

CONTRACT FOR SUPPLY OF MAIL BAGS.

Sealed Tenders addressed to the Postmaster-General (For Printing and Supply Branch), and marked "Tender for Mail Bags," will be received at Ottawa until twelve o'clock, noon, on MONDAY, the 21st NOVEMBER, 1885, for the supply of the Post Office Department of Canada with such Cotton Duck, Jute and Leather Mail Bags as may from time to time be required for the Postal Service of the Dominion.

Samples of the Bags to be supplied may be seen at the Post Offices at Halifax, N.S., St. John, N.B., Charlottetown, P.E.I., Quebec, Montreal, Ottawa, Toronto, London, Winnipeg, Man., Victoria, B.C., or at the Post Office Department at Ottawa.

The Bags supplied, both as regards material and manufacture, to be fully equal to the samples, and to be delivered from time to time in such quantities as may be required at Ottawa.

The contract, if satisfactorily executed, shall continue in force for the term of four years, provided always the workmanship and material be satisfactory to the Postmaster-General.

Each tender to state the price asked per bag in the form and manner prescribed by the form of tender, and to be accompanied by the written guarantee of two responsible parties, undertaking that, in the event of the Tender being accepted, the contract shall be duly executed by the party guaranteeing for the price demanded. The contractor is also bound with the contractor in the sum of two thousand dollars for the due performance of the contract.

Printed forms of tender and guarantee may be obtained at the Post Offices above named, or at the Post Office Department, Ottawa.

The lowest or any tender will not necessarily be accepted.

WILLIAM WHITE, Secretary.

Post Office Department, Canada, Ottawa, 1st October, 1885.

IT LEADS ALL.

No other blood-purifying medicine is made, or has ever been prepared, which so completely meets the wants of physicians and the general public as

Ayer's Sarsaparilla.

It leads the list as a truly scientific preparation for all blood diseases. If there is a lurking taint of Scrofula about you, SCROFULA AYER'S SARSAPARILLA will dislodge it and expel it from your system.

For constitutional or scrofulous Catarrh, CATARRH AYER'S SARSAPARILLA is the most effectual remedy. It has cured numerous cases. It will stop the nauseous catarrhal discharges, and remove the sickening odor of the breath, which are indications of scrofulous origin.

"Hutto, Tex., Sept. 28, 1882. At the age of two years one of my children was terribly afflicted with ulcerous running sores on its face and neck. At the same time its eyes were swollen, much inflamed, and very sore. Physicians told us that a powerful alterative medicine must be employed. They united in recommending AYER'S SARSAPARILLA. A few doses produced a perceptible improvement, which, by an adherence to your directions, was continued to a complete and permanent cure. No evidence has since appeared of the existence of any scrofulous tendencies; and no treatment of any disorder was ever attended by more prompt or effectual results. Yours truly, B. F. JOHNSON."

THE IMPROVED Model Washer and Bleacher

ONLY WEIGHS 6 LBS. Can be carried in a small valise.

Pat. Aug. 2, 1884. C. W. Dennis, Toronto.

SATISFACTION GUARANTEED OR MONEY REFUNDED.

\$1,000 REWARD FOR ITS SUPERIOR. Washing made light and easy. The clothes have that pure whiteness which no other mode of washing can produce. No rubbing required—no friction to injure the fabric. A ten-year-old girl can do the washing as well as an older person. To place it in every household, the price has been placed at \$3, and if not found satisfactory, money refunded. See what *The Baptist* says: "From personal examination of its construction and experience in its use we commend it as a simple, sensible, scientific and successful machine, which surpases in doing its work admirably. The price, \$3, places it within the reach of all. It is a time and labour-saving machine, is substantial and enduring, and is cheap. From trial in the household we can testify to its excellence." Delivered to any express office in Ontario or Quebec, charges paid, for \$3.50.

FOR

HOT WATER

HEATING

BOILER!

Every Boiler Guaranteed.

MANUFACTURED BY

E. & C. GURNEY

COMPANY,

TORONTO.

THESE BOILERS

Are not only the cheapest manufactured, they are the best and simplest, being easily operated by any one competent to care for a hall stove.

We Solicit Examination by the Trade.

We call attention particularly to the construction of FIRE POT. It will be noticed by an examination of the engravings that between the fire and the iron containing the water there is a lining of brick, by the use of which we obtain a perfectly bright fire on the outer edge as well as in the centre, which is the great defect in all other Boilers.

HEATING SURFACES.

On examining the engravings it will be observed that the products of combustion, gases, heat, etc., after leaving the fire pot section are carried through a number of tubes into an expansion chamber, where, striking the bottom of the next section above, they spread to find their exit through another series of tubes to another expansion chamber, where they are spread as before, thus striking successively the bottom surfaces of five sections before reaching the final exit at the pipe leading to the chimney flue.

It will be at once conceded that heat applied in this way is much more effective than though applied to the side surface of cast or wrought iron pipe, a familiar illustration of this will be afforded by suggesting the relative value of fire applied to the bottom of a tea-kettle or to its side.

Write for circulars, and please mention this paper.
