6 Per Cent. and Safe

Don't be satisfied with 3 per cent. interest when you
can put your money out to work where it will earn
6 per cent., and be safe, too.

We have in mind two particularly attractive 6 per
cent. Bonds—in both instances the principal is amply
secured, the Companies issuing them have an excep-
tionally well established business, the earnings are
showing good increases over previous years and are
much more than the amount necessary to pay the
interest on the bond issues.

Drop us a line, just say, "Give me particulars of the
6 per cent. Securities mentioned in your advertise-
ment in The Monetary Times," and we will tell you
why they are safe, and a lot of other information you
should know about them.
