

little business doing. Our New York advices report liberal receipts there, and that large quantities have been taken for shipment at 10 to 10½c. greenbacks. In other provisions there is little to notice. Tallow is worth 7½ to 8c. Wool is firm and tending upwards; buyers pay 38c. for all that arrives whether large or small lots.

**FLOUR.**—The market has ruled dull, with a preponderance of sellers, and since the decline in Liverpool reported on Friday, considerable concessions have been demanded with some business at the reduction. A week ago a lot of fresh ground superfine sold at \$5.10, at an outside point, and afterwards another lot at \$5.00. Fancy sold at \$5.10, and old ground superfine at \$4.75. We quote superfine to-day at \$4.75 to 5, fancy nominally at \$5.10, spring extra at \$5 to \$5.10, and extra at \$5.25 to \$5.30. The former rate was offered and refused on 'Change per 100 brls. Oatmeal—100 brl lots could be had at \$5.70; small lots \$5.75 to \$6. Bran \$16 per ton here.

**WHEAT.**—The demand has been very light and only for car loads of spring for immediate use. On Thursday three cars of No. 1. spring sold at \$1.10 f.o.c., and 2,000 bushels and a car load of No. 2 at \$1.05 f.o.c. On Friday two or three cars of No. 2 sold at 95c. to \$1; also a car of new white, of a good sample, at \$1.05. New white wheat has been offered nearly every day since in carloads at \$1.10 with no higher bid than \$1.05. There was a sale to-day of one car of No. 1 spring at \$1.13 f.o.c., but more was offered at \$1.12 without buyers. Three loads of new Soules sold on the street market at \$1. **Barley.**—Some waggon loads of new sold at 63 to 66c.; 75c. is offered for Peas. Canadian oats are worth about 49c. in carloads; Western, 47c.; the latter not in much demand. Hay \$20 per ton, ranging from \$16 upwards. Straw scarce, worth about \$13.

#### THE EQUITABLE

Life Assurance Society.

From the Daily Telegraph June 10.

It would be impossible for any one at all conversant with the feelings of the Canadian people to mistake the fact that there exists a strong attachment in favor of Home Life Insurance Companies. This arises not from any feeling that they are sounder, or more liberal in their dealing with the assured than the Foreign Companies, but because their assets are in the country and subject to the control of our laws, and the jurisdiction of our courts. It is felt, too, that the deposit required by the present Insurance Act is not graduated according to the liabilities of Foreign Companies, but is arbitrary and fixed, the amount of deposit being the same for all Companies, and hence having no relation to the liabilities they are intended to secure. This state of facts is fully recognized by the intelligent management of the "Equitable," and seeing the justice of this view, they have resolved to secure Canadian policy-holders beyond the possibility of loss by depositing in this country the full amount of their insurance fund! that is, a sum which, in case of such an almost unimaginable possibility as the failure of the "Equitable," would be accepted by any other Company as compensation for assuming the entire responsibility of paying off these risks at maturity. Such a step makes the Equitable substantially a Canadian Company, with the additional advantage of the strict and careful supervision of the State laws of New York and Massachusetts, which are enforced over all American Co's. The premiums are invested here where the risks are taken, and hence the money does not go to diminish the floating capital of the country. This wise arrangement must tend greatly to increase the popularity of the Equitable in this country and to extend its business.

We publish below the letter of the 2nd Vice-President to Mr. R. W. Gale, the talented and energetic manager of the society for the Dominion of Canada, as to their determination to make this voluntary deposit. Mr. Geo. B. Holland of this city, an old and respected citizen, the representative of the Equitable in the Province, and is now organizing agencies throughout Ontario, and has openings in unrepresented districts for energetic agents, and for a few gentlemen of experience to act as special agents, to whom liberal inducements will be offered.

Branch Office of the Equitable Assurance Society of the United States, 198 St. James St., adjoining Molson's Bank.

MONTREAL, 5th JULY, 1871.

Geo. B. HOLLAND, Esq.,

General Agent for Ontario of the Equitable Life Assurance Society, Toronto.

DEAR SIR,—I enclose a copy of letter received from J. W. Alexander, Esq., 2nd Vice-President, to the effect that the society have determined to keep in Canada always a deposit sufficient to reinsure all Canadian risks. This will forever set at rest the question raised by some parties as to the protection of Canadian policy holders, so far as the Equitable is concerned, and virtually make the Equitable a Home Company in Canada. You will therefore give this the necessary publicity, and notify your sub-agents of this important voluntary step on the part of the society.

Your obedient servant,

**R. W. GALE,**

Manager for Dominion of Canada.

Office of the Equitable Life Assurance Society of the United States, 120 Broadway.

NEW YORK, June 9th, 1871.

**R. W. GALE, Esq., Manager,**  
198 St. James Street, Montreal.

DEAR SIR,—After much deliberation and careful examination of the subject, we have determined whether the Government of Canada require it or not, to keep a deposit in the Dominion of Canada always sufficient to reinsure the Canadian risks on the basis of the New York State Tables, at 4½ per cent. interest.

Yours truly,

**J. W. ALEXANDER,**  
2nd Vice-President.
