

"Have You a Little 'Fairy' in Your Home?"

BIG and little folks soothe the weariness from the work or play of the day, and invite healthful, restful slumber, when the bedtime bath is with Fairy Soap.

FAIRY SOAP

is so clean, sweet and pure — and cleansing withal — that when you once try it you never will be without it for toilet and bath for the whole family. The oval cake fits the hand and floats where you can reach it. It wears down to the thinnest wafer — economical.
