ANOTHER BUBBLE MEETS ITS DOOM

North Riverdale Ratepayers Did Not Meet Last Night—Had No Intention.

NEW CHORAL SOCIETY

Contractor's Shanty Burned Down—All Hydrants Were Frozen.

The announcement in an evening paper that Dr. E. A. McDonald had called a meeting of the North Riverdale ratepayers last night was entirely incorrect. It was also stated that the main discussion would be regarding the annexation of the district north of Danforth, and questions would be asked as to who put up the money to hire the canvassers who took round the petition in Cedarvale and Tordmore and also regarding the financial standing of the association.

In conversation with The World last night Dr. McDonald said that there had been no public meeting called, but an executive was held last night in one of the members' residences at which the question of annexation was not brought up at all, nor were any of the questions raised that were mentioned in the report.

"For some time past," said the doctor, "the telegram has been circulating regarding the actions of the association which have been entirely misrepresented."

Shanty Burned. The watermen on the Danforth sewer were away from their shanty at the corner of Coxwell and Danforth streets at 6 a.m. Monday morning, and out and burnt it to the ground, doing damage to the extent of \$50. The cabin was the property of the J. H. McKnight Construction Co. Had the blaze occurred at a residence the result would have been the same, as the hydrants were all frozen.

New Choral Society. The choir of Woodgreen Methodist Episcopal church has made excellent progress during the past three years. The membership has increased to such an extent that it was decided to form a choral society, the members of which took their place on Friday night.

WYCHWOOD. The complaint of the Bathurst Hill Ratepayers' Association against the action of the Davenport Street Railway in placing their waiting room across the sidewalk on the west side of Bathurst has fulfilled its object in securing proper accommodation for pedestrians. The commissioner of works has promised to build a temporary sidewalk around the building, Messrs. Dinwoody, Warren and Brown have been appointed to represent the Bathurst Hill ratepayers on the civic guild conference.

The family of E. Lee, Rockvale avenue, lost all his belongings in a fire which completely destroyed the home. Fortunately no member of the family was in the house when the fire occurred. The father, mother and eldest daughter were at work, while the three younger children were at school. Prompt action by some neighbors prevented the fire from spreading to the dwellings close at hand.

RUNNYMEDE. There was considerable discussion at the meeting of the Liberal-Conservative Association in Cook's Hall, regarding the appointment of a special committee to a place on the staff of the postoffice. It was thought necessary by what had been said in Ward Seven to write the authorities to the effect that Mr. Cope-land was a member of the association in good standing, endorsed by the Runnymede Association, and should be given the appointment.

The association placed itself on record as disapproving of the action of the Dominion Government in awarding a contract of \$500,000 to build a ferry steamer to a firm outside Canada.

A delegation comprising Messrs. Woolner, Raybould and McQueen, was appointed to attend the West York Conservative Association's annual meeting.

CHICKEN FOR BERLIN. There were not many parcels of food stuffs in evidence, such as marked the opening of the system in the United States, where it was hailed as a means of reducing the high cost of living, by bringing customers and produce closer together. For the present not much in the line is expected from the Canadian system until the rates, zones, and weights are adjusted. The first article of food which is dressed chicken, addressed to Berlin.

There was very little parcel post matter on the morning trains arriving in the city, as the system did not officially open until the afternoon trains. However, brought in a goodly number of parcels from the outlying districts, especially from Hamilton and London. Neither in the incoming, nor outgoing mails was there any particular rush, and it is not expected that there will be until the weight allowance is increased to eleven pounds, but those parcels which are being sent are being handled very little difference between the new and the old system. The procedure in each is practically the same.

Everything in connection with the new system was conducted smoothly on the first day of its existence. Three deliveries were made in the city yesterday, and they were practically on time.

NORTH TORONTO. St. Clement's Old Boys will hold their annual dinner in the Woodbine Hotel, King street, this evening. The principal speaker will be the Rev. Canon, Nova Scotia. The Rev. Dr. Sweeney, bishop of Toronto, is expected to be present.

TORONTO SYMPHONY ORCHESTRA HELPED TO MAKE CONCERT A SUCCESS.

By a Staff Reporter. HAMILTON, Feb. 10.—Tonight's performance of Handel's "Messiah" by the Elgar Choir and the Toronto Symphony Orchestra, in the Opera House, served to emphasize the high standards set by Bruce A. Carey, the conductor, and to uphold the reputation of the choir as an upholder of the highest standards of artistry and execution and sterling quality of music, precision and taste.

Several old cases of child neglect were discussed, and attention was given to the work of the Toronto branch of the movement, which was only a few days under its care.

ASQUITH MUST GO THROUGH COUNTRY. (Continued From Page 1). That the good-will and co-operation of men of all parties and creeds may heal the dissension and lay the foundations of a lasting settlement.

A Brilliant Scene. The scene in the lords was brilliant in the extreme and in the common decorous. The appearance of the assembly gave no indication of the passions surging in the opposing sides, or that the session so quietly conducted might lead to events little short of civil war.

Despite the conciliatory tone of both Premier Asquith and Lord Morley, small hope was felt in the lobby of parliament tonight that the settlement of the home rule question would be reached by consent. The ministers' attitude clearly shows that the government will neither consent to appeal to the country nor accept a solution in the exclusion of Ulster from the operation of the bill.

Must Exclude Ulster. The Right Hon. Austen Chamberlain, in his speech, declared that the opposition will accept nothing less than the exclusion of Ulster, unless the government agree to an appeal to the country. He declared in his speech in the house of commons that the exclusion of Ulster was the only possible basis for a settlement by agreement.

It is evident, however, that the crisis which has been threatening has been postponed for several weeks. Premier Asquith declines to divulge the proposed concessions at the present stage, on the ground that the opposition would only use the knowledge as a lever to secure still greater concessions. Apparently the government proposal will be something in the nature of Sir Horace Plunkett's plan, but will not be announced until the bill is again submitted to the house.

Sir Edward Carson, the Ulster Unionist leader, referring in the lobby to the premier's speech, said: "It carries us no further; it is simply marking time. There is nothing that should induce the Ulster covenanters to delay their preparations for resisting home rule."

Other Unionist members of parliament expressed their strong disapproval of Sir Horace Plunkett's suggestion that Ulster should consent to come under the bill, with the option of passing out after a certain number of years.

In the house of lords Baron Middleton moved an amendment to the address similar to that moved by Walter Morley, in reply followed the same lines as the premier.
