, April 15.—The greatest marine disaster in the history of the world occurred last Sunday night, when the Titanic, of the White Star Line, the largest and finest of steamships, shattered herself against an iceberg and sank with 1,300 of her passengers and crew in less than four hours. Out of nearly 2,200 people that she carried, only 866 were saved, and most of these were women and children. They were picked up from small boats by the Cunarder Carpathia, which found, when she ended her desperate race against time, a sea strewn with the wreckage of the lost ship and the bodies of drowned men and women.

DARK ROOM TESTING

Every child on reaching the age of seven years should have the eyes examined. Many children have defective vision, and it often happens that one eye only is affected. This throws all the work on the better eye while the other through disuse frequently loses its function entirely. With proper lens correction this trouble will be wholly overcome. If accompanied by parents we will be glad to examine children's eyes free of charge.

HOW TO SAVE MONEY

Saving begins at home, and the foundation of a Savings account is the determination to save regularly. First, Make a definite allowance for a Savings deposit—as large as possible—before any expenditure is made from the regular income. Then, Keep a careful account of income and expenses in order to avoid waste.

We welcome small deposits as well as large ones, highest rate of interest allowed, compounded half-yearly, from the day of deposit until the day of withdrawal.

4 per cent. on debentures in sums of \$100.00 or over. JOHN COWAN, K. C., President. D. N. SINCLAIR, Manager.
