A BRIDE'S CONFESSION
"Yes, dear, I am married, and I am keeping house in the loveliest flat on 6th St. Well, you would get tired of something like that, you know, had for some time been very delicate, and Dr. Heavyfoot told mamma that he feared I was dying. I was poor, dear sister Belle, who died three years ago from a wasting disease. George was almost crazy when mamma told him that she was to do so, and I nearly cried my eyes out. I thought that I should be hateful Nelly Park, say to her mother, 'I think that George Blauvelt is just the man for anything, and when the girl is not engaged to him, and they say she is dying of a galling cough, and I told her to marry him, and become Mrs. George Blauvelt; now just you wait and see.' This spring I noticed George as usual to be almost resigned to the idea that we should be married, and the thought that this dear little boy might get him after all, drove me crazy. I read the testimony of Lawyers Howe and Hume, I saw the wonderfully investigating effect of Dr. CAMPBELL'S AISENIO WAFERS, and I resolved to try what they would do for me. I commenced their use on the 4th of July. George had just called for Kuropon business for his firm. On Sept. 18 he returned. I was, from the use of the Wafers, by that time again a well woman, and so surprised was he with my healthy and robust appearance that he treated me as if I had the very next day. I could not say him nay, and, as you will see by my card, I am now Mrs. George Blauvelt. Do call upon me at the Intimere George to you, I am sure you will like him, he is so handsome, and as good as he is handsome. Good-by; be sure not to forget."

THE DEY OF ALGIERS!
The SHAH OF PERSIA and the SULTAN OF TURKEY and MOROCCO now FATTEN and BEAUTIFY their bodies exclusively on DR. CAMPBELL'S AISENIO COMPLEX WAFERS. So great is the demand for these marvellous Wafers that their manufacture is continued day and night.
"The Shah found his harem in a state of disorder on his return to Persia."—N. Y. World, Oct. 12, 1889. Reason—Their supply of CAMPBELL'S WAFERS was exhausted.
ILLUSTRATIVE of the desirability of a certain amount of Plumpness, rumour has it that the above distinguished Oriental Potentates make it a practice to weigh their wives regularly once a month, precedence in rank and imperial favour being accorded to the wife possessed of the greatest number of pounds avoirdupois.

Coughs, Colds, Croup.
Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system; Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs. ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.

Household Hints.
BEER JUICE.—Cut a pound of tender round, using only the lean, into inch pieces. Broil a minute or a minute and a half over a quick fire. Press the meat in a meat or lemon squeezer, having the dish which receives it warm, and set in hot water until all the juice is out of it. Add a little salt, if desired, and give the juice to the patient while it is still warm. This is excellent for convalescents and for those engaged in exhausting brain work.
BROWN'S BRONCHIAL TROCHES give prompt and effectual relief in all Throat troubles. Mr. Amos R. Peachy, Hungerford, Berkshire, England, writes: "Change of climate (from South Africa) nearly cost me my life, as it produced the greatest prostration from Ulcerated Throat and Bronchial Inflammation. My friends are astonished at the remarkable change in my health from the time I commenced using BROWN'S BRONCHIAL TROCHES."
FRANKLIN CAKE.—Mix together a pint of molasses and half a pint of milk, in which cut up half a pound of butter. Warm just enough to melt the butter and stir in six ounces of brown sugar, adding three table-spoonsful of powdered cloves and a grated nutmeg. Beat seven eggs very light, and stir them gradually into the mixture, in turn with a pound and two ounces of sifted flour. Add the grated peel and the juice of two lemons. Stir very hard. Put in buttered tins and bake in a moderate oven.

WORM CAUSE NERVOUS SICKNESS. Dr. Low's Worm Syrup destroys and expels all kinds of worms quickly and surely.
DON'T POUR BOILING WATER.—Boiling water should not be poured over tea trays, japanned goods, etc., as it will make the varnish crack and peel off; have a sponge wet with warm water and a little soap, if the tray be very dirty, and rub it with a cloth; if it looks smeary, dust on a little flour, then rub it with a cloth. If the tray gets marked take a piece of woollen cloth with a little sweet oil, and rub on the marks.

Horstford's Acid Phosphate
For Weakness, Hysteria, and other diseases of the nervous system.
CORN CAKE FOR BREAKFAST.—Beat together one egg, two table-spoonsful of sugar, two of melted butter, one half teaspoonful salt, two teacupsful cornmeal, one table-spoonsful flour, one teacupsful cream of tartar, mixed with the dry meal and flour, half teacupsful soda and two teacupsful of sweet milk. Dissolve the soda in the milk and add last. Bake in a shallow tin pan about fifteen minutes in a well-heated oven.

AMOS WOOLLY, M.D. of Kosciusko County, Indiana, says: "For three years past I have used Allen's Lung Balsam extensively in my practice; and I am satisfied that there is no better medicine for lung disease in use. To PREVENT MOths.—A small piece of paper or linen moistened with turpentine, and put into the wardrobe or drawers for a single day two or three times a year, is a preventive against moths.
FOR BILIOUS COLIC.—Take freely soda and ginger in hot water.

PALE, WEAK WOMEN need a tonic, strength-giving, health-building medicine like Milburn's Beef, Iron and Wine.
DELICATE CAKE.—Three-quarters cup butter, two cups sugar, one-half cup milk, three cups flour, one one-half teacupsful Cleveland's Superior Baking Powder. Whites of eight eggs or whole of five. Flavour.
CREAM CANDY.—One pound of granulated sugar, one teacupsful of cream of tartar, one table-spoonsful of soda, one half tumbler of cold water, one teacupsful of vanilla. Boil until it threads, pour on greased plates to cool.

FOR NAUSEA.—A little pounded ice laid on the back of the neck, it is said, will allay nausea.
J. B. MASON, Providence, R. I., suffered with pneumonia, accompanied with a dry cough, hoarseness and entire loss of voice. Physicians afforded him no relief. WISTAR'S BALM OF WILD CHERRY cured him, and he says it saved his life.
MACAROON CUSTARDS.—Arrange two or three macaroons in each of a set of china custard cups; make a custard of a quart of milk and the yolks of six eggs, with sugar and a pinch of salt. Flavour with bitter almond, fill up the cups and bake, setting them in a dripping-pan half filled with water. When set, cover with a meringue made of the whites of the eggs with a cup of powdered sugar, and bake lightly.
