

Delicate and Feeble Ladies.

Those languid, tiresome sensations, causing you to feel scarcely able to be on your feet; that constant drain that is taking from your system all its former elasticity; driving the bloom from your cheeks; that continual strain upon your vital forces, rendering you irritable and fretful, can easily be removed by the use of that marvellous remedy, Hop Bitters. Irregularities and obstructions of your system are relieved at once, while the special cause of periodical pain are permanently removed. None receive so much benefit, and none are so profoundly grateful and show such an interest in recommending Hop Bitters as women.

FEELS YOUNG AGAIN.

"My mother was afflicted a long time with Neuralgia and a dull, heavy, inactive condition of the whole system; headache, nervous prostration, and was almost helpless. No physicians or medicines did her any good. Three months ago she began to use Hop Bitters with such good effect that she seems and feels young again, although over 70 years old. We think there is no other medicine fit to use in the family. Ready, in Providence.

BRADFORD, PA., May 2, 1877.

It has cured me of several diseases, such as nervousness, sickness at the stomach, monthly troubles, etc. I have not seen a sick day this year, since I took Hop Bitters. All my neighbours use them.

MRS. FANNIE GREEN.

\$3,000 LOST.—"A tour of Europe that cost me \$3,000 done me less good than "one bottle of Hop Bitters; they also cured "my wife of fifteen years' nervous weakness, "sleeplessness, and dyspepsia."

R. M., Auburn, N.Y.

HIGH AUTHORITY.

Hop Bitters is not, in any sense, an alcoholic beverage or liquor, and could not be sold for use, except to persons desirous of obtaining a medicinal bitters.

GREEN B. RAUM, U. S. Com. Inter'l Rev.

SO. BLOOMINGVILLE, O., May 1, '79.

SIRS,—I have been suffering ten years and I tried your Hop Bitters, and it done me more good than all the doctors.

MISS S. S. BOONE.

BABY SAVED!

We are so thankful to say that our nursing baby was permanently cured of a dangerous and protracted constipation and irregularity of the bowels by the use of Hop Bitters by its mother, which at the same time restored her to perfect health and strength.—The Parents, Rochester, N.Y.

SKINNY MAN.

"Wells' Health Renewer restores health and vigor, cures dyspepsia, General Debility, etc."

"We are persuaded that the ancient Hermes with all the subtle art and natural resources of the Alchemists, was a very inferior doctor compared with Mrs Lydia E. Pinkham of Lynn, Mass. As a man may have been after all only a clever practitioner of the Black Art; but we know of no humbug in the pharmaceutical chemistry of Mrs Pinkham's Vegetable Compound.

"MOTHER SWAN'S WORM EXPELLER."

Infalible, tasteless, harmless, cathartic; for feverishness, greenness, worms, constipation, etc."

DR. FOWLER'S Extract of Wild Strawberry will never fail you when taken to cure Dysentery, Colic, Sick Stomach, or any form of Summer Complaint. Relief is almost instantaneous; a few doses cure when other remedies fail.

LOOK OUT FOR FRAUDS!

The genuine "Rough on Corns" is made only by E. S. Wells (Proprietor of "Rough on Rats"), and his laughing face is upon the labels of all the Bottles.

The most miserable mortal in existence is probably the confirmed dyspeptic. The Dock Blood Bitters cure Dyspepsia and all diseases of the Stomach, Blood, Liver and Gall-bladder. Do not trust our word simply but address the proprietors for proof.

DON'T DIE IN THE HOUSE.

"Rough on Flies" Clears out the nose, roaches, bed-bugs, flies, ants, moths, camp-munk, etc. 15c.

W. J. GUPPY, druggist of Newbury, writes: "Dr. Fowler's Wild Strawberry is just the thing for Summer Sickness. I sold out my stock three times last summer. There was a good demand for it. Dr. Fowler's Extract of Wild Strawberry is infalible for Dysentery, Colic, Sick Stomach and Bowel Complaint."

FLIES AND BUGS.

Flies, roaches, ants, bed-bugs, etc. mice, gophers, chipmunks, cleared out by "Rough on Rats" 15c.

Scientific and Useful.

IMPROMPTU MUFFINS.—Put the rings on the griddle to get hot. Mix one cup of wheat flour with one of Graham flour, a little salt, one egg beaten very light and milk enough to make a thin batter. Bake as soon as mixed.

ONE trial of Mother Graves' Worm Exterminator will convince you that it has no equal as a worm-medicine.

CANNING ORANGES.—Canning oranges is growing to be one of the industries of Florida. The fruit is peeled and broken into its natural sections before canning, which is done by a process similar to that used for preserving other fruits, and when taken out is ready for use.

HARD and soft corns cannot withstand Holloway's Corn Cure; it is effective every time.

VINEGAR.—To make vinegar from cider, put a pound of sugar into a gallon jar, filling it up with cider. It must be well shaken, and then left for three or four months to ferment, when it will be ready for use. It must not be tightly corked, but should be covered over with a piece of writing paper pricked.

PLEASANT TO THE TASTE.—Children and persons with weak constitutions have always found great difficulty in taking Cod Liver Oil, and from this fact it has not been universally used, but with Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda, this difficulty is removed. It is so thoroughly digested that you cannot detect the Cod Liver Oil. One physician writes us that it is used almost as a beverage in his family; another person informs us that he had to hide the bottle from his children. For Coughs and Colds, broken down constitutions, and all Lung Diseases, it has no equal.

APPLE MARMALADE.—Pare and core two pounds of sour apples; put them in an enamelled saucepan with one pint of cider and one pound crushed sugar. Cook with gentle heat for three hours, or until the fruit is quite soft; then squeeze it first through a colander, then through a sieve. Sweeten to taste and put away in jars.

M. A. ST. MARS, St. Boniface, Manitoba, writes: Dr. Thomas' Electric Oil is a public benefit. It has done wonders here and has cured myself of a bad cold in one day. Can be relied upon to remove pain, head-aches of various kinds, and benefit any inflamed portion of the body to which it is applied.

New potatoes should be laid in cold water for an hour before cooking. Then scrape off the skin and steam them. They should never be boiled. If you have a quantity to cook, a quick way to peel them is to throw them into a bucket with a good handful of pebbles. Shake vigorously for a few moments, and the skins will all come off.

AMONG the warmest advocates of the use of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure are ladies formerly in delicate health, whose vigour and bodily regularity have been restored by it. Cases of debility of long standing, chronic biliousness, weakness of the back and kidneys, feminine ailments, and obstinate types of nervous indigestion, are overcome by it.

SAUCE FOR MEAT.—Mince an onion; fry it a yellow colour with butter in a stew-pan; pour on a gill of vinegar; let it remain on the fire until a third of it is boiled away, then add a pint of gravy or stock, a bunch of parsley, two or three cloves, pepper and salt; let it boil a minute; thicken it with a little flour and butter; strain it and remove any particles of fat.

C. A. Livingstone, Plattsville, Ont., says: I have much pleasure in recommending Dr. Thomas' Electric Oil, from having used it myself and having sold it for some time. In my own case I will say that it is the best preparation I have ever tried for rheumatism.

HOW TO COOK POTATOES.—Old potatoes should never be pared before cooking. The most nutritious portion of the potato lies immediately underneath the skin, and this is generally all pared away through ignorance, leaving the watery part. A small slice should be first cut from each end, as this lets the water out, and the potatoes then put into cold water and allowed to heat slowly. They should boil as slowly as possible until done. Then throw off the water, lift the lid for a few moments and serve.

MR. HENRY MARSHALL, Rec. of Dunn, writes: "Some time ago I got a bottle of Northrop & Lyman's Vegetable Discovery from Mr. Harrison, and I consider it the very best medicine extant for Dyspepsia. This medicine is making marvellous cures of Liver Complaint, Dyspepsia, etc., in purifying the blood and restoring manhood to full vigour."

Words of the Wise.

PURITY should keep the door of all our thoughts.

As we are not allowed to be idle in this world and to do nothing, so we are not allowed to be wilful and to do what we please.

It was Fuller who said: "He that spends all his life in sport is like one who wears nothing but fringes and eats nothing but saucers."

The interview is getting to be a synonym for the rack, or the thumbscrew, or whatever indicates nice cruelty or severe infliction.—Standard.

LONGFELLOW tells us that "Love keeps the cold out better than a cloak." In that case there are some married people whose teeth are chattering.

He that has a good God, a good heart, and a good wife to converse with, and yet complains he wants conversation, would not have been easy and content in paradise.

PEOPLE are so sadly that they are weary of living, but truth is not in them. In their heart of hearts they are constantly quoting Shakspeare: "O, excellent! I love long life better than figs!"

The Christ whom we preach must be the full Christ of the Gospel—not the ideal, but the historic Christ; not a Christ of one's own invention and handiwork, but the Christ whom the believing Church of all ages confesses and adores as her own.—Van Oosterzee.

BE reserved, but not sour; grave, but not formal; bold, but not rash; humble, but not servile; patient, but not insensible; constant, but not obstinate; cheerful, but not light; rather be sweet-tempered than familiar; familiar rather than intimate; and intimate with very few, and upon good grounds.

No man's spirits were ever hurt by doing his duty. On the contrary, one good action, one temptation resisted and overcome, one sacrifice of desire of interest, purely for conscience sake, will prove cordial for weak and low spirits beyond what either indulgence or diversion can do for them.

"I HAVE had six children, and I bless God for His free grace that they are all with Christ or in Christ, and my mind is now at rest concerning them. My desire was that they should have served Christ on earth, but if God will choose to have them rather serve Him in heaven, I have nothing to murmur at; His will be done."

THERE is no life which in the past has testified to the power and beauty of the Gospel, but what lives to-day and shall continue in our future, unfolding life. There has been no shrinking from duty or sluggishness but what has left its impress on us; and on the other hand, no gift, no act of self-denial, which does not still work in us as a beneficent power.—R. S. Storrs.

REMEMBER the good old rabbi who was ravened by one of his twelve sons saying: "Behold my eleven brothers he sleeping, and I am the only one who wakens to praise and pray." "Son," said the wise father, "you had better be asleep, too, than wake to censure your brothers." No fault can be as bad as the feeling which is quick to seek and speak of other people's wrongs.

Millions of packages of the Diamond Dyes have been sold without a single complaint. Everywhere they are the favorite Dyes.

BE CAREFUL!

The genuine "Rough on Corns" is made only by E. S. Wells, Proprietor of "Rough on Rats," and his laughing face is upon the labels of all the Bottles.

CATARRH OF THE BLADDER. STINGING irritation, inflammation, all Kidney and Urinary Complaints, cured by "Buchupaiba." \$1.

WELLS, RICHARDSON & CO'S IMPROVED BUTTER COLOR A NEW DISCOVERY. For several years we have furnished the Dairywomen of America with an excellent artificial color for butter, so meritorious that it met with great success everywhere, being the highest and only prize at both International Dairy Fairs. But by patient and scientific chemical research we have improved the several points, and now offer this new color as the best in the world. It Will Not Color the Buttermilk. It Will Not Turn Rancid. It is the Strongest, Brightest and Cheapest Color Made. And, while prepared in oil, is so compounded that it is impossible for it to become rancid. BEWARE of all imitations, as all other oil colors, for they are liable to become rancid and spoil the butter. If you cannot get the "Improved" write us to know where and how to get it without a cent's expense. WELLS, RICHARDSON & CO., Burlington, Vt.

THE CATHOLICITY OF THE Presbyterian Church, By Rev. Professor Campbell, M.A., Presbyterian College, Montreal. It is well reasoned throughout, contains passages of great eloquence, and proves its author to be a master in Ecclesiastical History. It is in the form of a neat little Pamphlet of thirty-two pages, being the first of a series of "Tracts on Presbyterian Topics" which the Publisher intends giving to the world, and we must say that he has made a good beginning.—CANADA PRESBYTERIAN. Price 5 cents, or \$1 per dozen. Mailed in any ad dress, postage prepaid on receipt of price. C. BLACKETT ROBINSON, Jordan Street, Toronto. Publisher.
