

What Cures Eczema?

Many different remedies have been tried for Eczema and other skin diseases. But it is now known that the only possible cure is a mild, soothing liquid made up of Oil of Wintergreen, Thymol, Glycerine and other ingredients so carefully compounded that each ingredient has its proper effect.

This compound is now made up in the D.D.D. Prescription. Years of success and thousands of cures show the merit of this wonderful compound, but the

most convincing proof is a trial of the remedy by any eczema sufferer. D.D.D. will prove to you that you can be cured. The very first drops will give you instant relief.

You don't even have to pay the regular price of \$1.00 a bottle, for we have arranged with the Laboratories to offer, for a while, a special large 25c. trial bottle. Get this special bottle to-day and see how quickly the itch will vanish. Taylor & Son, Druggists, Watford.

Examine Our Complete Line of "COCKSHUTT" PLOWS AND FARM IMPLEMENTS

A PROFITABLE farm demands the very best implements. The name "Cockshutt" represents the highest procurable quality. We are local agents, and can supply you with any article of their line promptly. Let us show you Cockshutt implements or tell what the particular implement in which you are interested can do for you, if you select a Cockshutt design.

Samples of WALL PAPER on Hand.

Will-Power

Many a man who prides himself on his will-power is failing to use in the really critical issues of life. He will set a high standard for himself in some important detail of every day living, such a rigid punctuality, or scrupulous care in his person or dress, or persistent physical exercise and he will hold himself to that standard, no matter what it costs to do so by an uncompromising effort the will. This is good exercise; it takes character and it makes character. But when it comes to moral self-conquest that man is oftener the veriest weakling. He may know that a certain indulgence is wrong and harmful, yet the idea of summoning against it that iron will of his, on which he rightly prides himself in secular affairs, seems not to occur to him. Will-power is one of God's richest gifts of man. What an awful waste of wealth when we do not use this power for spiritual victories.

The Advantage of Being Poor

Poverty has its advantages and adversity its uses. If you are poor you can wear out your old clothes. You are excused from calls, you are not troubled with many visitors, bores no not bore you, spongers do not haunt your tables, brass bands do not serenade you. No one thinks of presenting you with a testimonial. No storekeeper irritates you by asking you "Is there anything I can do for you." Begging letter writers don't bother you. Flatterers do not flatter you. You are saved many a debt and many a deception. And lastly, if you have a true friend in the world you are sure to know it in a short space of time.

Internal parasites in the shape of worms in the stomach and bowels of children sap their vitality and retard physical development. They keep the child in a constant state of unrest and, if not attended to, endanger life. The child can be spared much suffering and the mother much anxiety by the best worm remedy that can be got, Miller's Worm Powders, which are sure death to worms in any shape.

Tomato Culture

Almost anyone with a garden or farm in a temperate climate can grow tomatoes with greater or less success but there is a great difference between the extent and quality of the crops grown by different persons in the same locality. These differences are due to several causes among which the varieties grown and methods of cultivation practised are perhaps the chief.

According to experiments carried on for years at the Experimental Farm at Ottawa, Earliana, of which there are several strains, is the best early sort but Bonny Best, Chalks' Early Jewel are also good early kinds. Of later varieties Matchless Trophy, Livingston's Globe and Pictorial rank high.

It is the early fruit that makes the profit. In growing plants what should be aimed at is the production of a stocky, sturdy plant which will have some fruit set upon it when set in the field. After planting the chief work is cultivation which should be done both ways in the plantation.

In order to protect tomato plants from diseases of which there are several, they should be repeatedly sprayed, even when quite young, with Bordeaux mixture. These and many other points, which cover practically the whole field of tomato culture in the greenhouse as well as in the garden and field, are fully treated in pamphlet No. 10, of the Central Experimental Farm prepared by the Dominion Horticulturist, Mr. W. T. Macoun. This work is for free distribution to all who apply for it to the Publications Branch of the Department of Agriculture at Ottawa.

FRAIL, SICKLY CHILD

Restored to Health by Vinol-Letter to Mothers.

Anxious mothers often wonder why their children are so pale, thin and nervous and have so little appetite. For the benefit of such mothers in this vicinity we publish the following letter.

J. Edmund Miller, New Haven, Conn., says: "My little daughter, ever since her birth, had been frail and sickly, and was a constant source of worry. Several months ago we commenced to give her Vinol. I immediately noted an improvement in her health and appearance. I gave her three bottles of Vinol, and from the good it has done her I can truly say it will do all you claim."

This child's recovery was due to the combined action of the medicinal elements extracted from cods' livers,—combined with the blood-making and strength-creating properties of tonic iron, which are contained in Vinol.

Vinol will build up and strengthen delicate children, old people and the weak, run-down and debilitated. We return the money in every case where it fails.

T. B. Taylor & Sons, Druggists, Watford, Ontario.

NA-DRU-CO

Royal Rose Talcum Powder

THE dainty embodiment of the queenly rose's fragrance. Made of best Italian Talc, ground to impalpable fineness, to which are added soothing, healing, antiseptic ingredients, Na-Dru-Co Royal Rose Talcum Powder keeps the skin soft, comfortable, healthy and beautiful. It is a toilet delight.

Helpful Agricultural Publications

More than \$2,500,000 is expended annually by the Dominion Department of Agriculture in carrying on work in the interest of the farming community. This large amount of money is divided among several branches to carry on the special duties with which they are entrusted. The experimental Farms seek to solve problems in all phases of agriculture including grain growing, live stock husbandry, horticulture, apiculture, etc.: the Seed Branch works to encourage the use of only good seed; the Live Stock branch endeavors to increase the profits of the stock raiser; the Health of Animals Branch aims to protect our herds and flocks from disease; the Dairy and Cold Storage Branch does much to help the dairymen and fruit growers, while the Tobacco Division endeavors to find out and teach which are the best kinds of tobacco and the best ways of keeping the crop in Canada.

While all of us, unconsciously perhaps, reap benefits from this work, much of it, more especially that of an investigational nature, is useful only to those who learn for themselves the lessons from investigations that are carried on. By the use of reports and bulletins the several branches of the Department give out the results of their work so that all who wish to do so may profit by it. The publications are sent out to all persons who apply for them or to be put on the mailing list. In each case surplus copies are printed to meet the popular demand so as not to deprive any who desire to receive them. During the life of the Department these surpluses have been accumulating until there are available for distribution a greater or less number of useful publications. A list of these including the latest bulletins has been compiled and printed in pamphlet form copies of which are available to those who apply for them to the Publications Branch of the Department of Agriculture at Ottawa.

The family remedy for Coughs and Colds.
Shiloh costs so little and does so much!

CHOP STUFF.

Havelock Methodists have placed a \$17,000 pipe organ in their church.

A modern \$25,000 hotel will probably be erected in Leamington by a syndicate.

Mrs. John Clubb, Sombra, died Wednesday, following an attack for appendicitis.

Charles Nesbitt has sold his store and dwelling, at Kertch, to Robert Hart, who will use both for residential purposes.

Warts are unsightly blemishes, and corns are painful growths. Holloway's Corn Cure will remove them.

George Borrowman, the Fox King, of Wyoming, recently made a business trip to Athabasca Landing, bringing with him, on his return, a pair of handsome black foxes. Mr. Borrowman has in all nearly thirty-five black and silver foxes in his kennels at Wyoming.

W. R. Veale, of the Seaforth News, has purchased the Ingersoll Tribune. Mr. Veale has published the Seaforth News for about four years, but found it uphill work running a second paper in a one-paper town. Seaforth has a population of 3,000, and is in the center of a splendid farming community.

After an illness of about two months, David Conboy, a pioneer of Plympton, passed away on Tuesday of last week at the advanced age of 81 years. The deceased and his elder brother, James, who pre-deceased him last January, were widely known farmers and stock raisers. Neither was married and both had succeeded in accumulating a considerable amount of property.

TRIAL IS INEXPENSIVE. To those who suffer from dyspepsia, indigestion, rheumatism or any ailment arising from derangement of the digestive system, a trial of Parmelee's Vegetable Pills is recommended, should the sufferer be unacquainted with them. The trial will be inexpensive and the result will be another customer for this excellent medicine. So effective is their action that many cures can certainly be traced to their use where other pills have proved ineffective.

It beats all how surprised a girl can appear when the question is popped—after she has been preparing for it for six months.

The only way a man can win an argument with a woman is to state his side of the case, then slam the door behind him.

It's a queer world. Before marriage a feller always wants to go buggy ridin' and the gal don't; after they are married she always wants to go and he ain't got no time.
